

# A Check Account

At a home bank furnishes an incentive for systematic saving. Caring for the account teaches methodical and business like habits; furnishes an absolute and correct tab on income and expenses; gets one in touch with business people and give one a chance to build up a very valuable credit, both with the public and with the bank. There are many other good reasons but these should be sufficient to cause you to start a bank account without delay. We shall be glad to have you bank with us and assure you that your account, whether large or small, will receive our most careful and conservative attention.

### TAR DROPS.

—Who said baseball.  
—Next week is court week.  
—Easter Monday passed off very quietly.

—Two heads are better than one in a barrel?

—What about baseball for Louisburg this year.

—J. W. Hollingsworth has purchased an automobile.

—Lets have bonds for good roads in Louisburg township.

—Other towns are playing ball, is Louisburg going to play ball?

—Automobiles and motor cycles are taking the day around here.

—Closing exercises take place at Bunn High School today and tonight.

—C. K. Cooke is putting a rock curbing around his yard on Church street.

—Quite a number of our people went to Raleigh on the excursion Monday.

—F. R. Pleasant is putting up an awning in front of his drug store on Nash street.

—Aside from special sermons no other Easter services were held at the churches here.

—Let everybody go out and vote for the candidates nominated Tuesday, on the second day of May.

—The only way to make your town move upward is to put your shoulder to the wheel and push.

—Now that the primary is over lets all get to work and see that a big vote is cast for the nominees.

—Do you want a baseball, bat, glove, mitt or mask free? If so write us and we will tell you how to get same.

—It is now time for people to shut up their chickens so their neighbors may be able to make a garden.

—God bless mother-in-law, old maids, small brothers and bald-headed men! The world would be so sad without them.

—Mr. Will X. Coley, the clever representative of the old reliable News Observer was a pleasant visitor in Louisburg the past week.

—Boys that are made of the stuff of which great men are made, are not ashamed to wear father's cast-off clothing out down and made over.

—Baseball seems to be opening up in many towns what about Louisburg? After playing such good ball last year is it possible they will not have a team this year?

—At all feeling that might have been worked up over the primary, pass with the primary, and let everybody go out and vote for the nominees on the 2nd, day of May.

—Our "little men" readers will watch this paper for the announcement of our giving away a lot of baseball goods. You can get you a supply absolutely free if you wish.

—Mr. B. N. Williamson sold "Lunitt" his fine trotting horse in Raleigh yesterday. He will be greatly missed by the lovers of good looking horses in Louisburg.

—We are requested to state that county maps are for sale at the Register of Deeds office. If you have not got one you had better get it before they are all gone.

—Tax Collector D. C. High has been instructed to make settlement for the town taxes at once. If you have not paid yours you had better attend to same at once or your property may be advertised.

—We are requested to state that J. O. Sledge will address the people of Hayesville township at Wynn's School House in the interest of the Farmers Union on Saturday night. Everybody is invited to attend.

—If our local merchants are the right sort of men (and we are positive that they are), give them your patronage. They need your support to succeed, and successful merchants are factors in the prosperity and growth of our town.

—The social aim of the Gospel is not to better the conditions of man, but to assist man to improve the conditions himself. The church is the greatest social institution under the sun and the Gospel contains the principle of all common-sense socialism.

—The following item was intended for our Franklinton Department but was received too late. We publish it here: Mrs. Elanor Duke, and little son Sidney, and her sister, Miss Florence Perry went to Raleigh Monday to see Mr. H. C. Duke who is in Rex Hospital. They report that he was getting on nicely.

—There seems to be a great demand for the current from the power house on dark afternoons to be turned on earlier so that the business houses may have the use of the lights. By doing this it would increase the amount of current used and give better satisfaction.

—"The Four Lessers," a vaudeville company have been giving some very good performances in the Opera House the past three nights. The performances of Master Bertrand and Baby Kathryn Lesser are indeed good. They will show here again tonight and tomorrow night.

### Easter at the College

The college presented a pleasing picture on Monday morning when the girls, each robed in an Easter gown and a picnic hat, assembled on the steps to await the arrival of conveyances to take them to Lovers Leap. The teams came promptly at 11 o'clock and the merriest crowd of young people to be found started out for a day of fun.

The picnic party was chaperoned by Mr. and Mrs. Ivey Allen, and besides the college girls and teachers, there were present Misses Emma McCullen, Louise Allen, Katharine Herring and Cora Adams, visitors at the College, and others who added much to the happiness of the day, though they never were and never can be College girls.

Of course a good dinner had been provided and a gipsy pot supplied hot eggs. Who that has ever been a college girl does not remember with what a relish she ate sandwiches, eggs, cakes, cucumber pickle, etc., at a picnic.

The girls came home wishing that every Monday was Easter, for each declared it to have been the best time of her life.

To Messrs. W. E. White, Jno.

King, D. F. McKinne, William Jackson, Cade Hayes and Dr. D. T. Smithwick were indebted for furnishing the teams that made possible this long to be remembered day at Lovers Leap.

# ICE-CREAM

Ever hear of the small boy who said he didn't know much about freezing ice cream but that he was great on thawing it. Little work or knowledge is necessary to use one of our Ice Cream Freezers. An inexperienced person can make Ice Cream that is deliciously smooth and mellow, and that will fairly melt in your mouth, thus making hot weather a pleasure instead of a discomfort.
