

TAR DROPS.

Next Monday is first Monday. Thanksgiving passed off quietly. As usual, at Hill's big annual sale, Louisburg was full of people Friday and Saturday.

Practically all business was suspended in Louisburg yesterday in observance of Thanksgiving. Every farmer in Franklin county should attend the farming with dynamite demonstration to be held at E. L. Harris soon.

So far it is almost unanimous that the contest just closed was one of the fairest newspaper contests ever conducted in the recollection of the Louisburg citizenship.

For the date of the demonstration of farming with dynamite, see their advertisement in another column. You may not use their method but it will be worth going to see just the same.

Our Raynor correspondent sends us the following item: "The friends of Mr. and Mrs. M. C. Wilder are congratulating them upon the arrival of their little son Melvin Curthout Wilder Jr."

The ladies of the Episcopal church will conduct a Bazaar, at the armory on the 6th and 7th of December 1911 for the benefit of the Orphanage. This is a very worthy object and all who can should patronize it.

We are indebted to Mr. J. J. Barrow for his assistance in getting up the paper this week during the absence of the editor, who was called off suddenly to be present at the bedside of a sick aunt. We extend to him many thanks.

How many times have you thought or spoken evil of your fellow-man this week? Remember we all live in "glass houses" and it may be the other fellow is talking about you. Get right yourself and then you can talk, not before.

The attention of the readers of the TIMES is directed to the change of advertisement in another column, of the Big Racket Store. They have old Santa Claus on display in all his glory. Read their advertisement and go to see them.

We directed the attention of our readers to the change of advertisement of Dr. W. B. Morton in another column. He is fully prepared to examine your eyes and properly administer treatment. If you are in need of his services read his advertisement and call to see him.

There is something doing on the tobacco market here, large sales and higher prices than has been known for several years. All the farmers are pleased beyond expectations. Bring your tobacco to Louisburg, and go home with a pocket full of money and make yourself and family happy.

Owing to the fact that the editor had to leave Louisburg the past week we were unable to get all the new subscribers entered up in time for mailing this week. We will try and get them all entered for our next issue. However, the loss of this issue will be added at the end of your year.

We understand that the Graded School closed from Wednesday afternoon until Tuesday of the following week in order that the teachers may attend the Teachers Assembly to be held in Raleigh on Thursday the 30th, at which time Hon. Champ Clark, of Missouri, will address the assembly.

The many friends of J. M. Person will be glad to learn that he has now located in Raleigh. He has taken a position with the Carolina Power Co., of that place, and owing to his intricate knowledge of this feature of their business and his application he will no doubt meet with great success. He informed the editor this week that he expected to move his family there in the near future. He is a splendid engineer and his many friends here wish him good luck in his new position.

If our subscribers value their time they will find the advertising columns of the TIMES a most valuable guide in making their purchases. The man who does not advertise will tell you he can sell you cheaper, because he saves the cost of an advertisement, but this is a mistake as his other expenses are not reduced by his actions and the man who advertises sells three dollars worth to the other man's one. You can readily see that the money placed in printers ink bears exceedingly good interest. You may not believe this statement, but if you will give it a fair trial you will always use it."

U. D. C.

The daughters of the Joseph J. Davis Chapter will meet at the home of Mrs. W. E. White on Wednesday afternoon December 6th at 3 o'clock. All members requested to be present. Mrs. J. P. WINSLOW, PRES. Mrs. W. E. UZZELL, SEC.

Book Club Meet

The Book Club was delightfully entertained by Mrs. M. C. Pleasants at her home on Nash street, on Monday afternoon. The Cathartes and Orestes

of England, were discussed with much interest. Mrs. T. B. Wilder gave a reading on Windsor Castle, and Mrs. Malcolm McKinnon on the Castles of England, both of which were very interesting and entertaining. Miss Holmes read, addressing herself to the principal architects of the Castles and Cathartes. Several courses of dainty refreshments were served, much to the enjoyment of the ladies present. The club will meet with Mrs. T. W. Bickett on the 14th day of December.

"I do not believe there is any other medicine so good for whooping cough as Chamberlain's Cough Remedy," writes Mrs. Francis Arnold, Junction City, Ore. This remedy is also unsurpassed for colds and croup for sale by all dealers.

SOAP BUBBLES.

Thinness of the Gray Hued Film Just Before They Burst.

What is a soap bubble? Nothing but a film of water molecules held together by the cohesive power of soap in solution. A soap bubble's size and strength depend upon the right composition of the mixture that furnishes its material. The colors in a soap bubble are due to what is known in physics as the interference of light, and depend upon the varying thickness of the film of water.

The observer who watches a bubble as it is blown will notice that the colors rapidly chase one another over the filmy globe. He will also see that they vary in hue, growing less and less bright at the top of the bubble because there gravity stretches it downward and makes the film thinnest.

It is a singular fact that the last color to appear on a soap bubble just before it breaks is a gray tint. The thickness of the film when this tint appears upon it is less than the one hundred and fifty-six-thousandth of an inch.

Were a soap bubble to be magnified to the size of the earth and the molecules magnified in proportion, then the whole structure would be as coarse grained as a globe of small leadshot touching one another at their surfaces.

In the blowing of a soap bubble there is presented the spectacle of the stretching of a liquid to the extreme limit of its capacity. In this way we come nearer to a sight of the invisible molecules of matter than could be got in any other way no matter how elaborate the experiment Exchange.

"AFTER 15 YEARS I AM WELL"

Mrs. Mary Amanda Nash, of Lumberton, N. C., writes: "For years I was a severe sufferer from chronic dysentery, brought on by acute indigestion. It also brought on catarrhal headache which debilitated me so I had to lie down three or four hours each day. My general health was greatly impaired, and I was weak and nervous. One day I had one of those terrible headaches, and my daughter-in-law suggested that I try Mrs. Joe Person's Remedy. I did so, and the very first dose relieved that headache. I continued to use it, and for the first time in fifteen years I am well. It is the best medicine compounded in this world."

Most people regard stomach troubles (and these include indigestion, dyspepsia, Sour Stomach, Nervousness, etc.) as of little consequence in their early stages. Never was a more serious mistake made. When the appetite is gone, the nerves shattered, the temper ruined, the body emaciated, spasms of pain frequent, sound sleep impossible, refreshing rest unknown, they wake up to the fact that stomach trouble is a serious matter. When this stage is reached, the only thing in the world that will cure you is

MRS. JOE PERSON'S REMEDY.

It restores energy to laded digestive organs, stimulates a healthy flow of gastric juices, and brings every portion of the stomach back to normal health. It is a strictly vegetable compound, and contains no harmful mineral ingredients whatever. As a Tonic, Alterative, Blood Purifier and Nerve it has no equal.

Don't permit any disease of the stomach to go untreated. As soon as you feel the slightest effects of indigestion or any of the other ailments directly attributable to a derangement of the digestive organs, begin at once the use of Mrs. Joe Person's Remedy and a complete cure will be an easy matter. If your trouble is of long standing, this Remedy will still cure you—but it will, of course, take longer.

We want you to write us for testimonials from people who once suffered the tortures of indigestion, dyspepsia and other stomach ailments, but who are now sound and well, and eat what they want without a sign of distress. In cases of external trouble, inflammation, ulceration or itching humor, our Wash should be used with the Remedy. For sale by druggists, or supplied direct on receipt of price, \$1.00 per bottle; 6 bottles for \$5.00; 1 dozen by express prepaid for \$10.00, by

MRS. JOE PERSON'S REMEDY CO., Kirtland, N. C.

To Our

Friends and Customers

We have some bills to pay Nov. 1st., and appeal to you to help us by paying your accounts on or before that day. Your account may be small, but we have hundreds of them and they count up. We don't want to oppress anyone, but to meet our bills we must make collections. Your account is due and again we kindly ask you to come in and pay it by Nov. 1st.
