TAR DROPS.

—Tuesday is election day, be sure and vote.
 —Tuesday is election day—get out early and vote.
 —Friday night, November 11th, at the court house.
 —Don't forget Friday night, November 11th at the court house.
 —Don't lose interest but go out and cast your vote whether it is needed or not.
 —You are a part of this government and it is your duty to attend the elections and cast your vote.
 —The man who sees his duty and does it, is the man that is needed always and everywhere.
 —Hon. F. S. Spruill addresses the people of Louisburg township tomorrow. Come out and hear him.
 —If you have any public spirit at all about you be sure and be present at the court house on Friday night, November 11th.
 —It is not the cloth that makes the man, but rather the paper that he reads—and pays for. Your Subscription may be due.
 —Dr. Joel Whitaker, of Raleigh, will be in Louisburg on next Monday. Those wishing to see him will find him at Dr. A. H. Flemings office.
 —The Louisburg Chamber of Commerce will be reorganized on Friday night, November 11th, at the court house, you are especially invited to attend.
 —For a few minutes last Saturday we had a regular snow storm. This is the first snow fall in October in many years and the weather has registered colder for October than in a number years.
 —The hats for ladies come high this fall but most honest and hard-working husbands are under the impression that their wives' hats always came rather high, even when they were low.
 —The "Barbecue" given by Mr. and Mrs. F. W. Justice in honor of Mrs. Tyler Biggs Wheeler on last Thursday October 27th, was very much enjoyed by those who were so fortunate as to be present.
 —Let the men folks put their hats and coats on hooks and their boots, and shoes in place, and not leave them for the women to pick up. Nor bring in tools or rubbish for them to carry out. They have enough work to do, don't make them any more.
 —Hobble skirts are not handsome, comfortable, or attractive except as an object of ridicule. Editors are compelled by virtue of their office to denounce this crazy fashion. The fact that Paris places the blame for this foolish and eccentric style on America and in turn America declares her innocence of such a blunder in aesthetic seems to show that Dame Fashion is completely disgusted and ashamed with her degenerated offspring. No wonder. The idea of the hobble skirt must have originated while Dame Fashion was in a night mare and finally evolved while she was suffering with indigestion.
 —The man who runs a store account several months buying in small quantities, should never go away from the store that accommodated him, in case he should have \$20 or \$50 to spend, and then come home with his purchases and say that he can do better at some other place than at home. It is always to be presumed that a man who is making large cash purchases can drive a closer bargain than one who makes small purchases on time. We do not believe there is a town

anywhere in the state where goods are sold on a smaller margin than in our little city.

—The newspaper man is blamed for a whole lot of things he can't help, such as using partiality in mentioning visitors, giving news about some folks and leaving others out, etc. He simply prints all the news he can find. Some people inform him about such things and others do not. An editor should not be expected to know the names and residences of all your uncles, aunts and cousins, even if he should see them get on or off the train. Tell us about it. It's news that makes the newspaper, and every man, woman and child can be associate editor if they only will. Never apologize when you give this bit of information to an editor, for if there lives one so dead that he has lost his appreciation of such favors he is dead, indeed, to every virtue that imparts value to paper.

HARTS WAREHOUSE

LOUISBURG, N. C.

October 28th—Prices reached high water mark for tobacco at Harts Warehouse this week, all grades from the lowest up to the highest are now selling higher than at any previous time for a number of years. Our advice is to market your tobacco as fast as you can, as there is never a better time to sell than when prices are high. I am not paying, or asking you to pay a lot of drummers to tell you where to sell your tobacco, or to persuade you to sell it where you do not want to, but as a matter of business will guarantee to put more dollars and cents in your pocket for your tobacco than any other warehouseman in North Carolina—qualify considered. Get you a piece of paper and pencil and see if you can count up how many men have been to see you for the past week, trying to persuade you to carry your tobacco to them and if not trying to buy your tobacco at home, what does this mean? Just this, tobacco has gone up, and they think perhaps you are not wise to the fact. Just remember this, that J. R. Collie at Harts Warehouse sells it higher and treats you better.
