

**Pineapple Juice for Stomach Trouble.**

A preparation of fresh pineapple juice and pure scale pepsin when combined with other ingredients, in the right proportion, such as are found in Natol Pineapple Pepsin Compound, furnishes the necessary elements to relieve indigestion, nausea from any cause, sour stomach, bloating, sick headache and nervousness arising from a disordered stomach.

This preparation is sold by us on a positive guarantee of money back if not satisfactory. It is a wonderful medicine, having properties possessed by no other. Don't take my word for it, but prove it by a trial. 50c and \$1.00 sizes. All druggists and Avcoch Drug Co.

**Philadelphia's Boast.**

Philadelphia was the first place and remains the only place in America where a first class battleship can be built and equipped from keel to armor and fifteen inch guns without going beyond a state border for the materials.—Philadelphia Ledger.

**Why Endure Summer Colds?**

It isn't necessary to have a stuffed head, running nose. To cough your head off as it were. All you need do is to use Dr. Bell's Pine-Tar-Honey. The soothing and healing balsams open the clogged air passages and in a short time you get relief and start on the road to recovery. Your nose stops running, you cough less and you know you are getting better. Get a bottle, use as directed. Keep what is left as a cough and cold insurance.

**Had an Instance.**

"Youth enjoys many things that manhood dislikes."

"Oh, I don't know. That's a platitude. Cite an instance."

"Well, when I was about sixteen years old I thought that snoring was fun."—Kansas City Journal.

Chase City, Va., where there is so much fine land selling so cheap is only about 75 miles west of Louisburg, is the healthiest climate to be found anywhere. Never any chills—they are unheard of. Health seekers go there from all over the United States for health and always get cured. The country abounds in the finest, purest drinking water. Write to W. T. HUGHES, formerly of Louisburg for particulars. 7-28-31.

**FIRE INSURANCE.**

When you want insurance take it with T. W. WATSON. He knows how. 7-21-11.

**LONDON THRILLS AT ITALY'S GAINS.**

**Their Successes on The Isonzo Front One of the Most Promising of New Allied Operations; Russia's New Victories South of Dniester. Occasion Equal Satisfaction.**

London, Aug. 8.—Before the echoes of the mutual congratulations of the entente allied sovereigns on the auspicious opening of the third year of the war have died, comes news of further Russian successes and of a splendid victory for the Italian arms on the Isonzo front.

The surprising success of the Italians, who in two days have captured 10,000 prisoners, suggests that in addition to transferring General Koevess, an able Austrian general, from the Trentino front to Galicia; the Austrians also ventured to transfer troops from the Isonzo to the Russian front in an endeavor to stem the Russian advance.

**London Rejoices.**

General Cadorna's victory has caused in London great rejoicing as one of the most promising successes in the new allied operations and a demonstration of the "constantly growing power of the allied offensive on all fronts." Russia's new victories south of the Dniester and southwest of the Staslau-Kolomea railway offered equal satisfaction and the prompt admission in the Berlin official statement of the retirement of the Austro-Germans south of the Dniester is taken here to indicate that the Russian victory in this quarter is weightier than yet announced by the Russian official dispatches. According to an unofficial report the evacuation of Lemberg, the Galician capital has already been ordered.

In the meantime a new combined offensive by the allies has begun on the western front which is expected to lead to the severest fighting. Gull-leumont, around which heavy fighting is now in progress, is one of the strong positions in the German second system of defense and will doubtless be defended by the Germans, as was Pozieres, with the utmost stubbornness.

**Notable Gains By French.**

Paris, Aug. 8.—Notable gains have been made by the French in the Somme battle, according to the official statement issued by the war office to-

night. In two days they have carried German trenches along a front of more than three and one-half miles, to a depth of from 300 to 500 metres.

In the Verdun sector they have succeeded in regaining a foothold in the Thiaumont wood.

**Russians Take Austrian Villages.**

Petrograd via London, Aug. 8.—The Russians in their advance against the Austro-Germans in East Galicia have taken territory aggregating nearly one hundred square miles, according to the Russian official communication issued tonight. In pursuit of the Teutons, the Russians have taken additional villages in the Dniester region.

**Austrians Admit Losses.**

Vienna, via London, Aug. 8.—The loss of the Gorizia bridgehead to the Italian forces is admitted in the Austrian official statement issued today. A withdrawal to the Eastern Isonzo, the statement says was necessary to avoid severe losses to the defender of the bridgehead because of the desperate attacks made by the Italians.

**The Quinine That Does Not Affect The Head** Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of H. W. GROVE, 25c.

**Report on Tuberculosis Work.**

At a meeting of the Board of Commissioners of the County last Monday the Public Health Officer after submitting his monthly report on conditions of the Public Institutions also rendered his report of work against Tuberculosis since the 1st of May 1916. In this fight against this "Great White Plague" the Health Officer states that he has discovered about 44 people in the county who have had their names and persons associated with this dread disease. Of this number about 23 are whites and about 21 are colored. About 8 are chronic cases. Six have gotten well. Six were suspected cases, who were examined and dismissed suffering from some other disease. About 10 colored people had gone North to a colder climate seeking better wages had contracted Tuberculosis and returning home to die which they almost invariably do are made heroes and heroines, and their friends flock to their homes and besides out of sympathy or curiosity, and in this way, if they are not instructed how not to, they spread this disease like sowing grain in a fertile field, but these cases he says are

being watched and attended to carefully taught "by word of mouth" and printed instruction how to conduct themselves so as not to give it to those near and around them. About the most dangerous and prolific source for spreading the disease that we have to combat, he says. Ten of these people are suffering with the disease in a very active state and about ten or thirteen in more passive form. The report shows how much territory has been traversed or visited, the number of talks made by him in churches, Sunday school and day schools throughout the county, the number of talks being about fifteen, the number of trips made about 25 or 30. The report also tells of the cost for transportation and clearing up, disinfecting and fumigation of homes and rooms from which a patient moves or in which one dies.

By this last work he stops the spread from both sources. He states that when and where a case is diagnosed Tuberculosis, their name, address, color, sex, age, individual and family history is written down the time they were taken sick, the present state of the disease and its prognosis also he says that if he and the family can't make arrangements to get them into the State Sanatorium at Montrose with Dr. McBryer, they go to work and construct an outdoor open air room in the yard or grove, otherwise select an upstairs southside room in the house and make it conform in all of its fixtures and surroundings as near to a regular sanatorium room as possible and also treat them as much like they do as we can. At the patients home he leaves printed instructions as how to handle a case from every viewpoint except as to medication which he leaves to the family physician. Hygiene and sanitation the officer says is slogan. He also leaves the same kind of printed instructions at every home within a mile of the sick persons home. This report contains the statement, that while the main work is against Tuberculosis, its cure and spread, he never loses sight of all Pellagra cases, which latter disease is again becoming too extensive in the county. This report shows that the officer leaves no stone unturned in his effort to eliminate this great enemy of all life from the soil of his county and in it he begs for encouragement and

This Kabo Corset is one of the many beautiful styles we now have to show you. Wear a Kabo for style and comfort. We are sole agents for them. Candler-Crowell Co., Louisburg, N. C.

help from the people by their reporting all cases within their knowledge.

**Miss Allen Entertained.**

Miss Annie Allen delightfully entertained a number of friends at bridge on Tuesday morning in honor of Misses Katherine White, of Augusta, Ga. Lizzie Lee and Josephine White, of Raleigh. After the games delightful refreshments were served and a most enjoyable time was had.

**For Sale.**

One Merry-Go-Round for sale cheap. LOUISBURG COAL & ICE CO. 8-11-16.

Queen Wilhelmina of Holland is the only woman who is a reigning sovereign.

**Notice of Application for Pardon.**

Notice is hereby given that application will be made to the Governor of North Carolina for pardon of James Parrish, convicted at the fall term, 1914, of Vance Superior Court of manslaughter sentenced to two years labor on the public roads and hired to Franklin county, and now serving his term.

This August 11th, 1916. WM. H. RUFFIN, Attorney for Board of Commissioners of Franklin County. 8-11-16.

**Grocer Gained 16 Through Tanlac**

W. C. TURNER SAYS IT IS THE GREATEST HEALTH RESTORER. AND HE KNOWS.

"I have gained 16 pounds of good solid flesh on two bottles of Tanlac, the greatest health restorer the world has produced and I'm back for more of it," declared W. C. Turner, prominent grocer of Raleigh, to the Tanlac Man.

"Yes sir," he continued, "Tanlac brought me out from a general run-down condition when all other medicines failed and it has won for itself a place in my home. Why, I don't know what nervousness is now; have a hearty appetite; am free from all pains; enjoy unbroken sleep; have gained in strength and feel an entirely different man. Before taking Tanlac I had fallen off 30 pounds and didn't know what a well day was for months. I'm glad of the chance to praise Tanlac for I know it will help others who give it a trial."

**WEDNESDAY, AUGUST 23rd**

The Farmers Union Tobacco Warehouse Will be Open on the Above Date

**For Sale of Leaf Tobacco**

Mr. W. H. Jenkins, One of the Best Warehousemen in the State Will be the Manager. He has been with us for the past two years, and we all know he is a hard worker, and can get the highest market price for your tobacco.

Mr. B. H. Saunders will be our Auctioneer and with experience he has had bids fair to be one of the best Auctioneers in the country. Mr. Hugh Hight will be our principal Bookkeeper and has been in the tobacco business since he was a young man. He is as straight as a shingle and buyers believe every word he says. Mr. Stephen Sykes will be our assistant Bookkeeper. Mr. Sykes is an exceptionally bright young man. Just back from a business college at Richmond, Va., and is the son of Mr. Peyton Sykes, mayor of Bunn. Mr. Sykes is one of the most promising young men of the county. Mr. C. P. Harris is still with us and will be our general director. He is one of the largest tobacco growers in the county and knows how and where to sell his tobacco for the highest prices. We are glad to announce to the farmers that our force is complete for about one half of the cost for each of the past two years. This house is owned and run by the farmers and for their benefit and there will be no suckers or middle men between you and the buyers. This house will be run on the same principles upon which it was organized. There will be no buying in the country. The only right way for the farmer to get a just reward for his labor is to sell his own tobacco on the floor and give the seven companies represented a chance to give you the very highest market price for it. The prospect is good for higher prices. This has been an exceptionally expensive crop to make, so don't be deceived out of your hard labor, and that belongs to you by selling your tobacco at home. We are informed that there will be seven companies represented on this market as follows: American Tobacco Co., Export Leaf Tobacco Co., J. P. Taylor Co., R. J. Reynolds Co., Leggett-Myers Tobacco Co., Dibrell Bros., Imperial Tobacco Co., and all will be anxious to buy your tobacco at good prices.

Make this warehouse headquarters when in town, whether you bring tobacco or not and share in the profits. Remember this is the only house in the State that will share its profits with you. So help make this house a success by selling all your tobacco with us and go home satisfied. Remember the date Aug. 23rd, 1916 and come one and all.

**FARMERS UNION TOBACCO COMPANY**

W. H. JENKINS, Manager
