## THE FRANKLIN TIMES

A. F. JOHNSON, Editor and Manager

One Year ..... \$1.50  
Eight Months ..... 1.00  
Six Months ..... .75  
Four Months ..... .50

Next week is Court week.

The State Fair will be held in Raleigh next week.

The weather the past week has been unfavorable for the Fair.

The World's series of ball is now being played off between the two leagues.

Nelson, the man who killed the policemen in Tarboro in raid for whiskey, was sentenced to 30 years in the penitentiary.

Mr. Joseph C. Jones, Food Administrator, has announced the appointment of the following Executive Committee for Franklin County: Mrs. W. E. White, Mrs. J. A. Turner, Miss Pauline Smith, Rev. Mack Stamps, Supt. E. L. Best, Messrs. F. B. McKinnon, J. A. Boone and A. F. Johnson. The committee held its first meeting on Saturday of last week.

## What You are Asked to do for Your Country

The men of the Allied Nations are fighting; they are not on the farms. The production of food by these countries has therefore been greatly reduced. Even before the war it was much less than the amount consumed. The difference came from America and a few other countries. Now this difference is greater than ever and, at the same time, but little food can be brought in from the outside except from America.

Therefore, our Allies depend upon America for food as they have never depended before, and they ask us for it with a right which they have never had before. For today they are our companions in the great war for democracy and liberty. They are doing the fighting, the suffering, and dying for our war.

Why We Must Send More Wheat  
England, France, Italy and Belgium, taken together, import in peace time thirty percent of the breadstuffs. But

new, with their reduction in harvest, they must import sixty per cent. We must increase our normal export surplus of 88,000,000 bushels to 220,000,000 bushels. This can be done but in one way by economizing and substituting. The people of the Allies can not substitute corn alone for bread, as we can. They are using other cereals added to wheat flour to make war bread, and can thus use up to twenty-five per cent of corn for wheat. We have plenty of corn to send them, but, except in Italy, where people normally use it, our Allies have few corn mills, and corn meal is not durable enough to be shipped by us in large quantities. Moreover, the Allied peoples do not make their bread at home; it is all made in bakeries, and corn bread can not be distributed from bakeries. There is but one way: we must reduce our use of wheat. We can use now an average of five pounds of wheat flour per person per week. The whole problem can be met if we will substitute one pound of corn or other cereal flour for one pound of wheat flour weekly per person; that is, if we reduce our consumption of wheat flour from five pounds a week to four pounds a week.

## Why We Must Send More Meat

The food animals of the Allies have decreased by 33,000,000 head since the war began; thus the source of their meat production is decreasing. At the same time, the needs of their soldiers and war workers have increased the necessary meat consumption. Our meat exports to our Allies are now already almost three times what they were before the war. The needs of the Allies will steadily increase, because their own production of food animals will steadily decrease because of lack of feed for them. If we will save one ounce of meat per day we can send our Allies what they need.

## Why We Must Send Butter and Milk

The decreasing herds and the lack of fodder mean a steady falling off in the dairy products of our Allies. They have been asking for larger exports from us. Last year we sent them three times as much butter and almost ten times as much condensed milk as we used to send them before the war. Yet we must not only keep up this level, but do still better.

## Why We Must Send Sugar

Before the war France, Italy, and Belgium produced as much sugar as they used, while England drew most

of its supply from what are now enemy countries. France and Italy are producing less than they need, while England is cut off from the source of seventy per cent of her usual imports. These three Allied countries must now draw 1,000,000 pounds more of sugar than they did before the war from the same sources from which we draw our supplies. We must divide with them. We can do it by economizing. The usual American consumption per person is just double that of France.

## Let Us Remember

Let us remember that every flag that flies opposite the German one is by proxy the American flag, and that the armies fighting in our defense under these flags can not be maintained through this winter unless there is food enough for them and for their women and children at home. There can only be food enough if America provides it. And America can only provide it by the personal service and patriotic cooperation of all of us.

The small daily substitution can be done by all; the saving by the majority, and the lessening of food consumed by many. This individual daily service in 10,000,000 kitchens and on 20,000,000 tables multiplied by 100,000,000, which is the sum of us all, will make that total quantity which is the solution of the problem.

## How a Canadian Soldier Felt in Giving Life in War

New York, Oct. 7.—As an illustration of the lofty sentiment possessed by men who die on the European battlefields in the war for democracy and a reminder for Americans who may be backward in contribution to the second Liberty Loan for the same great cause, the Liberty Loan Committee made public tonight the last letter written by Captain V. G. Tupper, of the Canadian Scottish sixteenth battalion to his father, Sir Charles Hibbert Tupper, before his death at the battle of Vimy Ridge last April. The soldier wrote:

"My dear Father: I am writing one of these 'in case' letters for the third time, and of course I hope you will never have to read it. If you are reading it now, you will know that your youngest son 'went under' as proud as Punch on the most glorious day of his life. I am taking my company 'over the top' for a mile in the biggest push that has ever been launched in the world, and I

trust that it is going to be the greatest factor toward peace.

"Dad, you can't imagine the wonderful feeling; a man thinks something like this, well if I am going to die, this is worth it a thousand times.

"I have been over two or three times before but never with a company of my own. Think of it—a hundred and fifty officers and men who will follow you to hell, if need

## Trustee's Sale of Land

By virtue of the power of sale contained in that certain deed of trust made on March 1, 1916, by C. J. Johnson to W. H. Ruffin, Trustee, and recorded in Book 210 at page 77, Registry of Franklin County default having been made in the payment of the debt thereby secured and demand for foreclosure having been made on said trustee by the holder of the said indebtedness, the undersigned will on Monday, November 12, 1917, at about the hour of noon at the court house door in Louisburg, N. C., offer for sale at auction to the highest bidder for cash a certain tract or parcel of land situate in the County and State aforesaid, and more particularly described as follows: Bounded on the North by the lands of Andrew Johnson on the East by the lands of Andrew Johnson on the South by the lands of Joe Perry, and on the West by Louisburg Warrenton Road, and containing one acre, more or less, and having thereon a dwelling and a store.

This Oct. 12, 1917.  
10-12-5t. W. H. RUFFIN, Trustee

## Trustee's Sale of Land

By virtue of the power of sale contained in that certain deed of trust made on January 24, 1916, by Bryant Green and wife, Lizzie Green, to Wm. H. Ruffin, Trustee, and recorded in Book 210 at page 49, Registry of Franklin County, default having been made in the payment of the debt thereby secured, and demand for foreclosure having been made on said trustee by the holder of the indebtedness, the undersigned will on Monday November 12, 1917, at about the hour of noon, at the Court House door in Louisburg, N. C., offer for sale to the highest bidder for cash, the following described land situate in the County and State aforesaid, and more particularly described as follows: Bounded on the North by the lands of Oscar Williams, on the East by the lands of Henry Perry, on the South by the lands of Matthew Neal's estate, and on the West by the lands of Matthew Neal's estate, containing 40 acres, more or less.

This Oct. 12, 1917.  
10-12-5t. W. H. RUFFIN, Trustee

The hog must have a clear liver or \$1.00 forfeit after using National Hog Cholera Preventive.

THE FRANKLIN TIMES  
\$1.50 Per Year In Advance

## Catarrh of Stomach

Mrs. Mary Fennell, R. F. D., Pomonio, Missouri, writes: "I wish to say a few words in the praise of Peruna. I have used it with good results for cramps in the stomach. Also found the very thing for catarrh of the head. My sister was cured of catarrh of stomach by the use of Peruna." Mrs. E. T. Chomery, 69 East 42nd St., Chicago, Ill., says: "Manalin best laxative on the market for liver and bowels, very good for indigestion and heart burn." Those who object to liquid medicines can secure Peruna tablets.
