TAR DROPS.

—Next week is the Commencement at the College.

—Commencement exercises today and tonight at the Graded School.

—T. T. Terrell has had a nice awning placed in front of his store on Main street.

—Quite a number of our people went to Moore's pond fishing the past week.

—Read the advertisement of Dr. Francis S. Packard in another column of this issue.

—We learn that Mr. C. P. Harris, of Margaret, lost two fine cows Saturday night by lightning.

—Will Cooke says he is opening a new line samples, and wants you to come and get first pick.

—If you have no real estate or personal property you had better call on your tax assessor at once.

—News was received here to the effect that on Saturday night almost a cloud burst visited Cypress Creek township.

—Supt. J. E. Malone had quite a number of children on the streets observing cleaning up day Monday afternoon.

—The closing exercises of the colored Episcopal school will take place in the Opera House on Monday evening at 8:30 o'clock.

—Quite a number of our people went over to Wake Forest yesterday to attend the commencement exercises of Wake Forest College.

—We have had to throw several good lots of correspondence in the waste basket this week because they did not have the name of the writer enclosed with them.

—The penalty for the violation of any of the laws pertaining to public health is very heavy. Nearly all of these penalties amount to from \$10 to \$50, or imprisonment.

—The person who does not own the property in which he lives has an advantage over the person who lives in his own house. The former can move if he does not like his neighbor, the latter must endure the crankiest crank that fate can produce.

—The man who wants to succeed and to do the greater things of life will be most unmercifully criticized. No matter what you may be doing, there are always some foolish people to condemn you. Never mind them, but go ahead.

—If a householder knows that a person within his family is sick with smallpox, diphtheria, scarlet fever, measles, whooping cough, yellow fever, typhoid fever, cholera or bubonic plague, he shall immediately give notice thereof to the Superintendent of Health.

—There is a strange temptation every time we come across a lot of old clothes in the house to search the pockets hoping to find something valuable. This is what we generally find—some pulverized tobacco and some soiled and worn paper happening to be a bill which we forgot to pay.

—Miss Lola Place, daughter of John Place, died at the home of her grand mother on Main street Wednesday night. She was 24 years of age and leaves father and a number of friends and relatives. Her remains were laid to rest at the Joyner burying ground near town yesterday afternoon.

—Have you any news, tell the editor and he will serve it in a la mode. In case you do not happen to meet him, use the telephone or the mail. You will be helping to make your town paper of greater interest and thereby serve the general community. Whatever news may interest you, must surely interest many others.

—There are very few "House for Rent" signs to be seen in our town. That is a proof of growth and prosperity, but also an indication that more homes ought to be provided for the people who would move here, if houses could be rented. A number of cozy and attractive cottages that can be rented at a reasonable figure is what we need.

—Section 13 of the public health laws is as follows: "If any person, firm or corporation or municipality responsible for existence and continuance of a nuisance after being duly notified in writing by the Superintendent of Health, to abate said nuisance, shall fail to abate the same for twenty-four hours after such notice prescribed he or she shall be guilty of a misdemeanor and shall be fined \$2 per day as long as said nuisance remains.

—Do right and do it right, and don't care a snap what others will say or do. Of course, the man who honestly seeks to do right will displease and even offend some, but who are they? A good man, an honest man and a man who has common sense will not be offended at right; or if he is, will soon apologize for his hasty temper. Fraud and hypocrisy may gain a point, but can never hope to enjoy lasting success. What the world needs is men who do right for the sake of right.

Road Trustees Meet.

The Board of Road Trustees for Louisburg township met on Saturday afternoon in the office of Mr. W. H. Ruffin, with all members present. After approving the minutes of the previous meeting the following business was transacted.

The resignation of F. B. McKinne as Secretary and also as member of the Board was accepted. Upon ballot Mr. T. B. Wilder was elected a member of the Board to fill the vacancy caused by the resignation of Mr. McKinne and also to the position as Secretary.

The resignation of C. B. Cheatham was received and Mr. S. S. Meadows was elected to fill this vacancy. T. B. Wilder was elected a member of the Executive Committee to fill the vacancy caused by the resignation of C. B. Cheatham.

The Board directed the issuance of \$20,000 in thirty year bonds at once.

The first Monday in each month was selected as the regular meeting for the Board.

An order placed the management of the Board in the hands of the Executive Committee.

There being no further business the Board Adjourned to its next regular meeting.
