CRUDE THOUGHTS FROM THE EDITORIAL PEN

A man builds a bridge and he is a great man. Another man puts up a cathedral and he is a great man. But he who gives a man an idea which changes his life for good is the greatest of all.

TRUTHS.

The post of honor is the post of duty.

Let nothing be undone which ought to be done.

Small profits, little risk; large profits, great risks.

The best kind of a picnic is a pick at Old Nick.

Something wrong when a man is afraid of himself.

Honesty is a better capital than a sharper's cunning.

Whose credit is suspected is not safe to be trusted.

A true man never frets about his place in this world.

Employ no one to do what you can easily do yourself.

Better to die at the post of duty than to live elsewhere.

BITS OF WISDOM.

There is no secret of success out work.

The mind of a good man is a kingdom to him and he can always enjoy it.

Many run after felicity like a man hunting for his hat; while it is on his head.

Take pleasure in your work. A task which appears distasteful at first sight soon becomes pleasure.

Endurance is more valuable than cleverness. It is the patient steady plodders who gain and keep fortunes.

When benignity and gentleness reign within we are in least danger from without; every person and every occurrence is beheld in the most favorable light.

A graceful behavior toward others is a constant source of pleasure; it pleases others because it indicates respect for their personality, and leaves tenfold more pleasure to ourselves.

DEAD FAILURES.

The reason we have so many dead failures is that parents decide for children what they shall do, or children themselves, wrought on by some whim or fancy, decide for themselves. So we have now in pulpits men making sermons who ought to be in blacksmith shops making plowshares, and we have in the law those who instead of ruining the cases of their clients ought to be pounding shoe lasts, and doctors who are the worst hindrances to their patients' convalescence, and artists trying to paint landscapes who ought to be whitewashing board fences. While there are others making bricks who ought to be remodeling constitutions, or shoving planes who ought to be transforming literature.

There are children who early develop natural affinities for certain styles of work. When the father of the astronomer Forbes was going to London he asked his children what present he should bring each one of them. The boy who was to be an astronomer cried out, "Bring me a telescope!" And there are children whom you find all by themselves drawing on their slates or on paper, ships or houses or birds, and you know they are to be draftsmen or artists of some kind. And you find others ciphering out difficult problems with rare interest and success, and you know they are to be mathematicians. And others making wheels and strange contrivances, and you know they are going to be machinists. And others are found experimenting with hoes and plow and sickle and you know they will be farmers. And others are always swapping jack knives or balls or

bats and making something by the bargain and they are going to be merchants.

FIGS AND THISTLES.

The eagle does not sing, but it soars.

No man who thinks wrong can live right.

Love will win where gun powder would fall.

The fig tree does not bloom but it bears fruit.

Infidelity cannot point to any fulfilled prophecies.

God's hardest work is to reveal Himself to the sinner.

There is no deed more heroic than to say no to yourself.

God will go where the humblest child is not welcome.

The first prayer was made by the man who had the first need.

A holy life is the best answer that can be made to infidelity.

People are not vain except when they have no knowledge.

There is nothing for which the heart yearns more than sympathy.

The man who turns his back on God turns his back on his own good.

The devil always keeps the hinges of the gate of death well greased.

There are no free passes given on any of the roads that lead to the pit.

The serpent can not fly, but he knows enough to catch birds that can.

The more people need friends the more they will appreciate kindness.

You can not pray for yourself and leave the people you don't like out.

No man ever really prays for anything that he is not willing to die for.

Religion is not something you take home and keep for your own use.

Many men tie their horses carefully, but let their tongues run loose.

The first mile on the road to hell looks as though it led straight to Heaven.

The man who lives to please himself will find that he has a hard master.

This life will mean more when we realize that it is the pathway to the next.

"IN A BAD WAY."

Many a Louisburg Reader Will Feel Grateful For This Information.

When your back gives out; Becomes lame, weak or aching; When urinary troubles set in, Your kidneys are "in a bad way." Doan's Kidney Pills will cure you. Here is good evidence to prove it. D. S. Fuller, Broad Street, Oxford, N. C., says: "For a long time I knew that my kidneys were disordered, this fact being plainly proven by the unnatural condition of the secretions from these organs. They were too frequent in passage, obliging me to rise many times during the night. I had dull backaches and sharp pains through my loins that made it almost impossible for me to stoop or lift. Hearing about Doan's Kidney Pills and being favorably impressed, I procured a box and through their use I was cured. They not only disposed of the backache, but strengthened my kidneys and benefited me in every. I can recommend Doan's Kidney Pills as the best kidney remedy I ever used."

HOW TO CURE RHEUMATISM

It is an Internal Disease That Requires an Internal Remedy.

The cause of Rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an eternal disease and requires an internal remedy. Rubbing with Oils and Liniments will not cure, affords only temporary relief at best, causes you to delay the proper treatment, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure Rheumatism than paint will change the fibre of rotten wood.

Science has at last discovered a perfect and complete cure, which is called "Rheumacide." Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide "gets at the joints from the inside," sweeps the poisons out of the system, tones up the stomach, regulate the liver and kidneys and makes you well all over. Rheumacide "strikes the roots of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50 cts. and \$1 a bottle. In tablet form at 25c. and 50c. a package. For sale by Get a bottle today. Booklet free if you write to Bohitt Chemical Co., Baltimore, Md. Trial bottle tablets 25c. by mail.
