Items of Interest Gathered From in and Near Our Sister Town Each Week

CLOSES ON WEDNESDAY

—A report on the street Tuesday was to the effect that Mr. G. D. Leavister was very low with rheumatism.

—Mr. Fox, Superintendent of the Electric Light and Power Co., is in town this week looking after the interest of the plant here.

—Mr. Joseph O. Green, Jr., has opened a garage here where he will display the several new auto cars, for which he is State Agent.

—Ed Winston, tenant on I. H. Kearney's land, brought in an open boll of cotton Monday which was long staple and soft texture.

—Mr. and Mrs. T. C. Harrison, of Weldon, came in on 41 Monday and left immediately for their Country residence four miles from town.

—Mr. J. E. Faulkner and family, of Alert, have moved back to our town, where Mr. Faulkner has accepted a situation with the Sterling.

—Sheriff H. C. and I. H. Kearney returned from Washington City last Sunday where they had been for a week at the hospital to have another alteration on the false limb of the Sheriff, which has never been but little use to him.

—Mr. Fred R. Hicks, of this town, and Miss Maud Andrews, of High Point, were married in High Point August 2nd, and will make this place their future home. The many friends of "Fred" in Franklinton wish for him and his bride all the pleasures that life afford.

—Mr. Z. A. Poste and Mr. Newby, of Lewisburg, Pa., are visitors to our town, Superintending and instructing the work on the new Colored Christian College which is being build in the northern part of our town. When completed these buildings will be handsome and substantial and be a credit to the Institution and its managers.

—The people of Franklinton regret very much that Mr. F. M. Drake will leave our town. Mr. Drake and wife have made many friends while here and have endeared themselves to many who will regret to lose them from our social ranks. Mr. Drake having completed his contract here, will move his saw mill plant to Spring Hill, N. C.

—A phone message Monday to Chief A. B. Cooke gave the sad intelligence that Mrs. Julia McGhee was dying at her sons at Wendell. Mrs. McGhee has been a resident of this town several years and has many friends here who will be sadly grieved to hear of her death. She has been in very feeble health for several years. A later message Tuesday 8.30 a. m., was that she was just living.

—The fall terms of the Graded Schools of this town will begin as follows: White Thursday, September 12th, Colored September 9th.

—The Sunday School train pulled out at 9 o'clock Tuesday morning loaded down with a large crowd of happy children and grown people of every description and many well filled baskets which filled the baggage car so full "Bill" Baptist hardly had standing room and all of them left with light hearts with the assurance of a whole day of real outdoor romps and pleasures which Pallen Park affords. We wish, fervently, that all the little ones may enjoy themselves and have no accident or trouble of any kind and return home well and happy.

—The long looked for electric lights were turned on last Tuesday night. The lights in the business houses and dwellings run on full time, but the street lights burned out early in the night on a part of Main and other streets. We understand the power was forced too strong all at once, however everything is getting in "ship shape" again and we are proud of our new

lights and the brilliancy of them will add much towards aiding pedestrians in turning the dark corners we had before establishing this plant. The lights give entire satisfaction to our "City Fathers" and all concerned. Much credit is due Mr. T. H. Whitaker in his efforts toward this work.

A vast amount of ill health is due to impaired digestion. When the stomach fails to perform its functions properly the whole system becomes deranged. A few doses of Chamberlain's Tablets is all you need. They will strengthen your digestion, invigorate your liver, and regulate your bowels, entirely doing away with that miserable feeling due to faulty digestion. Try it. Many others have been permanently cured—why not you? For sale by all druggists.

The Trails of a Traveler

"I am a traveling salesman," writes F. K. Young, of Berkeley, Va., "and was often troubled with constipation and indigestion until I began to use Dr. King's New Life Pills. I have found an excellent remedy. For all stomach, liver or kidney troubles there is nothing better. Only get at Aycock Drug Co."

Deep Well.

Now that we have electric lights, street cars, innumerable (automobiles) bucket shops, club houses, and all the "fashionable diseases," that constitutes an up-to-date city, we have the "cart before the horse," when we have left out the most essential thing of all—water. We can well do without all the rest better than we can water. There has been a lot of talk about water for our town, but it seems talk is all. Water is what we want, and plenty of water, is what we sadly need. Good pure unadulterated water and we can have it if we would sink the deep well that there has been so much talk about. Let those who take an interest in the welfare of the town, and the health and protection of its citizens, think of this seriously and call a meeting. Get up a subscription, issue bonds, or do something in this important matter and stop running around with your tongues out asking for water, water, when there is no water. If the matter of water gets much worse we will be almost as bad as the rich man and no help. When you think of it there is only one public street well on Main street. Half the town have to go four blocks to get a bucket of water and if we were to have a big fire, it would be awful.

One of the most common ailments that hardworking people are afflicted with is lame back. Apply Chamberlain's Liniment twice a day and massage the parts thoroughly at each application and you will get quick relief. For sale by all druggists.

Live Stock CO.

We have opened up a general store next to the Farmers and Merchants Bank, where we propose to carry a complete line of general merchandise, heavy groceries and general farm supplies. We also carry

Clothing, Dry Goods, Hats and Shoes

We are looking for a car, each, of lime and cement next week. We carry all kinds of agricultural implements, disc harrows, smoothing harrows, mowers, rakes, gasoline engines, wood saws, pumps, barbed wire, fence wire, nails.

Moyer buggies, Peters buggies, Dixie girl buggies, Baltimore buggies; the largest stock carried in the county. Carriages, surries, harness.

Cheap Harness and High Priced Harness

WAGONS—Hickory wagons, Piedmont wagons, Thornhill wagons, Columbia wagons, Webber wagons and all steel wagons; no wood about it. We sell on time and in justice to our customers, (justice the greatest and rarest of virtues.) We do not sell on a credit unless your name is registered on our books, or have the general reputation of a debt paying man before the war, that is to say registered on the tax books under the "Grand father Clause," giving in tax over your exemption. It matters not what you want nor when you want it nor when you want to pay for it, come in and I'll make you a price. We also would lend a little money to prospective customers. Our hat is in the ring, not in the dirty game of politics, but to sell good on time.

No Goods Delivered in Town

Farmers, make our store and stables your head-quarters when you come to town.
