Senator Simmons will speak in Louisburg October 15.

EVIDENTLY the republicans have decided to make the election in Franklin county unanimous this year.

THE escaped criminals, Sidna Allen and Wesley Edwards were caught in Des Moines, Iowa, last Saturday.

WE can't say Roosevelt is grabbing after the same thing the bear was, but sure as you live he will get the same thing.

ACCORDING to the congressional record the republicans crossed the fence and voted with Simmons more times than he did with them in the nineteen votes referred to by the governor.

THE first thing that has made its appearance attempting to show what Governor Kitchen has done for the state is a supplement sent out in several papers. Better late than never.

IF Wilson and Marshall continue to gain in popularity as they have in the past when the votes are counted in November Taft and Roosevelt would feel better if they had offered beforehand to make it unanimous.

IT is conceded that Simmons will carry all of Franklin county with the exception of Frankinton and Youngsville townships and bless your life if a peevy good authority in county politics didn't tell us the past week that he would almost gamble on his carrying those two by a big majority. Boys you better line up. Don't be by yourself.

MR. VOTER this is the time we are to determine the strength Franklin county is to have in all other conventions. The number of votes Franklin has in all other conventions is determined by her votes for Governor. Come together boys and lets have a record breaker. We may need our strength when we least expect it. We have a chance to increase it. Lets do it like men.

WHILE being "hazed" by a crowd of young boys at the University at Chapel Hill last week, I. W. Rand, a young man of Goldsboro, who had entered there as a student, lost his life by falling on a pitover and cutting his jugular vein. This incident has brought about a great deal of feeling among the public of the state, and as a result four young men have been held under bond to answer for the responsibility. There is no doubt but that there was no intention of murder on the part of any who were engaged in the affair, still the young man is dead. Something had ought to be done to put a stop to such tom foolery. It has put a blotch upon the University that will be hard to remove, although the officers have done all in their power to stop the practice of "hazing." The young men entered it in violation of a solemn obligation not to do so. A deplorable circumstance. Let the people demand some remedy. It is entirely necessary to the cause of higher education.

BETTER TO TAKE THAN CALOMEL

Dodson's Liver-Tone, a Wholesome, Reliable Medicine That Takes the Place of Calomel.

Dodson's Liver-Tone strengthens the liver—it does not drive it to its work by over stimulating it as calomel does. Dodson's Liver-Tone does not have any of the dangerous after-effects of calomel. It is a vegetable liquid—absolutely safe for either children or grown people. Everybody likes its taste. No restriction of habit or diet necessary.

Get a bottle at Scoggins drug store, 50c, and try it. If it doesn't satisfy you, if it doesn't take the place of calomel, you can get your money back by asking for it.

Better Paint.

Better paint this year if your property needs it. Mistaken men have been waiting for paint to come down. The cost of their job has gone up not down; it always goes up by waiting; never comes down.

Better paint than Devco? There isn't any. Suppose one had waited 20 or 30 years ago for a better paint than Devco; how long would he have waited? How long would he still have to wait?

The price a gallon makes some difference; yes, but not much; it's the paint that counts; the quality counts. Protection of property counts more yet. Better paint.

Look to Your Eyes

The nights are getting longer. The schools are opening. Both old and young will have occasion to use their eyes more and more, especially at night. Artificial lights are more trying to the eyes than day light.

Parents and Teachers

should look well to the eyes of their children. Most eye troubles are acquired or developed in school. Many a so-called "dull and stupid scholar" has a bright mind, but doesn't take to books because of some defects of the eyes of which neither he nor his teacher is conscious. Immediate attention would awaken new aspiration; cause him to love his books, possible lead his classes; save him much misery and yourself future regrets.

IF

Your head aches
 Your eyes ache
 Your eyes tire
 Your eyes burn
 Your eyes water
 Your eyes squint
 Your eyes in any way give you pain
 Troubled with dizziness, nausea or extreme nervousness and the ordinary remedies fail to effect a permanent cure, the eyes are the probable cause of the trouble and nothing but properly fitted glasses will give relief.

Wrong glasses are often worse than no glasses. A misfit will aggravate rather than alleviate his sufferings. Permit none but a qualified specialist to prescribe for his eyes. I make a specialty of examining eyes and fitting glasses.
