

PUBLIC SCHOOL NOTES

A Weekly Column Devoted to the Interests of the Public School System of Franklin County.

Contributed by Supt. E. L. Best.

1. The following teachers passed the reading circle examination Saturday March 30th. A number of teachers whose names do not appear below passed the examination but had not quite completed the work; they will be given credit for the work when the work is completed. There are other teachers in the county who could not be here on the 30th, but will take the examination at a later date. I desire especially to call attention to the fact that the names of the Youngville Graded School teachers appear in this list. These teachers did the work of the teachers' meetings in the fall and also the work of the reading circle this spring. We are always glad to have the graded school teachers of the county working and cooperating with us in our common cause.

4. A number of the larger schools in the county are doing away with the annual basket picnic phase of their commencements; most of the exercises being held at night. They are doing this to conserve food and time.

5. The following letters come from pupils in the White Level school: "Dear Mr. Best: We organized three war saving societies here April 2nd. All of the children present here that day took part in it and looked like they were willing to help. We are going to do our best to win the war. We know what it means to our country. Yours truly, Wiley Bartholomew."

How Do Your Sacrifices Compare With These?

THE American boy who goes to war gives up the little business which has just begun to show position which means so much to his future, or promise of success.

He severs home ties; gives up home comforts; leaves behind parents, friends, wife or sweetheart.

He faces the probability of being obliged to take up life anew when he returns; of losing all the advanced for earning a living, and of being dependent upon his friends or upon charity.

He faces the possibility of never coming home at all.

Facing these things, he goes to France to fight for us who remain safely at home—and when the moment comes for him to go over the top—he GOES!

What will he think, how will he feel, if we complain because we are asked to make a few sacrifices for him—sacrifices so insignificant when compared with his? Show him that to invest in Liberty Bonds and War Saving Stamps is not a SACRIFICE but a PRIVILEGE—an appreciation of his sacrifice!

A LIBERTY BOND is the promise of the UNITED STATES to pay the holder a certain sum of money. Liberty Bonds are made in amounts from \$50.00 to \$10,000.00.
