

AND they keep stirring the Lorimer matter.

SEE the show at the opera house Saturday, Monday and Tuesday night.

THE state meeting of the Farmers' Union was held in Wilson the past week.

THE McNamara brothers were taken to the penitentiary on last Sunday to start the serving of their sentences.

WEDNESDAY'S reports show that Arizona elected both United States Senators on Tuesday, Democratic.

FRANKLINTON township carried the bond issue of \$10,000 for the completion of the township roads on last Tuesday.

It now looks as if the Democratic members of Congress and Senate are in favor of Government aid in building good roads.

REPORTS have come to us that some of the tigers in Louisburg are getting so bold they sell whisky in the middle of the street in broad open day light.

JUDGING from the way the town officials are binding people over to court for selling whiskey, the next term will be largely composed of whiskey cases.

THE reports say that Ortie McManigal will make a full statement before the grand jury in a few days of his knowledge of all the workings of the alleged dynamiting conspiracy.

A STORE in Raleigh run by a Mr. Fromme, in which was carried a lot of fireworks, Christmas toys and a news stand was practically demolished Monday by the fireworks catching fire.

THE many friends all over the state of Geo. W. Ward Judge of the Superior Court will learn with much regret of his recent resignation from the bench. In his resignation the State loses one of its ablest and most conscientious judges.

THE gift of Hon. Ashley Horne, of Clayton, the past week of \$10,000 for the erection of a monument on the Capitol Square to the Women of the Confederacy will be long remembered. It is only another demonstration of his loyalty and big heartedness.

CHIEF Tucker, with the assistance of other officers succeeded in running in five or six blind tigers the past week. There is no doubt but that with the assistance of the people of Louisburg the present officials will see to it that the laws are obeyed, by bringing the violators to account for their misdoings. It is impossible for two or three officers to defeat the object of practically an entire community.

ROCKY MOUNT and Tarboro were made to install purification plants for their sewerage because Greenville has its water supply from Tar river. Louisburg dumps its raw sewerage into Tar river and Rocky Mount gets its water supply from the same stream. Unless there is some explanation it looks as though the State Board of Health is remiss in its duty, unless the Franklin county town is forced to put in a purification plant.—Rocky Mount Morning Telegram.

If there is anything in the statement that water purifies itself in every five hundred yard run we see no need of the "Franklin county town" putting in the purification plant, as it is over forty miles from here to Rocky Mount by water. If there is any such thing as a natural purification then it should be evident in this case.
