

THE SECRET OF SUCCESS

is consistency of purpose rather than patient waiting. If you will go at it systematically, consistently and continue with a little fixity of purpose you can soon have a growing bank account. Building a growing account at this bank is helping others to get ahead in the world. Why not give this plan of conserving our income a chance to help you. If you will make the start and stay right with it until you have given the plan a fair trial you will not regret it.

FRIDAY, March 31, 1911.

TAR DROPS.

—And Saturday is April fool.
—March has certainly made good her reputation this year.

—Louisburg has something few other towns can boast of—a negro photographer.

—H. D. Wolcott has leased the Taylor residence on Cedar street, and moved his family there in.

—W. R. Boone, of Cedar Rock township reports the killing of four hogs that weighed 1,104 pounds.

—The good roads election in Sandy Creek township, held Tuesday was lost in a vote of almost two to one.

—Let everybody begin to clean up their premises and lets see if we can't have a more healthy town this summer.

—E. C. Perry has taken a position with the Raleigh Electric Company. He spent Sunday with his people in Louisburg.

—We are requested to announce that the Old Maids Club of Mapleville will give a show at Cedar Rock Saturday April 1st.

—J. W. King informs us that he has shipped over 1350 orders for Kings Improved Cotton Seed to states South of here in the past two weeks.

—A fence is being erected across the front of the old Shaw lot on Main street, occupied by Chief D. C. High. This helps the looks of the place a great deal.

—The attention of our many readers is called to the advertisement of Thurston K. Allen. If you are in the market for a motorcycle you had better see him before buying.

—Several of our people went over to Wake Forest Wednesday to witness the game of baseball between Trinity and Wake Forest. The game resulted in a score of 9 and 0 in favor of Trinity.

—Rev. Thomas L. Frott, of Durham, will hold service with sermon at St. Paul's church next Sunday, and will also administer the Holy Communion. A most cordial and general invitation is extended to the community to attend the services.

—"One day in the Union depot" will be played in the Opera House by local talent, under the auspices of the Daughters of the Confederacy and for the benefit of the Confederate monument to be erected here, in the near future. Make arrangements to attend—there will be a barrel of fun.

—We understand there is a number of little children who have been making sport by breaking out the window lights and otherwise doing damage to the Presbyterian church. This is a matter that should be looked into by someone and the destruction stopped. The little ones who did it no doubt didn't mean any harm but they should be corrected in a gentle way, so they would not interfere with the like again, especially when its a church.

Pocomoke Items.

The memorable Easter tide is drawing near, and it reminds us of how fast we are being hurled into the future by the cycle of time. It seems only a short while since Christmas when we celebrated the birth of Christ, and now, only a few more days we may have the privilege of commemorating his death and resurrection. How swiftly time flies! Many who participated in the enjoyments of last Christmas will not be here to share the pleasures of Easter, but we should keep them in remembrance while we celebrate the festival to the memory of the Crucified One. Should we take notice of these days? We believe it is well for us to, because anything that we do to honor Christ will meet with his approbation. We love to be remembered. We do not soon forget that person who meets us with a smile, speaks a few kind words and wishes us well. We appreciate any little gift from a friend, not so much for the thing itself, but because it shows that we are not forgotten. If we, in our weak and sinful nature, can so appreciate the least token of remembrance, how must the Divine who is all knowledge and goodness, appreciate everything that we do to his memory. Then let us honor him, not only on these festival occasions, but every day that we live, by giving a hearty hand-shake and a smile of good cheer to the weary passer-by speaking gently to the erring and the disheartened, and by helping those who are not capable of helping themselves.

Mrs. Annie Pool, of Raleigh, recently spent several days with her sister, Mrs. Wesley Harris.

We are glad to note that Mrs. Lucinda Jones, who has been in feeble health, is improving.

Mrs. Walter Davis continues to be quite sick.

Gayard Bragg, Cogit and Herbert Holmes, Misses Emma Jones, Sarah Conyers and Zelma Holmes, went from Pocomoke to Mt. Carmel to hear Mr. Wells at his last appointment.

W. J. Jones is remodeling the house occupied by Wesley Harris.

John Pleasant, of Oxford, is visiting in this community.

Miss Lizzie Whitfield closed her school at Pope's last Friday.

If the editor will allow me I will don my entire neck name, which I have borne since early childhood.
DORSE HARRIS.

When you have rheumatism in your foot or instep apply Chamberlain's Liniment and you will get quick relief. It costs but a quarter. Why suffer? For sale by all dealers.

Oak Grove Items.

The farmers around here are catching the "blues" right much on account of the bad weather.

Its a fine little girl and Mr. Lee Hayes is the proud father.

Dr. S. C. Ford visited the Mt. Olive school last Friday and made a nice talk on "the health of the teeth."

It seems that we will all have good roads around here some day.

Little Ora Kearney, accompanied by her cousin, Pearl Haswell, visited

her parents Saturday. Mrs. Kearney gave the children a very enjoyable candy stew on Saturday evening. Quite a number of her friends were present and enjoyed the occasion.
I. O. K.

Troubles of a Standpatter

Senator McCumber of North Dakota, having lost his hold on the farmers by lining up with the standpatters, is trying to show that he is something of a hayseed himself; for he says that it cost him a ton and a half of hay to get a meal in New York City. The waiter evidently saw that he was a "hayseed" and "touched him" for his bundle, for hay is worth \$20 a ton in New York, or was McCumber exaggerating?

Announcement.

Since the organization of the Bunn Drug Co., this is to inform the people of Bunn and vicinity that the doctors will hereafter give prescriptions and not carry drugs around with them. By this means you will get, if possible, better service and have a larger variety of drugs at your service. Your patronage will be greatly appreciated by us.
