A Gracious Tribute.
 We appreciate more than we can express the respect and love shown us on November 17th, by the church, school and community in a generous bonding.
 We were sitting by the fire and expecting Mrs. O. Creech and the lady teachers when a tap on the door called me to it, to behold the porch full of people who greeted me, and each one held a bundle, which after being deposited Prof. Creech, in a few well chosen words told us what it meant.
 Yes, wife and I love our home people better than ever, not so much for the intrinsic value of their presents, which indeed were valuable, but for the sentiment and gratitude expressed. God bless you all is our wish for you always.
 May our labors together redound more and more to the glory of God, the good of our church, school and community.
 Sincerely,
 G. W. MAY.

A Good Ruling.
 We publish below a report of the ruling at the Colored Graded school, which will no doubt be an incentive towards making more law abiding citizens among our colored citizenship. It is as follows:
 Oftimes it is little learning that makes the negro youth a menace to society. He must be trained to self respect in the public schools. It is now to be understood that all lawless persons are forbidden on the premises of the negro Graded School day or night. All boys will be required to present card of good behavior before they can enter the building, and this is only meant for the good of the race.
 E. N. DEWY, Prin.
