MR. BICKETT SUGGESTED FOR CONGRESS.

The Raleigh Times on Monday afternoon used as its leader an article wherein five of the most prominent citizens of the Fourth Congressional District were suggested as candidates for the place of Hon. Edward W. Pou, in Congress. Among this number we noticed the name of Hon. T. W. Bickett, our efficient Attorney-General, whom we have seen and says that it was entirely unauthorized on his part and that he is not a candidate for the place. Although the people of Franklin, and we fully believe a big number of the entire district, have an exceedingly warm place in their hearts for Mr. Pou, still they would be only too glad to have the opportunity to show their high esteem and good will toward Mr. Bickett by electing him to this place of honor, or even higher, feeling perfectly confident that in placing their welfare in his hands they had done wisely. Mr. Pou has made us a splendid representative and can, by his loyalty to the people, hold the position indefinitely, still we are confident that if he is to be replaced there is not a man in the district, or out of it, who can do more good to his fellowman, honor to his district and State and credit to himself than Hon. Thomas Walter Bickett. He is a man who is loved and honored for his devotion to his fellowman and his true worth, and has scores and scores of friends in this district who would be delighted at the opportunity to do him honor in electing him to a higher place.

Four more pardons were granted Tuesday.

Lee county did the right thing when it voted \$100,000 bonds for building good roads as a county.

WILMINGTON is making a desperate fight for the Farmers' Union Central Warehouse. Wilmington is a fine place and we doubt if a better place for its location can be found.

THE House Committee ordered reported favorably Wednesday the Henry resolution providing for the day for the presidential inauguration to be changed from March 4th to the last Thursday in April, to become effective in 1917.

IRISH potatoes are now being shipped from Ireland to this country by the ship load in order that the demands may be supplied even at stiff prices. While an acre of good land is capable of producing from \$100 to \$500 worth of Irish potatoes, American farmers rather prefer to raise cotton, tobacco or some other crop at from \$30 to \$40 per acre, or almost any other old price the sharks are willing to pay for it.—Henderson Gold Leaf.

SENATOR SIMMONS and Judge Walter Clark, two of the candidates for the seat in the Senate held by Mr. Simmons met Monday in Washington City and agreed that they wanted a primary and that the best time to hold it is on election day in November. For some time Senator Simmons has favored a senatorial primary. Election day will suit him. He and Judge Clark conferred on the matter at the Senate Monday. They do not intend to try to influence the committee but hope that the committee will see it as they do.—Sanford Express.

Notice to Property Owners

The law requires the tax listers to call at the homes of the property owners, which he did, to collect their taxes. At some places the proprietors were not at home and notice was given them to call at the stated place to give in their taxes. At present there are several who have not had their taxes, and I am required to make my report of same to the court next week. I take this occasion to notify you of this that you can save yourself trouble and expense and myself an unpleasant duty. I will be in the Clerk of the Court office. G. W. BROWN.

WAYS TO SAVE

Be systematic if you are determined to develop the saving habit. Here are several plans which may help you to save money and get ahead financially.

One man who was unwilling to give up smoking agreed to give his wife for the savings account as much as he spent in that way. This plan may be applied to other indulgences.

Whenever you are about to make an unnecessary expenditure, ask yourself if it is actually worth cost plus interest on it for the remainder of your life. Nine times out of ten the spirit of thrift will win.
