## NAMES STILL COMING IN

### Franklin Times Great Auto Contest

STARTS NOMINATED BY THE HUNDREDS.

Plans and Policy of Contest Much Admired—Active Work Already Begun—Nominate Yourself—Enter Now.

Never in the history of newspaper contests has a contest created so much favorable comment as has the Franklin Times Great Auto Contest. The contest manager has been busy every minute answering questions and accepting nominations. More than three hundred names have been sent in and every mail bringing in more. The policy by which this contest is conducted met with the hearty approval of all contestants, and already active work has begun. That all the big extra votes are given in the beginning and grows smaller to the close, is evidence enough that success depends entirely upon an early start. For all extra bonus votes will be issued during the first part of the contest, and shall grow smaller each week, to the closing of this contest. By this method one would have to put up two or three times the worth of the prizes to win them away from the contestants who had taken an advantage of the extra votes offered in the beginning. This, of course no one will do. So, the success of the fortunate winner of the Five Passenger Ford Touring Car, the Grand \$450.00 Prescott Piano or either of the district prizes, depends entirely upon an early start. The proper thing to do, is to get busy today, seeking the support of your friends.

If you do not fully understand every particular of this contest, either, come, write or phone to the contest manager today, and all particulars will gladly be given. Do not waste any time in this matter, for the prizes offered are certainly worth many times the time and work that it will take to win. Besides, other contestants are already taking advantage of the first fruits of the season.

Look over the list below and if your name does not appear among them, send it in today. Don't be backward or faint at heart, be determined and ambitious, and you can surely win if you try. Enter your name with the one aim of being the winner of the capital prize in this contest. Come to the office of the Times and see the car—the Piano and the Watches, then you will know what you have to work for.

The management of the Franklin Times, tried hard to select the kind of prizes that would appeal to the young ladies, and in their effort to please and satisfy you, they have bought more prizes than has ever been offered on any weekly paper in this State. The Five Passenger Ford Touring Car, sold by the Louisville Machine Works, with one price all over the world \$585.00 is the capital prize, and is one certainly worth working for. You can value your time at \$250.00 per month if you win this car. The Prescott Upright Grand Piano is the Grand Prize, a one priced product that has been manufactured more than one hundred years under the name name, is another prize worth your time and energy. This piano is guaranteed from every point of view by the Howell-Bunn-Hudson Co., Inc. of Louisville.

The two prizes mentioned above, are open to all districts and are on display at the above mentioned places.

**THE DISTRICT PRIZES.** Ladies Gold open face Elgin Watches are prizes of merit and uncut value, and are to be appreciated by the winners of each district. There is no need of our talking about the quality of the Elgin Watch, for everyone is aware of the fact that they are leaders. But such is the case with all the prizes, we bought the best.

The time is short and its the early part of this contest that counts for the extra votes, and our advice is for you to start now, today, and begin an active campaign for votes. Start your fight feeling that you are going to come out victorious in the end. Work every day so that you can feel that no one has done better work than you. Then when the contest closes, you can proclaim your reward.

Watch the Franklin Times closely for the various announcements, and keep yourself posted—come to the office as often as you can, and we will always assist you in every way we can consistently do so. Below are the names of those who have entered—look over it carefully, and if your

name fails to be numbered among them, fill out the nominating blank, and send it in today.

**RICHMOND THE OBJECTIVE.** Banks Will Subscribe to Capital Stock of the Federal Reserve Bank in This Zone. The Farmers National and the First National Bank of Louisburg in the meetings of their respective boards of directors the past week passed resolutions heartily endorsing the change in the National Currency system and subscribing stock to the Federal Reserve Bank to be located in this zone. They have also expressed their endorsement of Richmond as the proper place for its location, owing to the convenience of business transactions with this city. This system is recognized a most progressive move and a big improvement over the old one. It is expected that in the operation of the new system, a benefit will be in direct reach of the farming people in that a feature is involved that promises to lead to a rural credit system. We are informed that immediately upon the opportunity presenting itself the local banks will become a portion of the big national reserve system.
