America will win this war. Have a hand in the job by buying a War Savings Certificate.

Are you loyal to the American Flag? It is today being fired upon by a million German guns. Buy a War Savings Certificate and help put those guns out of business.

Have you bought a War Savings Certificate? If not, have one before Saturday night of next week. It is as good as gold and every time you buy one you are helping to win the war.

The American soldiers are in the fight in France. Get in the fight at home by buying a War Savings Certificate. It is one way every American can do his or her part in this great National crisis.

Franklin County's answer to the German offensive is to be a War Savings Certificate in the hands of every man and woman and a Thrift Stamp in the hands of every child—by Saturday night of next week. Have you bought yours?

The War Savings Committee plans to have a War Savings Certificate in the hands of every man and woman and a Thrift card in the hands of every child before Saturday night of next week. Have you bought yours? They are for sale at any postoffice and by the carriers on all rural routes.

**WAR STAMPS NOT TO CONFLICT WITH BONDS.**

**Colonel Fries Writes Workers, Best Feeling to Prevail, But No Abatement in War Savings Campaign.**

Winston-Salem, Mar. 23.—That there is no conflict between the War Savings Campaign and the Third Liberty Loan Campaign is the text of a letter that Colonel F. H. Fries, State Director of War Savings, is sending his one hundred or more county chairmen and other War Savings workers. He says to them:

"Only the best of feeling should prevail between the workers of all organizations, but there should be no abatement of activity on the part of the Thrift and War Savings Campaign. On the contrary we should seek to capitalize the enthusiasm started by the intensive campaign of the Liberty Loan workers."

Colonel Fries says that the War Savings and the Liberty Loan campaigns are not rivals; to make them rivals will be to hinder the war plan of the nation. On the other hand, he says that they are two forms of the same financial operation of the Government and are intended to supplement each other. "The Liberty Loan Campaign is necessarily of short duration and primarily designed to reach those who have ample funds to buy bonds, while the War Savings Campaign is addressed to EVERY CITIZEN IN THE STATE. The War Savings plan naturally appeals to those who can invest in small amounts and those whose receipts are irregular in time because they can purchase stamps at any time in amounts up to \$1,000, and they can save regularly, thus encouraging and cultivating the SAVING AND THRIFT habit."

Secretary McAdoo favors the two campaigns being run separately and contemporaneously according to a letter from Assistant Federal Director Tarson to Colonel Fries which he quotes as follows:

"The Secretary of the Treasury has expressed himself verbally very strongly along the line that the War Savings Campaign should continue undisturbed during the Liberty Loan Campaign, as the two were in the main sufficiently separate and distinct to justify their running contemporaneously. It is the Secretary's desire that no friction or conflict develop between the two organizations and that every type of assistance and co-operation consistent with the fundamental purposes of each respective campaign should be practiced by both organizations."

**TWO SAMMIES CRAWL MILE AND BRING BACK GERMAN PRISONER.**

**First Thing I Knew, Says Teuton, Big American Came to Me.**

With the American Army in France, Saturday, March 23.—(By The Associated Press)—The experiences of a patrol of four Americans who, after crawling nearly a mile, surprised a German listening post and brought back a prisoner, were quite thrilling. The patrol was in command of a lieutenant. The lieutenant jumped on the German, who was so deeply engrossed in his duties of listening that he had not heard the approach of the Americans while the others of the patrol went into the post.

The lieutenant and the German rolled into a trench filled with three feet of water. A second German attempted to shoot the lieutenant but an American corporal drove his bayonet through him.

The patrol brought their prisoner back over the route they had taken to the post, and when he came to see the first capture, the German said wonderingly: "The first thing I knew a big American was on top of my throat, and next I was being hauled across No Man's Land."

**GIRLS! HAVE WAVY, THICK, GLOSSY HAIR FREE FROM DANDRUFF**

Save your hair! Double its beauty in a few moments—try this!

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp the hair roots fashish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Danderine at any drug store or toilet counter for a few cents; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

**LEMON JUICE IS FRECKLE REMOVER**

Girls! Make this cheap beauty lotion to clean and whiten your skin.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quart of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how clear, soft and white the skin becomes. Yes! It is harmless.

**ADMINISTRATOR'S NOTICE TO CREDITORS.**

**WHY SUFFER SO!**

Why suffer from a bad back, from sharp shooting twinges, headaches, dizziness and kidney and bladder ills? Louisville people recommend Doan's Kidney Pills. Could you ask for stronger proof of merit.

Mrs. S. B. Nash, Spring St., Louisville, says: "I suffered a great deal from a constant, dull pain across my kidneys. The trouble was making me nervous. I began taking Doan's Kidney Pills and got them at Scoggin's Drug Store. They relieved the pains in my back in a short time. Several boxes completely cured me and improved my health."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mrs. Nash. Foster-Milburn Co. Props., Buffalo, N. Y.

**WOMEN TORTURED!**

Suffer terribly with corns because of high heels, but why care now?

Women wear high heels which buckle up their toes and they suffer terribly from corns. Women then proceed to trim these pests, seeking relief, but they hardly realize the terrible danger from infection, says a Cincinnati authority.

Corns can easily be lifted out with the fingers if you will get from any drug store a quarter of an ounce of a drug called freezeze. This is sufficient to remove every hard or soft corn or callus from one's feet, or simply apply a few drops directly upon the tender aching corn or callus. The soreness is relieved at once and soon the entire corn or callus, root and all, lifts out without one particle of pain. This freezeze is a sticky substance which dries in a moment. It just shrivels up the corn without inflaming the surrounding tissue or skin. Tell your wife about this.

**FARM DEMONSTRATION WORK**

Information of Interest to Farmers Contributed by Mr. C. H. Stanton, Farm Demonstration Agent for Franklin County.

**WILL FRANKLIN COUNTY BE A SLACKER COUNTY THIS YEAR.**

The government is now conducting a food increase campaign, the like of which was never before undertaken. Every man, woman and child in the United States is urged to do all in their power to increase our food supply. But the farmers must bear the burden, and the appeal is directed to them.

Whether the war ends this year or not, there will be a great demand for all food and feed crops and for all kinds of livestock.

It is imperative that the south produce her own food and a surplus this year. Were it possible to secure the usual supplies that are shipped into the south, the transportation situation would prohibit such a course.

But these supplies can't be bought. Share crops and an increased demand—a demand that must be answered—makes it impossible for us to buy in the usual quantities.

What can we do? We must raise substitutes at home. It is too late to raise wheat this year, but sweet potatoes are a good substitute. It is too late to save last year's crop of potatoes, but it is time to think of means to insure next year's crop.

It is time to think of peas, soy beans and velvet beans. These should be planted one of these three in every corn row this summer. Plant your corn as early as possible, "lay by" as early as possible and plant peas or beans in every row. It will mean lots of food and feed and a profit, too.

It is beyond human imagination to conceive of the food produced in war gardens last year. Everyone that can and does not have a year round garden is not doing his part to conserve and produce food.

Any ordinary pair of horses or mules will next Spring probably sell for \$500. And because of this situation, every mare in Franklin County should be bred this year.

Indications point towards higher priced pork. Last year the United States butchered 204,000 fewer hogs than in 1916 but exported 6,000,000 more pounds of hog products. At this rate there is bound to be a shortage.

Conditions are practically the same for the sheep industry and beef industry. High prices for beef and high priced feeds have turned many milk cows into beef. The milk cow is one of the best sources of fats for home consumption and is a thing that every family should have.

Poultry should receive special attention at this time. Eggs are one of the cheapest foods. Were they produced in proper quantities there would be released for export a much larger amount of hog products.

**SWEET POTATO PLANT OUTLOOK.** It is reported that potato growers in eastern Virginia are buying several thousand bushels from Delaware and New Jersey shippers. The shortage in Virginia is acute.

In eastern North Carolina, where normally a large supply is held for shipment, dealers are endeavoring to buy from other sections.

In Georgia there is a small surplus where in the south-western part. Short elsewhere. In Florida there is a shortage. Practically all plants contracted for.

Texas, Louisiana, Mississippi, Alabama, Arkansas and Tennessee all report a shortage.

Those lucky enough to have seed potatoes should be very careful with them. Use every precaution to prevent rotting before and after planting. Take care not to lose plants by frost and later by draught.

Those that have no seed potatoes should get plants—if only a few. In many sections of the south the milk of the crop is made from vine cutting put out in June.

The County Demonstration Agent can get plants for \$1.65 per 1000 F. O. B. south Georgia by ordering in large lots.

**TO THE PEOPLE OF FRANKLIN COUNTY**

I am a candidate for the office of Clerk of the Superior Court of Franklin County, for the coming term, subject to the action of the Democratic Primary to be held in June 1918. I desire to thank my friends for their hearty support in the past, and for the kind assurances and expressions of interest manifested by numerous friends recently. My time has been and will be occupied largely in the work of the War Savings Stamps for some time but I hope and intend to see most of the people of the County before the Primaries are held. If nominated I intend to use my best endeavor to conduct the duties of the office in as efficient manner as is possible, and as in the past will use my best effort to accommodate and help all who have business with the office, and in any other way I can. Thanking all who have supported me in the past and soliciting the support of all Democratic voters in Franklin County, in the Primaries to be held in June 1918 with the best of feelings for one and all I am,

Yours truly,  
J. J. BARROW.

**HOUSE OF REPRESENTATIVES**

Yielding to what I hope may be regarded as a pardonable ambition, encouraged by my friends throughout the County, I beg to announce my candidacy for nomination, in the coming Democratic Primaries, for the House of Representatives. In making this announcement, I desire to state that, at such a crucial period in the affairs of our Nation, I feel that all personal political ambitions should be secondary and subordinated to our work for our National welfare; and I would say further that it shall be my aim and desire to avoid, as far as possible, all personal and partisan bitterness in the coming campaign. Having entered the lists, however, I shall make every honest effort, not inconsistent with my feelings, above expressed, to procure the nomination which I seek and shall appreciate the loyal support of my friends, upon whom I must depend.

EDWIN H. MALONE.

**FOR THE BOARD OF EDUCATION.**

I take this method of informing my friends throughout the county, that I will be a candidate for the Board of Education subject to the action of the Democratic Primary, held in June. Believing that the territory of Sandy Creek, Gold Mine, Cedar Rock and Cypress Creek townships should have some representation on the Board of Education, I hereby ask the voters of the County for their support. I have served four years on the Board and feel that I am familiar with the educational affairs of the County. If the voters of the County choose me, I promise my best services.

T. HENRY DICKENS,  
3-29-1p Cedar Rock Township.

**WHEN YOU HAVE A COLD**

It is when you have a severe cold that you appreciate the good qualities of Chamberlain's Cough Remedy. Mrs. Frank Crocker, Pana, Ill., writes: "Our five-year old son Paul caught a severe cold last winter that settled on his lungs and he had terrible coughing spells. We were greatly worried about him as the medicine we gave him did not help him in the least. A neighbor spoke so highly of Chamberlain's Cough Remedy that I got a bottle of it. The first dose benefited him so much that continued giving it to him until he was cured."

Next week is "Flag Week" in Franklin County and as a pledge of loyalty to "Old Glory" every man and woman has been asked to purchase at least one War Savings Certificate and every child at least one Thrift Stamp before Saturday night, April 5th.
