CITY OF DURHAM TAKES IT'S NAME FROM HIS ANCESTORS

Well Known Resident, Who Has Spent Half a Century Here and Knew This City When It was Young, Talks Interestingly of Its Early Days and His Own Experiences.

Fifty years ago a Grand Uncle of my father, Dr. Bart Durham, sold land on which the city of Durham now rests for three dollars an acre. I have lived around Durham myself for about fifty years, said J. J. Durham of 505 Cole St., West Durham, in the course of a conversation with the Peplac Expert in Haywood & Boone's drug store. After introducing himself Mr. Durham continued:

"I have suffered with indigestion differently from most people. Usually victims of indigestion suffer greatly after eating, but I had most of my pains before meals. I tried other remedies but nothing gave me relief until I gave Peplac a trial. Every day my wife speaks to me of the great change for the better that Peplac has caused in my health. My daughter has also started to taking it, as she also suffers with indigestion, constipation and nervousness, and it is putting her in good shape. My wife has requested me to bring her a bottle, so you see my entire family have become convinced of the merit of Peplac. I want every person in Durham, who suffers from these troubles, to accept the statement of a fellow townsman and give Peplac a trial. I know that they will not go wrong."

THE MERITS OF THIS GREAT RECONSTRUCTIVE TONIC IS EXPLAINED AT THE SCOGGIN DRUG STORE WHERE IT IS SOLD AND RECOMMENDED. A BOTTLE BOUGHT TODAY MAY SAVE YOU YEARS OF SUFFERING.

A New York man has appealed to the courts to compel his wife to keep silence. But where is he going to find a judge with nerve enough to undertake to impose such a sentence?

Does that bill giving the President power to requisition the timber of the country wherever necessary, have any reference to the fences of the politicians?

CLEANSSES YOUR HAIR MAKES IT BEAUTIFUL, THICK, GLOSSY, WAVY
Try this! All Dandruff disappears and hair stops coming out.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance. Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful. You can surely have pretty, soft, lustrous hair, and lots of it, if you will spend a few cents for a small bottle of Knowlton's Danderine at any drug store or toilet counter and use it as directed.

Constipation and Indigestion.
These are twin evils. Persons suffering from indigestion are often troubled with constipation. Mrs. Robert Allison, Mattoon, Ill., writes that when she first moved to Mattoon she was a great sufferer from indigestion and constipation. Food distressed her and there was a feeling like a heavy weight pressing on her stomach and chest. She did not rest well at night, and felt worn out a good part of the time. One bottle of Chamberlain's Tablets corrected this trouble so that she has since felt like a different person.

Ingleside Commencement.
The commencement exercises of Ingleside Academy were held Monday at 2:30 and 8:30 p. m. While the preparations for this event were attended by many difficulties, and had to be postponed on account of inclement weather, it was very much enjoyed by the large and appreciative audience who honored the occasion with their presence. The exercises in the afternoon consisted of recitations, songs, and duets, and a most excellent address by Rev. F. S. Love, president of Lousburg College. The speaker was brief, but he told us more good things in 35 minutes than we have heard in a long time. The discourse was along constructive lines and was a strong, earnest and practical appeal to the young in the interest of education and the good of humanity. Mr. Love had the best attention from all and his address was thoroughly enjoyed.

The audience was even larger at the evening exercises, and the program was rendered in a creditable manner, alike to the pupils and the faculty. The latter is composed of Prof. W. C. Poe, Miss Nan Hines, and Miss Myrtle Crews. Mrs. A. M. Jones is music teacher.

United States To Be the Victor, Eggs Say.
"Victory for the United States in May," is the story that is told on a series of eggs laid by the hens of Mrs. J. P. Bragg, of Bath.
Mrs. Bragg's own account of the prophetic eggs laid by her hens follows:
"I have a little egg laid the 1st of February with a perfect 3 on one end and the word May on the other. There are many other characters and figures too small to see good among them is call editor and honor and sin. Then on March 1st was laid another egg with an almost perfect 2 on it. And last week there was another speckled egg with U. S. on one side and 'win' on the other."
"From these characters we might infer that the United States will win in May which is three months from the time the first egg was laid."
"My chickens are all pure bred white Orpingtons and until lately I have never seen a speckled egg among them."
A life for every foot of ground is what Germany is paying for territory gained. But she probably thinks that lives can be produced, while there is only so much territory.
