COUNTY-WIDE SCHOOL TAX

Expressions by our Citizens this all Important Question.

To the Editor of The Times:

Will you allow me through your columns to join the advocates of the county-wide raise in the common school tax. As you know I have for months past been almost wholly occupied in the work of preparation for entrance into the war our soldier boys in their drafted order with my heart and powers in the work, but I work in the work in th in their drafted order with my heart and powers in the work; but I am fully persuaded that nothing is more important, if quite so important, to the common schools in this crucial time. In this view I note that the best and most patriotic minds of our country take the lead and I willingly and confidently follow. In my dealings with our young men, white and colored, I am saddened, and sometims almost am saddened, and sometims almos shamed, by the ignorance of some-more than a few of them. And the "Win the war" at all cost spirit of the times is hampered, as only those who come into direct contact with our young soldiers can know, by their lack of education; for every one will admit that the educated, highly educated soldier, is the most effective soldier in every respect. Army men say that under our system of training only intelligent men can be effective. We Win the war" at all cost spirit of the intelligent men can be effective. We and our allies lead and do not drive our men, as do the Germans. We be-lieve our boys will make the best soldiers in the world; but the training will be harder for some than it ought to be and we, and not they are to blame; for we have neglected them in the past. Let the errors and neglect of our past be atoned for by the action of the present and let all put our best efforts into raising the mental standard of our young people so that they may the more effectively serve and rule the great country which will be their inheritance. Wm. H. RUFFIN.

The Colored Presbytrian church was thescene of brilliant patriotic exer-cises Sunday, in honor of Frankin county's first quota of colored select-men, fifty-five in number.

The principal address, a magnificent effort on "Loyalty of the Negro." was delivered by the pastor, Rev. J. A. Savage, of Franklinton. Dr. Savage paid a glowing tribute to the loyalty exhibited by the block of the same paid. ited by the tolored men during, the civil war, when southern homes were, protected with unrelenting fidelity by protected with unralenting fidelity by the colored men and women, though the 'old masters' were bearing arm's against union soldiers, in an endeavor to keep them in servitude. In beautiful betrospect, the speaker traced the colored race from anterbellium days to the present, and declared that "wa have our first traitor to the American flag to produce."

Excellent papers were read by
Misses Maud Alston and Josephine Lane, and the final remarks to the soldiers by W. M. Alston. The musi-cal numbers were far above the aver-

"Mrs. Swearinger also needed a good tonic and, seeing what Mantone did for me, she started on it. I am glad to say that it already has proved of equally great value in her case.
