The Fire Signal Whistle of the Sterling sounded last Saturday night

about 12 o'clock and woke up everybody who had retired, who proceeded to find the fire. It was soon found that the watchman's house at the power plant near the mill was on fire. A crowd quickly gathered, but the house being small it was burned down. We learn that the gasoline in the house caught and set it on fire. It was reported that the watchman caught fire and jumped in the pond.

The people of Franklinton should highly appreciate their very efficient and well conducted light plant here, and much praise and appreciation is due Mr. T. H. Whitaker and his assistants for the bright lights on the night of the storm of last Wednesday. Reports from every other large and small town in the State gave it that the lights were put out of commission. There was no trouble here and we had as bright, steady lights as any time before the storm. There is not a better plant in the State.

The cotton fields are getting white with "King Cotton" and the gins around town are getting in shape to handle it. I. H. Kearney's gin turned out the first bale that has been brought to town this season. This was brought by D. R. Smith, one of Mr. Kearney's tenants. Reports say the storm did not do as much damage to cotton as was first expected and a big crop is coming. He had only 902 pounds seed cotton which made a bale weighing 400 pounds, this seems that cotton is turning out well and making satisfactory yields.

### Appreciations.

TO THE CITIZENS OF LOUISBURG: We the committee appointed by Franklinton Lodge No. 241 beg leave to tender the citizens of the town of Louisburg our thanks for the kindness and courtesy extended the Class of Orphan's from the Odd Fellows Home at Goldsboro. Your town not having an Odd Fellows Lodge and asking that the class be sent there shows an interest in the work which all Odd Fellows will appreciate. Your townspeople by the attendance given the class show again the deep feeling they have for the orphan home.

Very Truly,  
S. C. FORD,  
G. G. COOPER,  
Committee.

Franklinton, Sept. 9th, 1913.

### Miss Ruth Ward Entertains.

Those present were Nell Ballard Joyner, Claire Kearney, Bertha Morris, Mary May, Lavenia and Marguerite Green, Mary Exum Ross, Maurice Blackley, Ruby, Pearl and Mary Reid Daniel, Annie Day, Elizabeth Purnell, Susie Robertson, Janie Pearce, Rebecca Pearce. There was only one gentleman in all this vast crowd of pretty little girls and that was Mr. Richard Whitfield who certainly did the entertaining in a handsome style to the full enjoyment of all. If there was any young lady in the crowd of his particular choice it was not discovered but he was Beau Ideal of the occasion. The crowd was served ice cream and cake and bananas. They were also nicely entertained at the drug store.

**Appreciated.**  
THE FRANKLIN TIMES,  
Louisburg, N. C.  
Gentlemen:—We were surprised above measure on Thursday night, Sept. 4, about eight thirty, by a large number of our neighbors and friends coming to our home loaded with those things which make glad the heart of the home. We desire to express as far as words can the deep feeling of the heart our appreciation for their gifts.

We are thankful for their intrinsic value, but far more for the sentiment and kind feeling which prompted the gifts. We had learned in the few months of our life here to love these people, but their thoughtfulness to us makes yet stronger the tie that binds. We will never forget your kindness to us dear neighbors.

G. W. MAY AND WIFE.

## Printer's Ink to Make You Think

By HOLLAND.

MILLIONS of dollars are spent in this country every year to promote thinking. You are induced to think on all sorts of subjects at a vast expenditure of money. Some concerns want you to think about clothes, others want you to study the question of breakfast foods, while others want you to investigate the care of the teeth and think what sort of paste, powder or liquid wash is best for preserving them. Advertising is the method by which these men are inducing you to think. They know that if you begin to think you will insist on the best, and each advertiser knows that his goods possess real merit. He knows it would not pay him to advertise something that would not stand the hard test of actual use.

If you will do the thinking the aim of the advertiser has been achieved, for you will in time try his goods. That is all he wants—just a trial. He will then depend on the goods to make a favorable impression. Advertising merely interests—makes you think.

THERE IS FOOD FOR THOUGHT IN OUR ADVERTISING COLUMNS.

### Paint

Every gallon costs a painter's day's work. Poor paint, more gallons; good paint, less gallons. Every extra gallon adds to your job its price and the painter's day's work: not far from \$5 a gallon. There are a dozen good paints and hundreds of poor ones. Devote is one of the dozen. The chances are; there isn't another in this town.

DEVÖE

## SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mr. Alry, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it. Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.
