Now Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

You feel different as soon as Pape's Diapepsin comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gas, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

**What Do You Owe to Your Community?**

Friend, stop and think what you owe to your community. But first stop and think what your community has done for you.

How many men in your community have accumulated what they have out side of that community? Very few, you will admit.

Now, how was it possible for you to accumulate property? Was it purely by your own exertions, or did not business conditions contribute largely to the result? If you are a farmer, and were your farm a hundred miles from civilization, what would it profit you? How much wealth could you amass?

No, friend, your holdings are not solely the result of your own energy. The entire population of your community has contributed to your up building.

What though you are the most capable lawyer or doctor, if you are located in a sparsely settled country where there is little demand for your services, what does your capability profit you?

What of the expert builder if there are no houses to build? What of the engineers, if the nearest approach to a locomotive were the old ox-wagon of our grandfathers?

So you see that wealth is very largely a matter of environment. Without a populous community all men are at a disadvantage in its accumulation, and as the community grows in population the opportunities for accumulating wealth increase.

This by way of reminding you that however "self-made" you may boast yourself, you are in reality "community-made," and you owe a debt to your community. And the size of that debt is in exact proportion to the amount of your holdings in the community.

Now if you owe this debt—and we do not think you will dispute it—isn't it up to you to discharge it when called upon to do so?

How many times has your community called upon you in vain when plans for its betterment were being made? A road was to build for which funds were not available. Did you contribute? A school house was to be repaired and the grounds beautified. How much did you help? Your church was old and out of date, and the membership wanted to rebuild. Did you chip in?

In short, you are paying your debt to the world and to your community in the only logical way—assisting to the extent of your ability to make it a better community for your children and your children's children to live in?

Now you will admit that you owe to your parents a debt you can never repay—to them. The only way you can possibly pay is to pass it on to another generation. That is nature's eternal plan.

Just so you can pass on to the community of the future what the community of the past has done for you. Will you pay the debt?

**LOOK AT A CHILD'S TONGUE WHEN CROSS, FEVERISH AND SICK**

**Take No Chances! Move Poisons from Liver and Bowels at Once.**

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, sea if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what ails your little one— if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.
