

Gold And Gray.

They whisper in true love,  
Fair youth and bride.  
They sing of their new love,  
And age deride;  
But I to my old love write this rhyme—  
To my old love, safe from the traitor  
Time!  
Our hair is all gray, dear,  
While theirs is gold;  
They dance through their May, dear,  
While we are old!  
They live for tomorrow, its joy—or de-  
feat—  
But we have our yesterdays, mellow  
and sweet!  
They burn in the beauty  
Of ardent spring,  
Nor vision the duty  
Of harvesting!  
To them age is failure, the breath of  
decay.  
Yet in December remember our May!  
—Elizabeth Newport Hepburn.

AMERICAN TOBACCO CO., LOSES.

The \$1,200,000 damage suit against the American Tobacco Company instituted by the Ware-Kramer Tobacco Co., which has been in progress in Raleigh four weeks up to last Saturday night was ended yesterday morning when the jury rendered a verdict of \$20,000 damages against the defendant. Under the ruling of the law this verdict will give to the plaintiffs \$60,000.

This has been a long, hard fought case on both sides, and although the verdict is small as compared with the amount sued for it has evidently been proven that the defendant is a trust in restraint of trade.

LET'S have the ice plant.

Go to work for the ice plant.

RALEIGH seems to be face to face with a water famine.

DON'T lose sight of the fact that we want a market house.

It seems as if they went after Ser. Simmons, on last Monday.

LET everybody take a hand in the establishing an ice plant for Louisburg.

THERE seems to be a difference of construction between Senator Simmons and Chairman Eller.

JUDGING from reports the Durham city authorities will have the city water boiled as a preventive of typhoid fever.

JUDGING from the appearance of the water Wednesday the city authorities are supplying its customers with "soda water."

HENDERSON was visited by a storm on Wednesday but we are not informed as to whether any damage was done or not.

JOHNSTON county, in its report to the Corporation Commission, shows an increase of \$3,000,000 in the valuation of its property.

THE report of deaths for New York for the week ending Monday, July 10th, from the excessive heat, shows a total of 200.

It has just gotten to a state where the citizens of Louisburg have got to express themselves openly in order to have errors or evils corrected.

If you don't want your son to frequent the pool room then speak to your Commissioner in regard to it so that he may know your position.

ON Tuesday afternoon Gov. W. W. Kitson announced the appointment of Hon. E. L. Travis, of Halifax county, as Corporation Commissioner to succeed Hon. H. O. Brown.

WHAT about the hospital? Shall we have it or not? The County

Commissioners and the town officials should take an active part in this movement as it is designed to be of service to both.

FORMER Vice President Charles W. Fairbanks gives Atlantic City a terrible rap. In his remarks, after a visit there, he said "I would never have known it was Sunday except by looking at a calendar."

WE won't say who is right about the farmers free list or any other reciprocity agreement, but it is certainly wrong in the entirety to legislate for any class or classes of the people and not for all.

AT a meeting of the Raleigh District Conference held at Zebulon this week it was decided that the next session would be held in Louisburg. We will be glad to welcome the Conference to our midst.

THE people of Louisburg are blessed in the fact that they are not suffering from a scarcity of water along with our ice famine. We have a plenty of it and the source of supply is equal to our needs.

IT has always been the way of the world that when a person does something the public considers wrong everybody tries to tell him of it, but if he does what the public considers good there seems to be no one who wishes to commend him for it.

REALLY do you think you could relish your breakfast beefsteak if you would stop and think of the number of flies that frequented the market, saying nothing in regard to your fish you expect to enjoy for supper. If a market house will give us any relief then let's have it.

REPORTS from Rocky Mount show a heavy damage to property by the severe storm that passed there on Wednesday afternoon. Lightning struck a dwelling belonging to J. W. Davenport doing much damage, but luckily the entire family was away on a visit. It also struck and set fire to several stables and came near killing a colored man.

THE state loses a valued educator and one of its highest types of citizens in the death of John B. Carlyle, of Wake Forest, which occurred on last Sunday night. For 30 years he was identified with educational work, the greater part of the time being connected with Wake Forest College. His work for his college and for his church, for the hundreds of boys who came to him for instruction was great beyond the power of words to express. But his college work and church work did not comprise all of his activities. He took an important part in the state and was at all times and everywhere an enthusiastic champion of the cause of popular education. His work will live on in the lives of thousands whom he has helped.

Mill Pond Items.

The farmers around here are suffering for rain right bad, but we hope to have some soon.

There was a right large crowd out at Sunday School last Sunday at Mt. Carmel.

There was a delightful ice cream supper given at Wilton Saturday night in honor of Lewis Tiptott. All report a nice time.

Mrs. S. J. Wright visited her mother, Mrs. G. D. Kearney, the past Saturday and Sunday.

Miss Herietta Vaughan has been visiting her people in this community the past week.

A large crowd went to the river seining yesterday and caught a lot of fish and had a fish fry. They report a grand time.

Wells in this community are drying up on account of the dry weather.

Misses Allie Evans and Ethel Sandling spent Saturday night at Johnnie Mitchell's.

Nearly everybody through this community is through grassing cotton.

Misses Hazel and Venie Lockett spent Saturday night at Wilton.

The members of the farmers union gave a delightful ice cream supper and lemonade drinking Saturday evening at the school house, where the union is held.

C. S. McGhee spent Saturday night with his brother, Henry McGhee.

With best wishes to the TIMES and its editor.

BLACK EVAS.

TO ORGANIZE ICE CO.

TO BEGIN OPERATION WITHIN FORTY DAYS.

A Badly Needed Enterprise Soon to be in Operation—Let Everybody Rally to Its Support.

Possibly the best and most welcome piece of news that has reached the ears of the people of Louisburg in some time is that of the necessary steps being taken to organize an ice company. Mr. J. W. King, our popular iceman, is behind this movement and he informs us that it is the object to make it a stock company. He will make a canvass of the town the first of the next week to solicit the subscriptions of stock from all who wish to assist in the movement. He makes a guarantee proposition to all who wish to take stock by assuring them if they become dissatisfied in anyway with their investment after the plant is put in operation he will pay them every cent they have put in it either in cash or in ice at 50 cents per one hundred pounds. This constitutes a positive guarantee against any loss in any way. He will take subscriptions from \$25 up and, although he would accept, does not expect large subscriptions. Already a large amount of stock has been spoken for and the matter is being taken up with the machinery firms and it is expected to get a plant in operation within forty or fifty days.

This is an institution that everybody in Louisburg should help get started as it will not only relieve us of another ice famine such as we have had the past two weeks and are having now but will make it possible for us to get ice for one-half a cent a pound instead of one cent a pound. From a mere matter of saving in buying ice by the majority of ice users of Louisburg it would be a good investment even though it should never pay a dividend, but instead it gives promise of paying a handsome profit on the investment. Let everybody take hold of this movement and let's push it through to a glorious and speedy success.

A very few men make money, the rest have to earn it.

Maybe there is nothing but weather talk in the place that isn't heaven.

A man can make himself much better looking to a woman by her marrying him.

A girl has the neatest way of letting a man make her understand questions at which she could lose him.

The average man would want to be president of a railroad before he could tell an airbrake from a locomotive.—New York Press.

Misrepresent Merchandise.

The last General Assembly of the State of Colorado passed an act, making it a misdemeanor for any individual, firm, or corporation to misrepresent any article of merchandise through the columns of any newspaper published in that State. The same law should be enacted in North Carolina, and when it is enacted, if it ever is, its enactment will not interfere with the advertising of Cereelite: for Cereelite is a carefully compounded plant food. Manufactured by the Home Fertilizer & Chemical Co., of Baltimore, Patented by the United States Government, and sold in Louisburg by McKinnon Bros Co. Once used always used. Its time now.
