

WHO GETS THE MACHINE?

This is the question that will be decided at the close of the Sewing Machine Demonstration at the Popular Furniture House of

Howell & Bunn ON **Saturday Afternoon**

JUNE 1ST AT 4 O'CLOCK

A large number of people have taken opportunities to register and cast their ballot. Although interest has been great all through the contest the hour above mentioned will be the most interesting. We extend a special invitation to every lady in Franklin and adjoining counties to be present on this occasion. Somebody will get the Machine Free. Will it be you or somebody else? Come in and see. Ask to see our new line of Druggetts just received this week.

RUDE THOUGHTS FROM THE EDITORIAL PEN

Spray the wife who scolds and the husband who comes in with muddy boots.

Life is a failure that looks back from a pleasureless age, and wishes for a return of the years that a different course might be pursued.

Nothing is truer than that those who are passing through the "fires of adversity" need every expression of helpful sympathy from those upon whom such trials have not fallen.

Real womanliness is a woman's greatest beauty and most winning grace.

Sleep eight hours out of the twenty-four; eat three meals a day and walk on the sunny-side of the way.

Fill your soul with richness, then when sorrow comes to you, her black shadows will be parted into golden rifts by your gathered sunshine.

When conversing, choose pleasant and interesting topics. If speaking of your acquaintances to strangers, mention their good qualities, not their faults.

Do not fret. If you want any one about you to accomplish anything, do not entangle them by fretting, do not destroy all desire, and crush out life itself by your fret-fret-fretting.

FRESH HEWED CHIPS.

If you would be happy as a child, please one.

Childish wonder is the first step in human wisdom.

To best please a child is the highest triumph of philosophy.

A happy child is most likely to make an honest man.

To stimulate wholesome curiosity in the mind of a child, is to plant golden seed.

I would rather be called the children's friend than the world's king.

He that makes useful knowledge most attractive to the young is the king of sages.

Childish laughter is the echo of heavenly music.

The noblest act is that of making others happy.

Innocent amusements transform tears into rainbows.

The author of harmless mirth is a public benefactor.

Amusement to children is like rain to flowers.

Wholesome recreation conquers evil thoughts.

Kill the spirit of fault-finding as you would a serpent.

What appears to be calamities are often the sources of fortunes.

Somebody insists the children need fewer precepts and more good example.

In two many families the mother assumes the care of everything and her daughters are but genteel loungers in the household.

No boy or girl can ever come to be utterly bad who remembers only love and tenderness and sweetness as associated with father and mother in the old-time home.

Children should be influenced unconsciously; they should be surrounded by an atmosphere of goodness, which they should breathe as unconsciously as they breathe the air. "Ex-

ample is better than precept." To successfully influence your children for good, you must do as you would have them do. If you would have them polite, be polite to them, and to the inferiors of the household. Teach them to be considerate for others, by showing that you have consideration for everybody. Children are imitative, and monkey attributes may be turned to good uses by presenting to them qualities worthy of imitation.

THE GRADUATE

We all love the young graduate who comes home and takes her place in her family and seeks in a pleasant, unaffected manner to improve the home and teach and guide the younger ones of that home better is she now able to fill her place in the church and among her young friends who have not had her advantages; where can she find a broader field for good work? Common place though it may appear this doing of one's duty embodies the highest ideal of life and character. The doing of the common place work believes the welfare of the world. We love the young graduate that does not claim to know more than other people; it is not right and then it is not wise; for it is such a good way of cheating oneself. Sometime, other people who have been schooled in the university of the world, could teach the new graduates many things that are valuable, of which she has never heard. All great truths are not always grammatically spoken, and everything that can be known is not in books. It is right for the young people to have opinions about every thing that comes before them; but it would be well to remember that the great achievements of life have been accomplished by men and women in the gray of life, not in the downy years of youth. Let them look for the best in everything and everybody and "do all the good you can in all the ways you can, to all the people you can," in whatsoever place circumstances beyond your control place you. A college education is a valuable possession and greatly to be desired, but if it fails to broaden the heart as well as the mind, it is a failure.

What Texans Admire is hearty vigorous life, according to Hugh Tallman, of San Antonio. "We find," he writes, "that Dr. King's New Life Pills surely give new life and energy into a person. Wife and I believe they are the best made." Excellent for stomach, liver or kidney troubles. 25 cents at Acock Drug Co.

What is Your Time Worth?

If your time is worth more than fifteen to twenty cents an hour, you can make an IHC gasoline engine pay for itself in a very short time. Many farmers have written us that their IHC engines paid for themselves in cash, to say nothing of the hard work saved, the first year. How?

IHC Gasoline Engines

have no specified working hours. They are ready for any work within their capacity, at any time. They require little attention, and that of the simplest. They make no strain on your time, temper or pocket-book. Get an IHC catalogue or see your local dealer and find out what ten cents' worth of gasoline will do, working in a thoroughly tested general purpose IHC engine. Made in every style and in 1 to 50-horse power sizes. Kerosene-gasoline tractors, 12 to 45-horse power.
