Great Franklin County Fair.
Well, it's here! The Great Franklin County Fair at which may be seen: Some of the finest live stock in North Carolina; a grand display in the Floral Hall of hundreds of various and interesting exhibits; beautiful floral, school, and live stock parades every day; O. E. Williams, the master air-craft mechanic, in sensational feats in his monster bi-plane; the most dangerous high-dive act ever witnessed; a wonderful sharp-shooting performance—all free acts; Geo. W. Reynolds Sixteen Greater Shows, the cleanest and best shows seen at any Fair Ground anywhere; and many other various things of interest to both large and small, which one cannot afford to miss. Everybody is expecting a big time and they will get more than they expect.

The management has arranged for special guards for every booth in the Floral Hall during the week and especially Saturday. All those who send anything can feel assured that their exhibit will be taken the best care of possible, and there will positively be no handling of any exhibit at any time. Booths have been so arranged that all exhibits may be seen from the aisle and nobody will go inside of the booths except the directors and the guards on duty.

The Midway at night will present a grand brilliant spectacle with hundreds of incandescent lights and illumination everywhere. Already the password, "Meet me at the Fair" is being heard all over the county, and when you get there you won't have to look for a good time but it will be given you.

You'll be sorry if you miss it so come instead and be happy!

ALL TROOPS TO SEE SERVICE ON BORDER.

First Official Announcement Made of Policy of War Department.

Washington, Oct. 3.—All National Guard units of Virginia, North Carolina, South Carolina and Tennessee now in mobilization camps will be sent to the border "in the immediate future," Secretary Baker announced late today. These and other State troops who have not yet seen service on the border will take the places of National Guard organizations ordered to their home stations.

The secretary's statement was the first official announcement that the War Department had adopted a policy calling for border service for all the National Guardsmen before they are mustered out. It had been understood for several weeks, however, that this course would be pursued. Department officials expect the last of the units to be moving toward the border within the next week or ten days.

A War Department announcement issued this evening listed among the troops in mobilization camps in Southern States on October 1:

North Carolina—Companies A and B, engineers.
South Carolina—Company A, engineers.
Tennessee—Troops C and D, cavalry.

Virginia—First squadron cavalry; Company A, engineers; field company, signal corps and field hospital No. 1.

The department's announcement says that the "official report of muster in" of the troops named in North Carolina, South Carolina and Tennessee "is not a matter of record," but the report says these troops will be sent to the border.

An Old Relic to be Exhibited.

Some days ago Mr. W. B. Cooke was showing me the returns for a lot of cotton sold by his uncle in Georgia in 1860. The statement was neatly made out with pen and ink and was of peculiar interest because of the fact that cotton at that time was only classified as good or bad. The good cotton in this lot sold at 10c and the bad cotton at 5c.

This paper will be exhibited at the Franklin County Fair.

If you have anything unusual which would be of interest to the people in other sections of the County bring it to the fair and exhibit it. In this way you will be getting more out of the fair for yourself, and will be adding to the pleasure and entertainment of thousands of people in other sections who will visit the fair.

Yours for a Bigger and Better Fair,
MALCOLM MCKINNE.

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

The average wage of plumbers throughout the country is \$5 for an eight-hour day.

How Catarrh is Contracted.
Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucus membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. OBTAINABLE EVERYWHERE.

Everything is in Readiness For The
Biggest County Fair
In The History of North Carolina.

Large and spacious buildings have been added to the Floral Hall, a large new Secretary's office and many other improvements about the Fair Grounds will greet the spectators who come to the Franklin County Fair next week. The exhibits promise to be the largest and most interesting ever exhibited at a County Fair and Premiums will be given for almost everything raised or made in Franklin County. . . . Reynolds' Greater Shows, consisting of sixteen big shows with innumerable concessions, will give Franklin County the largest, cleanest, and best midway to be seen anywhere in the State this year. The aeroplane flight will be one of the many big features, and Mr. Williams, the noted Aviator, has consented to take several passengers on some of the flights while here. . . .

The people of this County have the finest opportunity to compete for premiums in that no entry fees are charged for anything. All exhibits should be at the Fair Grounds either Saturday or Monday, and all live stock must be on the grounds no later than 9 o'clock Tuesday morning.

Fully 25,000 people will attend this Fair, and everybody will have an opportunity to meet everybody else in this and adjacent counties. Already the word is being sounded from one end of the County to the other signifying the intentions of everybody to be present.

The merchants in Louisburg are getting in extra goods every day for display purposes, and some of the most valuable and useful articles will be displayed in the windows and in the booths at the Fair Grounds. A number of merchants will give demonstrations on the Fair Grounds conducted by professional cooks on the latest type ranges and gas stoves, and many will be the delicacies handed out to the visitors at the Fair.

Wednesday will be Agricultural Day and Franklin County's stock will be seen in a parade that will long be remembered in Louisburg. Some of the finest horses and cattle anywhere to be found in the State have been entered for this event, and this parade will be one that will do credit to any stock show anywhere in the South. On this day there will also be the Better Babies' Contest, at which time much interesting and instructive literature will be given out to the mothers present.

Thursday, in addition to the many things seen in the parade of the former days will be seen the floats arranged by the merchants and other interests in Louisburg and other parts of the County.

Friday is Educational Day and special for School children, at which time all under twelve years of age in the parade will be admitted to the grounds free of charge while others will be admitted for half price price or 25c. In this grand school parade will also be seen some of the best stock and some of the floats that participated in Thursday's parade.

Everything is in readiness and everybody all over the county is breathlessly awaiting for Tuesday to come. All the parades will be led by the Royal Italian Band and band concerts will be given at the Fair Grounds daily. The fair will open Tuesday and every minute of the time will be delightfully spent in the Fair Grounds.

The management has arranged this year to take every precaution to safeguard all the entries and in addition to the guards who will be continuously on duty in and about the Fair Grounds both night and day everything within the Floral Hall will be insured for the benefit of those who make the entries. . . . If there is anybody in the county you have not seen for fifteen or twenty years if you will come to Louisburg Fair Week you will see them.

Admission into the Fair Grounds 50c, Children 25c. Admission at night will be 10c to all not having free coupon which goes with every admission ticket purchased during the day.

A. H. FLEMING, Secretary
