FRIDAY, NOV. 17, 1911.

NEXT Thursday one week is Thanksgiving.

\*THE biggest question question in Franklin county today is who is going to win the piano?

Mr. Subscriber it is up to you to pay up or in advance and let some young lady win a nice prize.

DURING the month of October the Louisburg tobacco market sold 506,439 pounds of tobacco.

It will now be interesting to see which district in the county will be the most loyal to their contestant.

It has been announced that the official opening of the Panama Canal will be held on January 1st, 1915.

The North Carolina Conference of the Methodist Church will convene at Kinston on Wednesday, November 22d.

ONLY eight more days and the winners will be awarded the several prizes in the contest. Who shall they be?

TAFT wants some one to come forward in the next Congress and pass a law that will allow corporations to exist.

THE Chinese and the Turks and tians seem to enjoy fighting. They are still at it and massacres are multiplying.

OUR "city fathers" should put in a sewer on River street. There are several places on that street that should connect to one.

EVERY person in each district should make it their business to see that the contestant from their district wins out first in the contest.

THE Harvester trust was given a black eye the other day in a decision of the Supreme Court of Missouri. They were fined \$50,000 and ousted.

THE Supreme Court of Virginia on Monday refused Henry Clay Beattie a new trial. It now looks like he will pay the penalty in the electric chair.

THERE is no doubt but that a little advertising will do Louisburg a world of good. Its natural advantages are worthy of being put before the public.

THE Governor of Virginia refuses to interfere with the action of the courts in the Beattie case, so he will pay the penalty in the electric chair on Friday November 24th.

RALEIGH is pushing hersef right up to the front among the other cities of the state. Its only another case of where the business men took hold and did a little boosting work.

It seems strange that Turkey should call on the United States for help after treating her missionaries as she has. It's only another case of "where the chickens come home to roost."

ONE of the largest breaks of tobacco that has been seen in Louisburg in many years was here Saturday. Both houses were full and a lot left in the streets until the first sale was over.

If about ten or fifteen of Louisburg's enterprising young men would form a club to boost Louisburg they could work wonders. And it would not be long before everybody in town would be assisting them.

THE Washington, D. C., Post gives Taft credit for saying that Tennessee and Georgia can be "redeemed" and that employes in Southern towns commend tariff attitude. We don't believe Tennessee or Georgia either will stand for this.

WITH the Coast Line Railway coming to Louisburg by Bunn, which would mean the building of only about ten miles of road, it would be a great help to the traveling public and would possibly be an inducement for more manufacturing enterprises.

QUIT a little sensation was sprung in Wilmington one day the past week when a negro named Fred McKenzie made claim to most of the land upon which the business part of the city is built. He claims it was left to him by will of his ancestors.

A CITIZEN told us the other morning that if the town officials and the citizens generally could have been down the street and saw what he did on last Friday morning there would be no doubt but that we would have a market house, and that right away.

Those business men who carry an advertisement in the TIMES should feel good over the fact that we have increased our subscription list to over 2,300. The prettiest part of it all is the bulk of all those are within the district from which they solicit business.

ON Friday night, while out bear hunting below Washington, N. C., a young man was shot and killed through mistake. Upon approaching the party after being absent a short while he was mistaken for a bear and was shot with two loads of buck shot in the abdomen.

IN ninety-nine cases out of one hundred when you hear some one "cussing" the editor of a paper about something he has said, you can bet your last dollar that their "toes" have been stepped upon. Naturally he is praised for saying something about some one else.

WE are glad to note that Mr. T. M. Pittman, of Henderson, was selected among the speakers at the Convention of Municipal Leagues recently held in Richmond. The sons of old North Carolina are always ready and willing to do honor to themselves and their state.

OUR readers can save a great deal of time and money by reading our advertising columns. There is a great deal of truth in the statement that when a man has a bargain he loves to tell you about it, and the cheapest way possible to do this is to advertise in a newspaper. When a man advertises his goods you may feel assured that the quality is there as he is not ashamed to put them before the people.

**"CURED MOTHER OF ULCERATIONS"**

Rev. B. C. Thompson, of Ableske, N. C., writes: "My mother was a great sufferer from an ulcerated trouble peculiar to women. She took Mrs. Joe Person's Remedy and Wash, and found it invaluable. It cured her. We heartily recommend it to those suffering from cancerous or impure blood affections. Ulcers and Old Sores are the result of bad blood, and can never be cured until the blood is thoroughly purified, and all poisons driven from the system. External applications alone can never do it. You must get right down to the seat of the trouble and eradicate the disease from the blood. For this purpose there is nothing so good as

**MRS. JOE PERSON'S REMEDY.**  
It is the best Tonic, Alterative, Blood Purifier and Nervine ever offered, and we have the signed testimony of hundreds of living witnesses to prove it. These witnesses testify to the marvelous curative powers of this great remedy in cases of Eczema, Scrofula, Old Sores, and all troubles resulting from Impure, impoverished and Poisoned Blood. Many of these cures seem almost miraculous—patients given up by doctors and relatives brought back to the full bloom of health as if by magic—literally snatched from the grave. But these witnesses are so reliable, and speak in words of such convincing truthfulness that none who reads can doubt. We will be glad to send this written testimony to all who desire to know what Mrs. Joe Person's Remedy and Wash have done for others.

We want to help our afflicted brothers and sisters who are now hopelessly enduring the agonizing tortures of Indigestion, Dyspepsia, Stomach Trouble, Nervousness, Rheumatism, Catarrh, Kidney Troubles and Blood Poison. We don't care of how long standing your trouble—Mrs. Joe Person's Remedy will cure you, because it sends pure, rich blood bounding through your veins, puts solid, healthy flesh on your bones, and gives you strength to drive out disease.

Mrs. Joe Person's Remedy is a strictly vegetable compound, absolutely harmless. It contains no dangerous minerals, and can be safely given to the smallest infant. Whenever the trouble is external, it is necessary to use the Wash with the Remedy.

For sale by druggists, or supplied direct on receipt of price, \$1.00 per bottle; 6 bottles for \$5.00; 1 dozen by express prepaid, for \$10.00, by
