Oh You Kid.

Boastful Patriots.

Republican newspapers and spellbinders have been caught in their own net through the premature boasting of larger receipts from the tariff duties. That carefully concocted declaration of the Republican Ohio says that the Payne tariff law has justified the expectation of its friends by turning a national deficit into a surplus.

Now for the facts: For the fiscal year ending June 30, 1910, there was a deficit over all receipts of \$25,884,000, that included \$34,000,000 expenditures on the Panama

Canal, which if excluded from the fiscal year of \$9,402,000. But if the new corporation tax receipts of \$17,362,000 are deducted, and it is virtually being held in escrow until the Supreme Court decides on its constitutionality, the deficit would be that much increased.

Since the new fiscal year began on July 1st to the end of that month there has been deficit of \$9,593,756.58, and there is a further deficit on account of the Panama Canal of \$4,440,241.26, and a total deficit of all disbursements over all receipts of \$14,033,997.84. It is a fact that the month of July generally shows a deficit, because the appropriations for the new fiscal year become available; but the deficit would be much larger if it were not for the revenue from the corporation tax, and the Taft administration would be facing a bond issue or a resort to certificates of indebtedness. It is no secret in Washington that the condition of the National finances is a source of worry to the treasury officials, and it is expected that the receipts from the tariff duties will not fulfill the Ohio platform.

Our boys played good ball and showed up well against such a strong team. We can boast of having the best home team in the State.

A Card of Thanks.

We take this delayed opportunity of thanking our neighbors and friends for their much appreciated kindness toward us during the illness of our babies, both of whom were tenderly nursed by them till death claimed them. May God sustain you as He has us, should you be called on to drink such cups of bitterness.

Yours most sincerely,
MR. AND MRS. W. H. FULLER.
