

The Farmers National Bank

Louisburg, N. C.

THE FARMERS NATIONAL IS THE STRONGEST BANK IN
FRANKLIN COUNTY

The Farmers National Bank was organized by and is run by the farmers themselves. The progress it has made shows what the farmers can do when they really get at the head of any movement. Although only nine months old, it stands in the front ranks of banks of Franklin county. With the present rate of growth, it will soon surpass in volume of business any bank in the county. It now has more property behind it than any other bank in the county, and the strength of any bank is measured by the strength of the men behind it. We ask the farmers to assist us in making it still larger and therefore more useful to the community.

Commercial Department.

Our commercial department is perfect in every particular, and we invite the people to make use of it. Open a checking account with us, if you have not already done so, and you will find this a most satisfactory way to pay your bills. We furnish check books and pass books, and do your book keeping, all free of any cost to you. In fact you get all the benefits without any expense or cost whatever.

Certificates of Deposit.

We issue Certificates of Deposit drawing interest at the rate of 4 per cent, and payable on demand. This is better than a Government bond.

Savings Department

We invite men, women and children, to open savings accounts. Any amount is large enough to open an account, and small amounts added from time to time and drawing 4 per cent interest soon make substantial totals. If you wish to accumulate any sum for some particular purpose you will find this an easy manner. Your money will be banked by somebody; why not by yourself?

Provide for the Baby.

Start a savings account for the baby and see how much you can make the total by the time the baby reaches 21 years of age.
