

TAR DROPS.

Senator Simmons will speak in Louisburg October 15.

The streets were full of people Monday. No one is free who is not master of himself. What we eat today is working and thinking tomorrow. A healthy man needs at least eight glasses of water a day. Quite a large crowd from a distance were here to see the show Monday. Prof. Kenneth Pittman has gone to Sevan Falls where he opens school Monday. If water were very scarce, we might better give up bathing outside than inside. It's a fine boy and Dr. C. H. Banks is receiving the congratulations of his many friends. Regular bathing prolongs life; under bathing causes overwork for kidneys and liver. And the African dip has returned to town. This time there is also a lot of "babies" that are always getting knocks.

J. S. Strickland, who has been with the TIMES for a number of years has taken a position with the Red Springs Citizen.

A large number of Louisburg people will attend the Tar River Association, which meets at Red Bud church Tuesday.

The teachers of the county will hold their first meeting this session in the Superintendents office in the court house Saturday 10:30 a. m.

As we go to press, we learn of the critical illness of Rev. J. M. White at the home of his son, our esteemed citizen, Hon. R. B. White, of Franklinton.

The Superintendent of Health requests us to state that persons who complain of nuisances will make their complaint to the Chief of Police. If he can't have same removed I will lend him the necessary assistance.

We are requested to announce that the Woman's Foreign Missionary Society of the Methodist church will meet at the parsonage Monday 4 p. m. An especially interesting programme has been arranged, and all the ladies are cordially invited to attend.

We take pleasure in stating that the TIMES and the congregation of the Methodist church on Sunday, September 23rd, were mistaken as to the cause of the inability to use the organ. An investigation was made and it was found that the trouble was in the motor which has been remedied. Supt. Beck and the Water Committee will accept the necessary apologies.

Children with adenoids often have carache. Notice if your child complains of carache, and whether a little matter does not come from his ear. Does he hear well? Don't always blame him if he is slow—perhaps he is deaf. Some one often means that the child has adenoids. Adenoids should be removed. Carache always means that the child is in danger of getting deaf. Carache always means that the child is in danger of getting a running ear. A running ear is always dangerous, for the child may get brain fever from it. A running ear should always be treated by an ear doctor. It will not get well without good care, and it may make the child deaf.

Sick headache is caused by a disordered stomach. Take Chamberlain's Tablets and correct the stomach and the headaches will disappear. For sale by all druggists.

No charge for examination. Hawkes, eye glass expert, Oct. 10th and 11th, at Beasley-Alston Drug Co.

Paint and Not

Paint was never before so high as last year and this; about \$2.25 a gallon Devco and a half-dollar less for trash. What is trash? It looks like paint and pretends to be it, but isn't worth painting. It is a painter's day's work so put on a gallon of paint, good or bad; and a painter's day's work is \$5 or \$4. Add that to the price of a gallon. That is the cost of a gallon. Devco is \$5 or \$3 a gallon and trash a half-dollar less. But Devco is a paint and more to you and all to the gallon is 3 or 6 quarts of perfecting the painter's pot. But trash is three quarts two-thirds or half paint; yes, a half-dollar less for no good reason. 10 gallons Devco is enough for the average job; it takes 15 to 20 gallons of trash. And the wear same way. Unfortunately, they look alike when first put on.

The Third Term candidate's... its reply to the telling, unanswerable arguments of Gov. Wilson is that the latter's opinions are based "not on actual knowledge and experience but by reading musty books on political economy." The Colonel himself at a tender age was put at hard labor! It is not often that a man whose whole life has been given up to politics and office-holding gets as horny-handed as Mr. Roosevelt in the ranks of labor and high finance!

Wonder if Emerson was gazing upon a Moose call when, several decades ago, he wrote: "I am the owner of the sphere, Of the seven stars and the solar year."

President Taft congratulates the Republicans of Maine on what Chairman Hillies describes as "an old-fashioned victory." Another such as Vermont and Rhode Island would go Democratic in November.

The card-stacking at Armageddon goes merrily on. Eight Taft electors in Missouri announce that if elected they will vote for the Third Term candidate.

Those who know and feel for Chairman Hillies say he really isn't to blame for the Republican presidential candidate's announcement that he "is out of politics."

A Western Third Termer regrets that Roosevelt will not have time before election day to say half he means. He'll have plenty of time following it.
