NOTICE.

Registration of German Alien Females.
In pursuance of authority of the Proclamation of the President of the United States dated April 19, 1918, notice is hereby given that

1. All natives, citizens, denizens, or subjects of the German Empire or of the Imperial German Government, being females of the age of 14 years and upwards, who are within the United States and not actually naturalized as American citizens are required to register as German Alien Females.

2. An American woman who marries a foreigner takes the nationality of her husband. The naturalization of a male alien as a citizen of the United States naturalizes as an American citizen the wife together with their minor children.

3. Female natives, citizens, denizens, or subjects of the Austro-Hungarian Empire are not required to register under the President's Proclamation of April 19, 1918, nor under these Regulations, unless they come within the provisions of the preceding paragraph.

4. This registration shall extend and apply to all land and water, continental or insular in any way within the jurisdiction of the United States.

5. A German Alien female required to register who fails to complete her registration within the time fixed therefore or who violates or attempts to violate or of whom there is reasonable ground to believe that she is about to violate any regulation duly

promulgated by the President of the United States or these regulations, in addition to all other penalties prescribed by law, is liable to restraint, imprisonment, and detention for the duration of the war, or to give security, or to removal and departure from the United States in the manner prescribed by sections 4067, 4069 and 4070 of the United States Revised Statutes, and to all other penalties prescribed in the several proclamations of the President of the United States and in the regulations duly promulgated by or under the authority of the President.

6. A German alien female required to register who shall, after the date fixed for the issuance to her of a registration card, be found within the limits of the United States, its Territories, or possessions, without having her registration card on her person is liable to the aforesaid penalties.

TIME FOR REGISTRATION

The Attorney General of the United States has fixed the time for registration of German alien females as June 17 and continuing each day thereafter, excluding Sunday, the 23rd, up to and including June 26, 1918.

PLACES OF REGISTRATION

1. In cities of 5,000 or more inhabitants registration will be made before the chief of police or such as he may have designated as Assistant Registrars.

2. In non-urban areas or in suburban districts not within the jurisdiction of the Chief of Police of a city of 5,000 or more inhabitants, registration

must be made before the local postmaster.

METHOD OF REGISTRATION.

1. Registration shall be made by affidavit of the alien female required to register, to be executed in triplicate and accompanied by four unmounted photographs of the registrant, not larger than 3 x 3 inches in size, on thin paper, with a light background. The photograph shall be of the shoulders and full face, without hat or other head covering. Each photograph must be signed by the registrant across the face thereof so as not to obscure the features, if the registrant is able to write.

2. Each alien female required to be registered shall be required to register her finger prints.

Registrants are required to again present themselves before the registration officer after ten, but before fifteen days from the last day fixed for registration, to obtain a registration card upon which she must sign her name or make her mark, and place her left thumb print in the presence of the registration officer.

Information and instructions to registrants will be given by the chiefs of police or postmasters upon application.

BIG DANCE.

Combination Square, Essential Feature. \$1.00 admission to Opera House, those participating in dance on 14th of June, 1918.

Everybody knows D. C. ALSTON, "Sole Manager."

Take Care of Your Tires

America's greatest need is for ships—more ships. Every available vessel is being utilized in government service.

Many ships that have been carrying rubber from Sumatra and Brazil have been taken for active transport duty.

This will necessarily force a temporary curtailment of tire production.

So, make the most of the tires you have.

Use good tires.

Take good care of them. Keep them in perfect repair. See that they are properly inflated.

Increase their mileage by careful driving. Keep out of car tracks and away from bumps. Don't scrape the curb or apply brakes too suddenly.

Get every mile your tires have in them.

Only in that way can you be assured of your car's continuous service.

**United States Tires
are Good Tires**

We KNOW United States Tires are GOOD tires. That's Why We Sell Them.
