

Cedar Rock Items.

As there has been so much doing on the Rock lately I feel that you should have a statement of at least a part.

There are pretty good times on the Rock now, the farm work is in fine condition with the exception of some land that hasn't been broken and continues too dry to plough.

The showers are sufficient to keep the crops that are up growing, and still not enough to sprout much grass, so it seems quite pleasant to us farmers who for the past two years have had a great deal of trouble with "General Green," although we are anxious for a good wetting rain for the benefit of late crops and pastures.

It has been a settled fact for some time that our folks would marry, as opportunities came along, but it seems that of recently they have been still more in notion than ever, or rather more opportunities have been presented than usual. The fourth Sunday in May, Mr. George Mitchell, of Nashville, took "Miss Mattie Evans over to Spring Hill and failed to bring her back; later it was found that they were married at the home of the groom's brother and departed to Nashville for their future home. Mr. J. B. Fulghum who has been flitting from flower to flower, took him a wife at an unexpected hour. He was married to Miss Jennie Ridout, of Warren county, Saturday June the 3rd. On last Sunday Mr. Peter Dean took Miss Beadie Daniel over to T. W. Stokes and he said a few words that caused Miss Beadie to fail to return to her former home. I will leave it to someone else to give a more descriptive account as I have time only to mention the items.

There was a special school tax election for our district Tuesday which was carried with seven majority. It was a little tight and warm, but education will out, and must be our motto if we keep up with the world. If the sore backs will come over now and work as hard for the school as they worked against the tax we will have one right.

Best wishes for the TIMES.

Mrs. Powell Almost Dead.
Dry Ridge, Ky.—"I could hardly walk across the room," says Mrs. Lydia Powell, of Dry Ridge, "before I tried Cardui. I was so poorly, I was almost dead. Now, I can walk four miles and do my work with much more ease. I praise Cardui for my wonderful cure." Cardui is successful in benefiting sick women, because it is composed of ingredients, that act specifically on the womanly constitution, relieving headache, backache, irregularity, misery and distress. Only a good medicine could show such continual increase in popularity as Cardui has, for the past 50 years. Try Cardui, the woman's tonic.

The Right Way.
The following notice from the Kinston Free Press is reproduced to illustrate what we think is the proper way to handle the smallpox situation where the local authorities are afraid to pass a compulsory vaccination ordinance.

SMALLPOX IN TOWN.
We hereby give notice to the citizens of Kinston that Rev. Mr. A. H. Butler, residence Tower Hill road, has smallpox. The last legislature repealed the quarantine law as to smallpox and made no provisions for free vaccination. The law was repealed at the suggestion of the State Board of Health, the reasons being—first, that the cost of quarantine was too great, the same costing the State over one hundred thousand dollars a year; that quarantine gave to those who did not care to protect themselves by vaccination a feeling of security. It has been demonstrated hundreds of times and in hundreds of places that vaccination secures immunity from smallpox. A well cared for vaccination gives the individual very little inconvenience. All those who

desire protection can get it. Those who do not can take their chances. (Signed) A. L. Hyatt, City Physician.

Now, suppose that among the 7,000 people living in Kinston there is an unvaccinated population of 2,000, knowing that the 2,000 unvaccinated people are in the first place alone responsible for smallpox in Kinston—for Kinston's trouble; suppose further that on the appearance of the disease the town government quarantined it and notified the people that the quarantine was effective, and that they could remain with safety under present conditions, do you think that they could remain with safety under present conditions, do you think that there would be likely to be as marked a reduction in the unvaccinated population, that is, in the smallpox liability of Kinston, as will be the case following the public notice as above given? Do you think that a population, who are sure of their safety, are likely to take the precautions that a population sure of their danger would adopt? In other words, in a smallpox epidemic their safety breeds indifference to vaccination, a public notice of danger arouses the exposed to protect themselves; to get vaccinated, and, thereby, reduce the unvaccinated population and minimize the smallpox liability of the community.

Conclusion: Compulsory vaccination by preference; but quarantine of smallpox never.

By order of the Chairman of the Board of Health of Franklin county.

OVERTAXED
Hundreds of Louisburg Readers Know What it Means.
The kidneys are overtaxed; Have too much to do. They tell about it in many aches and pains—
Backache, dizziness, headache. Early symptoms of kidney ills. Urinary troubles, diabetes, Bright's disease follow.

The statement below shows you what to do.
Joseph E. Pool, 223 S. Person St., Raleigh, N. C., says: "The public endorsement I gave Doan's Kidney Pills almost three years ago was correct in every particular. I cannot speak too strongly of this remedy in view of what it has done for me. It is the best preparation to be had for lame and weak back and I would not be without a supply on hand. I have procured Doan's Kidney Pills and have taken them whenever my back or kidneys have bothered me. Relief has always followed in a short time, at the present I am in good health. I have often recommended Doan's Kidney Pills to my friends."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., New York, sole agents for the United States.

A Welcome Change
Smoke curling up from the farmhouse chimney as the men are coming in from the fields, gives a pretty suggestion of a good supper and a comfortable home. But it also means a hot, tired woman, working hard over a blazing fire.
Your wife can escape this with a New **Perfection Oil Cook-stove.**
A New Perfection keeps a kitchen many degrees cooler than any other range, yet it does all a coal or wood range can do. It saves time, labor and fuel. No wood to cut; no coal to carry; no ashes; no soot. With the New Perfection oven it is the best cooking device you can find anywhere.
Made with 1, 2 and 3 burners, with long, turquoise blue enameled chimneys. Hand-painted finish throughout. The 2 and 3 burner stoves can be had with or without a cabinet top, which is fitted with drop shelves, towel racks, etc.
Dealers everywhere or write for descriptive circular to the nearest agency of the **Standard Oil Company** (Incorporated)
