Items of Interest Gathered From in and Near Our Sister Town Each Week

CLOSES ON WEDNESDAY

Several of the Sterling clerks are out on vacation this week.

M. F. Allen, of Raleigh, is at home this week on the sick list.

"Sy" Holmes killed a beef last Friday being the first in three weeks.

Watermelons, cantaloupes, and cucumbers are plentiful on our streets and the doctors are kept busy going.

The Popes Chapel meeting we are informed is not decided upon, as to date, and will not be 2nd Sunday in August as reported last week.

Mr. and Mrs. J. D. Keel, proprietors of a slight of hand and moving picture show, gave an exhibition here Tuesday night to a small crowd.

There was a big fishing party went out to Mr. Walker Winston's last week and had a big time, and greatly enjoyed the hospitality of Mr. Winston. The party was composed of L. C. Pirie, J. S. Morris, F. M. Drake, J. A. Vann, Ike Williams, C. D. Britt, Stark Layton and "Corra shucking" Norf Winston.

Well its hot. Everybody says "aint it hot?" and it certainly is hot and no prospect of rain in sight. Well our town is a dry town and we can expect nothing else, for several days last week a shower would come to the corporate limits and stop. We suppose from fear of being arrested if over a certain number of "drops" entered the town.

Joella Merritt colored, was up before a court held in the Mayers office Monday for beating and other wise unmercifully treating her 12 year old daughter. As we gathered it seems that she procured a buggy whip from a neighbor and literally wore it out on the child's nude person. A light fine was put on her with a warning of a jail sentence if repeated.

The C. S. Williams large brick building is going up slowly but when completed will be an up-to-date building—one that the town will be proud of. It is now time for some one else to start up another. How about the cotton mill down on Brinkley creek. Lets have it by all means. How about a large brick building on the corner of Major Ballock's. The big hotel will be built in a short time then we will have good accommodations for the people.

Col W. L. McGhee left Tuesday of last week for Camp Glenn at Morehead City to be away ten days. He will superintend the Rifle Range at the camp. While away his family gave a week and house party at his beautiful country place on his Tar River stock farm. We understand they had a very enjoyable time and ended with a "feeling out" on a river and a big barbecue on Friday night, to which many of their friends from town went, all of whom report a delightfully spent evening. We are certain Colonel will regret very much that he could not be present.

Boy's Home Chamberlain's Colic, Cholera, and Diarrhoea Remedy is almost certain to be needed before the summer is over. Buy it now and be prepared for such an emergency. For sale by all druggists.

**A Colored Man Found Dead**  
Gus Moore, a section hand, was found dead near the water tank last Thursday morning. An inquest was held and the jury decided that he came to his death by being hit by a S. A. L. engine some time during the night. There were all kinds of reports circulated among the colored people about the killing, the majority of them believe he was killed and put on the road, but we understand he received an "express package" Wednesday evening and the supposition is he swallowed a little too much of this and sat down on the road and went to sleep.

### Exposition School.

Columbia, S. C., July—Special—One of the most interesting features of the National Corn Exposition, to be held in Columbia next January, is the first Exposition School for boys, which will be composed of the prize winners in the Boys' Corn Clubs in every county in the southern states. The attendance upon the school is expected to reach at least one thousand, and preparations are being laid on a broad scale.

J. B. Hobby, of Atlanta, has been selected as Superintendent of the School. Mr. Hobby is the assistant in charge of the Boys' Corn Club Work in Alabama, with headquarters at the State Agricultural College at Auburn. Later on he will make his headquarters in the National Corn Exposition offices at Columbia. Mr. Hobby stands exceedingly high among agricultural educators of the country, and his experience fits him for the management of the unique school. The boys will be divided into companies and squads, and through the co-operation of President Riggs of Clemson Agricultural College, cadets of the first class will be placed in command of the boys, who will be under semi-military discipline during their stay in Columbia. They will be comfortably quartered on the State Fair Grounds near the exposition buildings, and will be given daily instruction along agricultural lines by some of the foremost agriculturists of the country who will be in attendance at the Exposition. But the boys will not have all work: the city of Columbia, through its Council, has made an appropriation for a banquet to be given for the boys on the last night of the School. The trip to South Carolina will of itself be quite an incentive to any of the boys living in distant states. There are enrolled in Boys' Corn Clubs this year seventy-five thousand boys in the various Southern States, and the pupils at the School will be the selected boys out of this great aggregation.

As a tribute to Dr. Seaman A. Knapp whose work for the agricultural development of the South makes it peculiarly appropriate that his memory be honored in connection with the Boys' Corn Club Work, South Carolina will offer a handsome bronze bust, as the prize for the State making the best showing each year in the boys' and girls' club work. The award of this bust of Dr. Knapp will be made during the exposition school, probably at the boys' banquet. Several notable men have already promised to be present on this occasion and participate in the issuing of diplomas to the boys and awarding of the bust.

Diarrhoea is always serious and often a dangerous disease, but it can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has cured it even when malignant and epidemic. For sale by all druggists.
