—The conductor's 16th annual excursion came in behind time with a big crowd for Norfolk and other points. The agent here sold seventy-five tickets—all they had. A big crowd had to go from here without purchasing tickets.

—E. P. Blackley informs your correspondent that he has had a pretty good run with his wheat threshing machine. He finds large crops and good yields and says it will take him ten days more to finish the season.

—A report was received here Tuesday to the effect that Mrs. Burt Conyers had a very painful fall that morning at her home near town. It seems as if she fell on an old harrow that was in the yard and was badly hurt. No definite particulars could be gotten.

—One of the hardest rains ever fell in Franklinton fell last Thursday evening July 18th. It was a steady down pour for two hours—from 5 to 7. We have been having a shower nearly every evening since to the delight of the farmers, who have their crop near "laid by."

—On last Thursday Mr. J. S. Roberson who has a farm near town in cleaning up a small place he killed seventeen snakes and he says it was not a good day for killing snakes either. On the Saturday following he killed eleven. Mr. Roberson tells us he killed sixteen snakes at this same place last year—all highland moccasins.

—Don't forget the Sunday school picnic, the Methodist and Baptist annual Sunday school excursion to Pullen Park Raleigh, Tuesday July 25th. Round-trip 75 cents; one-half fare 40 cents. Train leaves Franklinton 8:45 a. m., returning leaves Union Station at 7 p. m. There will be a ball game between Franklinton and Raleigh that day.

—The lightning during the storm last Thursday night struck the chimney of Ulu's Allen, a colored man living on Green street, and split it open, left an opening at top about a foot wide and narrowed down to about middle way. It then entered the house and tore off the door at the back end of the hall, tore off several feet of weather boarding, ran up stairs and tore down the stove pipe. There were nine people in the hall but no damage to them was done save being badly scared.

Company F Returns.

Company F returned from Camp Glenn, where they spent eight days in camp and on the rifle range, last Monday morning. Capt. Kearney informed us that although there was more hard work done at this encampment than he had ever known before, the men seemed to enjoy it, and at all times whether in the rifle pit, on the range or when the war maneuvers were on and they were forced through one of the thickest swamps in the south and had to return to camp a distance of three miles in a steady downpour of rain no one was heard to complain. They seemed to enjoy it and at all times to be willing and ready to do what they were bid. Notwithstanding the Company's reaching camp in one of the hottest and driest spells ever known to Morehead people and the scarcity of the water supply the men did not suffer. The general conduct of the men was fine. The Company although composed mostly of new men made a fine showing in the drills and on parade being cheered every afternoon while passing the reviewing officer by those watching the parade, showing they were pleased. The Company qualified 16 marksmen as follows: Corpl. J. R. Cooke 116, Capt. I. H. Kearney 112, B. H. May 111, B. P. Hinton 103, Sergt. C. C. Kearney 102, Sergt. S. R. Holmes 102, Corpl. W. D. Wilder 102, Lieut. E. M. Edwards 101, Corpl. G. G. Cooper 101, Corpl. L. B. May 102, H. C. Hight 101, Corpl. C. J. Barrow 100, Tom Ayeacue 100, M. E. Watkins 100, O. G. Holmes and L. L. Fowler 99 each. In addition to the above the Company had 6 men to make within 2 points of marksman. Only one Company qualified more men than this Company. The "grub" this time was above the average and this being one of the most important features of the encampment added greatly to the enjoyment of the men. Capt. Kearney says that to take the encampment as a whole it was one of the most successful and instructive he has ever attended.

Lieut. Long Resigns.
