Rev. H. E. Spence to Preach  
 Rev. H. E. Spence, Sunday School Secretary for the North Carolina Conference will occupy the pulpit at the Methodist church Sunday morning and night. The public is invited.

What-You Can Do to Help Win This War.

Our problem is to feed our Allies this winter by sending them as much food as we can of the most concentrated nutritive value in the least shipping space. These foods are wheat, beef, pork, dairy products, and sugar.

Our solution is to eat less of these and more of other foods of which we have an abundance, and to waste less of all foods.

Bread and Cereals

Have at least one wheatless meal a day. Use corn, oat, rye, barley, or mixed cereal rolls, muffins, and breads in place of white bread certainly for one meal and, if possible, for two. Eat less cake and pastry.

As to white bread, if you buy from a baker, order it a day in advance; then he will not bake beyond his needs. Cut the loaf on the table and only as required. Use stale bread for toast and cooking.

Meat

Use more poultry, rabbits, and especially fish and sea food in place of beef, mutton and pork. Do not use either beef, mutton or pork more than once daily, and then serve smaller portions. Use all left-over meat cold or in made dishes. Use soups more freely. Use beans; they have nearly the same food value as meat.

Milk

Use all of the milk, waste no part of it. The children must have whole milk; therefore use less cream. There is a great waste of food by not using all skim and sour milk. Sour milk can be used in cooking and to make cottage cheese. Use butter-milk and cheese freely.

Butter, Lard, Etc.

Dairy butter has food values vital to children. Therefore use it on the table as usual, especially for children. Use as little as possible in cooking. Reduce the use of fried foods to reduce the consumption of lard and other fats. Use vegetable oils, as olive and cottonseed oil. Save daily one-third of an ounce of animal fat. Waste no soap; it contains fat and the glycerine necessary for explosives. You can make scrubbing soap at home, and, in some locations you can sell your saved fats to the soap maker, who will thus secure our needed glycerine.

Sugar

Use less candy and sweet drinks. Use less sugar in tea and coffee. Use honey, maple syrup, and dark syrups for hot cakes and waffles without butter or sugar. Do not frost or ice cakes. Do not stint the use of sugar in putting up fruits and jams. They may be used in place of butter.

Vegetables and Fruits

We have a superabundance of vegetables. Double the use of vegetables. They take the place of part of wheat and meat, and, at the same time, are healthful. Use potatoes abundantly. Store potatoes and roots properly and they will keep. Use fruits generously.

Fuel

Coal comes from a distance, and our railroad facilities are needed for war purposes. Burn fewer fires. If you can get wood, use it.

The pretty girl was willing quite, Proposals to extort; But she wants no man very long. Nor will she have him short.

Much Worse

"Once let a man with a thimbleful of brains get the idea that he has an analytical mind, and he is the greatest bore on earth."  
 "I know a greater bore than that."  
 "Name him."  
 "The fellow without even a thimbleful of brains who thinks he has an analytical mind."

A Letter From Washington

The Food Administrator Writes Us:

"The use of baking powder breads made of corn and other coarse flours instead of patent wheat flour is recommended by the Conservation Division of the Food Administration. The wheat needed for export is thus conserved, and at the same time healthful food for our own people is provided. The circulation of recipes providing for these uses would be of assistance in carrying out our plans."

The following recipes for Corn Bread and Rye Rolls save wheat flour and make attractive and wholesome food for every day when made with

ROYAL BAKING POWDER

CORN BREAD

- 1 1/2 cups corn meal
- 1/2 cup flour
- 1 level teaspoon Royal Baking Powder
- 1 tablespoon sugar
- 1 teaspoon salt
- 1 1/2 cups milk
- 2 tablespoons shortening

Mix thoroughly dry ingredients; add milk and melted shortening; beat well; pour into well greased pan and bake in hot oven about 25 minutes.

Our red, white and blue booklet "Best War Time Recipes" containing additional similar recipes is free on request. Address Royal Baking Powder Company, Dept. H, 135 William Street, New York.

RYE ROLLS

- 2 cups rye flour
- 1/2 teaspoon salt
- 3/4 level teaspoons Royal Baking Powder
- 1/2 cup milk
- 1/2 tablespoon shortening

Sift dry ingredients together, add milk and melted shortening. Knead on floured board; shape into rolls. Put into greased pans and allow to stand in warm place 20 to 25 minutes. Bake in moderate oven 25 to 30 minutes.

DELCO-LIGHT-We boast of our service. Don't buy something from some stranger you will never see or hear from him again. Delco-Light, like a standard automobile or other dependable goods has its reliable home dealer. We offer the best of service too. Sold by Farm Home Electric Lighting Co., Oxford, N. C. 9-14-17

DELCO-LIGHT-It is self cranking, self stopping, belt bearing, air cooled, and burns no oil. It costs three and one-half cents per kilowatt to make a light. Sold by Farm Home Electric Lighting Co., Oxford, N. C. 9-14-17

Had a Grievance  
 "Where are your manners, sir," asked a crusty business man of a stranger who unceremoniously rushed into his private office.  
 "I left them out in the main office," answered the irate caller, "where I was insulted by two or three of your impudent clerks."

Sour Stomach

Eat slowly, masticate your food thoroughly, abstain from meat for a few days and in most cases the sour stomach will disappear. If it does not take one of Chamberlain's Tablets immediately after supper. Red meats are most likely to cause sour stomach and you may find it best to cut them out.
