Wise old Benjamin Franklin, when he died, willed \$5,000 to the city of Boston. This money was put out at compound interest. One hundred years thereafter in 1893, this \$5,000 and the interest amounted to \$411,745—nearly half a million. Your money will grow if you'll let us keep it for you.

FRIDAY, NOVEMBER 18 1910.

FLYING seems to be getting very fashionable now.

INSTEAD of "Good-bye booze" we can now substitute Butler.

SAY, Colonel, who's looney now? Balwin J. or Roosevelt J.?

THE Lord is on our side, and the people have turned the rascals out. Blessed be Democracy!

BLESSED is the Democracy, it will inherit the earth; as it should so long as it serves the people faithfully.

THANK goodness the fear of another Roosevelt panic has been overcome by the Democratic victory.

HEY there, Teddy! We have beaten you to a frazzle, how do you like it? Who's "knocked over the ropes now?"

THE Hearst and Roosevelt alliance was too unholy to bring success. Not such a "curking time" after all, was it boys?

WHAT will the Republicans do for presidential timber with Taft and Teddy both knocked out by the people on the first round?

THE News-Observer Aviation Meet that took place in Raleigh Wednesday and Thursday seem to have been a great success.

WHEREVER Mr. Roosevelt campaigned he lost votes. Even his own precinct of Oyster Bay went Democratic by a big majority.

A GOOD many high-protection tariff congressmen have been left in their happy homes to reflect upon the ungratefulness of Republicans and their own foolishness.

THAT rancous noise from Sagamore Hill is only the Colonel kicking the door, snapping and grinding his teeth and saying, "crooks," "malefactors," "traitors," etc. etc.

NOTHING can stop the trend towards Democracy, which is world wide. Even China with her new Senate now demands a House of Representatives elected by popular vote.

WE breathe easier now that a new apostle of discord—a panic

breeder, a dangerous disturber and a menace to peace" is retired for a season at least. How do you feel Colonel, since the Democratic donkey kicked you?

THE Republicans have been declaring they are not responsible for high prices, and yet they have always charged the Democrats for being responsible for low prices. It must be a poor rule that works for the Republicans both ways.

FROM some of the reports that are coming in it does not seem like they have stopped voting yet in the north, as the democratic majorities are being made bigger and adding more states to the democratic column.

ANY insurgent who wants to join the Democratic church will be admitted by letter to full communion if he believes that the tariff should be for revenue only; but any stand-patter will have to sit on the anxious seat until he shows works meet for repentance.

IF the Lord had not been on our side when men like Teddy went on the war path, where would we be? If the Lord had not been on our side when most of the Cabinet rose up against us in Ohio, the Democracy would have had the worst of it.

FIVE persons were injured in an automobile accident in Raleigh Wednesday. Two of them are considered serious while the other three are only slightly injured. The car being driven by Mrs. Woolcott, going wild was the cause of the trouble. This however happened after the racing was over.

THANKSGIVING.

Thanksgiving Day will be very duly observed by all good Democrats, as they have much to give thanks for. Mr. Roosevelt's new nationalism—the concentration of great power, which under the Constitution is reserved to the people of the several states—is buried with its author under an avalanche of opposing votes. For such a signal favor, supreme thanks should be given.

THE stand-patters have been defeated and a people's Congress, pledged to tariff revision downward, has been given power to carry out the pledge; for this everyone, high or low, rich or poor, should give thanks.

Honest and patriotic Republicans have helped us Democrats to gain a great victory to the end that equal rights to all and special privileges to none may be the law of the land, and for this both will join in giving thanks.

A GOOD DAY'S WORK.

John A. Dix elected governor of New York, and Teddy laid up for a term of innocuous desuetude.

Judson Harmon reelected governor of Ohio, and the Taft political machine laid up for repairs.

Woodrow Wilson elected governor of New Jersey, and the trust magnates have taken to the woods for fear of dire results.

Simeon E. Baldwin elected governor of Connecticut, and Republican plunderers praying for mercy and promising restitution.

Eugene N. Foss elected governor of Massachusetts, and the rotten Lodge ring sent to the dump pile.

A Democratic House of Representatives elected, and only three months more of standpatism, Cannonism and extravagance.

A Democratic cyclone strikes Illinois and several other states.

A DANGEROUS PROGRAM.

Doctor Schurman, president of Cornell University, says that "he regards Mr. Roosevelt's new nationalism as the most revolutionary and dangerous program any political leader has laid before the American since the close of the civil war." All the presidents of universities and colleges seem to feel about the same way, and the people of the state of New York agree with the professors by 60,000 plurality. President Schurman further says: "The new nationalism spells Caesarism in government and bankruptcy in business; and all that without adding a cent to the income of the wage-earner or any other citizen except the politician and his army of new government officers."

Teddy is yet to be heard from, and this fight between the Republican literati and the Colonel may be viewed with composure now that the people have decided that their salvation is to rest on the old Democratic principle: "Equal rights to all, and special privileges to none."

Week of Prayer.

The week of prayer of the W. E. M. S. of the Methodist church will begin Monday, Nov. 21st. Services each afternoon, omitting Thursday, in the Sunday School room, from 3:30 to 4:30 o'clock.
