**JUST GOT OVER A COLD!**

Look out for kidney troubles and backache. Colds overtax the kidneys and often leave them weak. For weak kidneys—well, read what a Henderson woman says:

Mrs. O. H. Hughes, Henderson, N. C., says: "I had dull pains in my back. Mornings I was so sore and stiff I could hardly bend. My head ached and I had awful dizzy spells and dark specks seemed to float before my eyes. The least cold settled on my kidneys. My kidneys showed signs of weakness. I finally got Doan's Kidney Pills and they soon relieved me. I continued using them and the backache and dizzy spells disappeared. Doan's Kidney Pills did me more good than anything else I ever tried. I keep Doan's on hand and when I have any kidney trouble, I use them with the best of results."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hughes had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

with the Board of Education or County Commissioners, but is entirely in the hands of the local committee of the school, who represent the taxpayers of the district.

Q. How would this increased school fund be used?

A. For reasonable increases in teachers' salaries, and increasing the number of teachers and the school term.

Q. What is the necessity of increasing the school fund?

A. There is no business that is run today on the same money basis as it was three years ago except the school. Neither can the school authorities run the schools on the same money basis. Efficient and well trained teachers can not be employed unless they are paid living wages. Teachers have to clothe and feed themselves just as other people. They cannot do this receiving \$35.00 or \$40.00 per month for only five months in the year. A poor teacher means a poor school; a poor school means that your boy and girl will have little training for life.

Q. For whom will you be voting on the 14th of May?

A. For the safety and happiness of your boy and girl, your neighbor's boy and girl, the future citizenship of Franklin County.

**Be Fair With Your Country**

A YEAR AGO the world cried for food to feed the soldiers fighting the people's war against Prussian nobility,—the greatest crops in history were your response. The United States Government protected you from the shrewd manipulator who could gamble on the price of your products. It exempted you from draft so that you could remain on the farm.

Your Government has helped you. It's your turn now. Invest in the Third issue of

**LIBERTY BONDS NOW!**

Then you'll be serving your Government—helping it to prosecute vigorously the war against the autocrats who oppressed the people of France and who would oppress you.

The Government wants to do more for you. It pays you interest on every dollar you invest in Liberty Bonds. You are not asked to give your crops, neither are you asked to give your money. You are urged to lend every dollar you can spare. It's a fair proposition. Your banker will tell you so.
