FORD BUILDING NASH STREET
LOUISBURG, N. C.

How to Treat Croup Externally

Rub Vicks' "Vap-O-Rub" Salve well over the throat and chest for a few minutes—then cover with a warm flannel cloth. Leave the covering loose around the neck so that the soothing medicated vapors arising may loosen the choking phlegm and ease the difficult breathing. One application at bedtime insures against a night attack. 25c, 50c, or \$1.00. At druggists.

VICKS' VAPOR SALVE

Inspiration.

Just from my slumber in the hay,
Well out from Warfield's busy throng
I'm sitting by the main highway
Watching autos come along.

In this wild Virginia clime
I can give my soul a chance
In imagery that is sublime
To feel its thrilling and expanse.

With papers books and other things,
My thoughts put far beyond the moon,
I will soar on fancy's wings
And get my soul in perfect time.

I launched out on the sea of space,
Headed for the polar star,
Claimed kin with all the poet race
And saw the gates of fame ajar.

I saw the white way all aglow
And started to begin
A rare poetic line or so
And see if I could enter in.

In clouds I gave my quill a dip,
Wrote about a nickel's worth,
My planetary gearing stripped
And I came backwards to the earth.

The clouds I tried to use for ink,
Proved to be a drenching rain;
And before I'd time to think
It wet my clothes and crooked my brain.

Then reason says, if you must write,
Let it be of earthly things
Seen from a less lofty height
Like spark plugs, coils or piston rings.

The planetary things you know
Are only years that bear that name
Used to make an auto go
And not to give a blacksmith fame.

Get you a pint of post-rye,
Then hike it back and take the hay;
Give your clothes a chance to dry,
Then in your village smithy stay.

So to whom it may concern,
If "you" should decide to write
Unless you have some speed to burn
Be sure a shelter is in sight.

VILLAGE BLACKSMITH,
Opr. Wakefield, Va.

IN FIVE MINUTES! NO
INDIGESTION, GAS OR
SOUR, ACID STOMACH

The moment "Pape's Diapepsin" reaches the stomach all distress goes.

Really does put upset stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness due to acid fermentation in five minutes—that—just that—makes Pape's Diapepsin the largest selling stomach antacid and regulator in the world. If what you eat ferments and turns sour, you belch gas and eructate undigested food or water; head is dizzy and aches; breath foul; tongue coated; your insides filled with indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large 50 cent case of Pape's Diapepsin is worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of sick, sour, upset stomach during the day or at night. It's the quickest, surest antacid for the stomach in the world.

Germany's plea that she is fighting for her existence, although hypocritically made, is coming to be the sober truth.

Take Sulphur Baths at home for

RHEUMATISM

Gout, Eczema, Hives, etc. Right in your own home and at trifling cost, you can enjoy the benefit of healing sulphur baths.

DESOPENDENCY DUE TO CONSTIPATION

Women often become nervous and despondent. When this is due to constipation it is easily corrected by taking an occasional dose of Chamberlain's Tablets. These tablets are easy to take and pleasant in effect.

I Am Still In The BOTTOM

doing the best I can under these war conditions. I think I can make you as good prices as anybody.

Don't Make Whiskey With Foodstuffs.

The following communication just received from United States Food Administrator Henry Page, will prove interesting to some of the people of Franklin county.

"To use food products, sugar, corn meal, molasses, etc., in the manufacture of blockaded whiskey, rum, etc., is clearly a wilful waste of food and as such is punishable under the Lever Act.

It is also unlawful for merchants or millers to sell these products to such persons or in such quantities as make it appear reasonably certain that they are to be used in the manufacture of illicit intoxicants.

The Federal Food Administration of North Carolina gives notice that it will take prompt and drastic action where evidence can be secured that any merchant or miller has offended. The merchant or miller found guilty of adding or cooperating with blockaders by selling them—sugar, corn meal, molasses, etc., is liable to a fine of \$5,000 and two years in prison.

The blockader also found guilty of wilfully wasting food products by making them into intoxicating liquor

is liable to a fine of \$5,000 and two years in prison in addition to the regular fine and prison sentence imposed upon persons violating the prohibition law.

It is expected that the State Food Administration will send a corps of Secret Service men into the county in the very near future to round up the blockaders and those merchants and millers who have been aiding them by supplying them with the sugar, corn meal, molasses, etc., with which to make whiskey, and thus put an end to the waste of food products that have gone into the manufacture of whiskey.

THE PNEUMONIA SEASON

The cold, damp weather of March seems to be the most favorable for the pneumonia germ. Now is the time to be careful. Pneumonia often results from a cold. The quicker a cold is gotten rid of the less the danger. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. As to the value of this preparation, ask anyone who has used it.

JUST RECEIVED

Car Young, well Broke Horses and Mules for Sale. Cash or
on Time

We will have 50 Head of young Mules and Horses to arrive next week. Give us a look before you buy.
