O. J. HALE, Assistant Manager

TAR DROPS

Cotton sold for 29 1/4 cents a pound in Louisburg yesterday.  
On account of the type of cloth used for our latests and the condensed manner in which we have handled the news.  
The sympathy of the community goes out to Mr. J. M. Revels in the death of his two children which occurred on Monday from the "flu" and the serious illness of his wife.  
Mrs. T. F. Strickland, of near Raynor, died on Wednesday from pneu-

monia, in her 44th year. She leaves a husband and four children. Her remains were interred at Rock Springs church yesterday, the services being conducted by Rev. T. D. Collins.  
Mrs. Beulah V. Bailey Dead.  
The remains of Mrs. Beulah V. Bailey, who died at the State Hospital in Raleigh on Thursday was brought to Louisburg Saturday and interred in the family grave yard at the old home about seven miles south of town Sunday in the midst of a large number of friends and relatives. She was 64 years old and had been three times married, first to Mr. Henry Mann, then to Mr. O. B. Wilder and later to Mr. W. A. Bailey. One daughter from her first union survives her Mrs. J. S. Conway, of DeWitt, N. Y. The funeral services were held from her home by Rev. T. D. Collins pastor

SPANISH INFLUENZA--WHAT IT IS AND HOW IT SHOULD BE TREATED

Nothing New--Simply the Old Grip, or la Grippe That Was Epidemic in 1889-90, Only Then It Came From Russia by Way of France and This Time by Way of Spain

Go to Bed and Stay Quiet--Take a Laxative--Eat Plenty of Nourishing Food--Keep Up Your Strength--Nature is the Only "Cure."

ALWAYS CALL A DOCTOR

No Occasion for Panic.  
Spanish influenza, which appeared in Spain in May, has all the appearances of grip or la grippe, which has swept over the world in numerous epidemics as far back as history runs. Hippocrates refers to an epidemic in 412 B. C. which is regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831 this country has had five epidemics the last in 1889-90.

There is no occasion for panic--influenza itself has a very low percentage of fatalities--not over one death out of every four hundred cases, according to the N. C. Board of Health. The chief danger lies in complications arising, attacking principally, patients in a run down condition--those who don't go to bed soon enough, or those who get up too early.

THE SYMPTOMS

Grippe, or influenza as it is now called, usually begins with a chill followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the fever usually lasts from three to five days. The germs attack the mucous membrane, or lining of the air passages--nose, throat and bronchial tubes--there is usually a hard cough, especially bad at night, often times a sore throat or tonsillitis and frequently all the appearances of a severe head cold.

THE TREATMENT

Go to bed at the first symptoms, not only for your own sake but to avoid spreading the disease to others--take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Quinine aspirin or Dover's Powder, etc., may be administered by the physician's directions to relieve the aching. But there is no cure or specific for influenza--the disease must run its course. Nature herself will throw off the attack if only you keep up your strength. The chief danger lies in the complications which may arise. Influenza so weakens the bodily resistance that there is danger of pneumonia or bronchitis developing, and sometimes inflammation of the middle ear, or heart affections or these result. It is very important that the patient remain in bed at least two days or more after the fever has left you, or if you are over 50 or not strong stay in bed four days or more, according

ing to the severity of the attack.

EXTERNAL APPLICATIONS

In order to stimulate the lining of the air passages to throw off the grippe germs, to aid in loosening the phlegm and keeping the air passages open, thus making the breathing easier, Vick's Vaporub will be found effective. Hot, wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores. Then Vaporub should be rubbed in over the parts until the skin is red, spread on quickly and cover with two thicknesses of hot flannel cloths. Leave the clothing loose around the neck as the body liberates the ingredients in the form of vapors. These vapors, inhaled with each breath carry the medication directly to the parts affected. At the same time, Vaporub is absorbed thru and stimulates the skin, attracting the blood to the surface and thus aids in relieving the congestion within.

HOW TO AVOID THE DISEASE

Evidence seems to prove that this is a germ disease, spread principally by human contact, chiefly thru coughing, sneezing or spitting. So avoid persons having colds which means avoiding crowds--common drinking cups, roller towels, etc. Keep up your bodily strength by plenty of exercise in the open air, and good food. Above all, keep free from colds, as colds irritate the lining of the air passages and render them much better breeding places for the germs.

Use Vick's Vaporub at the very first sign of a cold, melt a little Vaporub in a spoon and inhale the vapors or better still, use Vaporub in a benzoin steam kettle. If this is not available, use an ordinary tea-kettle. Fill half full of boiling water, put in a half teaspoon of Vaporub from time to time--keep the kettle just slowly boiling and inhale the steam arising. NOTE: Vick's Vaporub is the discovery of a North Carolina druggist, who found how to combine, in salve form, Menthol and Camphor with such volatile oils as Eucalyptus, Thyme, Cubeb, etc., so that when the salve is applied to the body heat, these ingredients are liberated in the form of vapors.

VapoRub is comparatively new in New York State and New England and a few Western States where it is just now being introduced, but in the other sections of the country it is the standard home remedy in more than a million homes for all forms cold troubles. Over six million jars were sold last year. It is particularly recommended for children's croup or colds, since it is externally applied without the slightest hazard. It is sold in three sizes at all druggists.

AN APPEAL TO ALL PATRIOTIC CITIZENS

To the Voters of North Carolina  
The most important forward step proposed in the recent history of our Commonwealth occurs for your action Tuesday, November 5th.

On that day each voter is privileged to cast a ballot reading "FOR SIX MONTHS SCHOOL TERM"

This is not a compulsory attendance law, but means simply that the Commissioner of North Carolina will hereafter guarantee to keep open the school doors for at least a six-month school term in every school district in our poorest as well as in our richest counties.

Unanimously the State Conventions of both Republican and Democratic parties endorsed this proposed amendment in their platforms. How can we not have merely a large, but as nearly as possible, a unanimous vote.

To all the world, on November 5th, let the proud message be sent that not only has our State taken this mighty forward step, but that it has declared for it almost as one man. To every voter--Democratic, Republican, and Independent--speaking in behalf of our common love for our home State, we appeal. Let us have no negative votes on this great forward movement. If any man in any community cannot vote for the measure, let him just pass the tax by

Let every voter remember to ask for the "FOR SIX MONTHS SCHOOL TERM" ballot when he goes to the polls, and let North Carolina report no negative votes on such a progressive and vitally important educational policy.

Respectfully submitted,

J. H. Bicknell  
J. J. Joyner  
Frank A. Thoney  
J. S. Marston

Raleigh, N. C., October 24, 1918.

SPANISH INFLUENZA

Resembles Old Fashioned Grip

The symptoms of Spanish Influenza are very similar to old fashioned grip--pains throughout the body, extreme dizziness, sleepiness, chills, high fever, headache, disturbed digestion with running at the nose and eyes and excessive spitting, showing an inflammation and congestion of the mucous linings.

Manifested by Catarrhal Condition

With the first symptoms of influenza, it is well to consult your family physician at once. It is not the disease itself that is to be feared so much as it is the complications which may follow. To ward off Spanish Influenza or as an aid to returning health after an attack, nothing is any better than Dr. Harman's World Famous Peruna.

For Catarrh of Every Description Take PE-RU-NA

The well known direct action of Peruna in restoring and maintaining a healthy condition of the mucous membranes throughout the body makes it the greatest disease preventing and health restoring remedy known to science.

For forty-five years Peruna has retained its title as a reliable safeguard to the health of the American family.

EXPERIENCE OF USERS THE BEST RECOMMENDATION

ANNA, OHIO. "I find Peruna excellent for Catarrh of the head. I keep Peruna and Manalin in the house all the time."--Mrs. A. Runkle, Box 86.

NEWARK, N. J. "I have used Peruna for colds and grip. It will do all you claim and more. My family always have a bottle on hand for stomach and bowel trouble and colds."--Geo. Clark, 124 Union Street.

Try Peruna First--Tablets or Liquid--Sold Everywhere

The Call to Do Your Buying Early This Year Is Urgent--And We're Ready To Serve

WRITE AND TELL US YOUR NEEDS

Once again the house of Paul-Gale-Greenwood brings to your attention that the holiday season is near, and that the Government urges all to do their buying as early as possible in order to conserve every force of energy that we may win the war. We're ready to help now with stocks more beautiful than ever. Our catalog, too, will soon be ready, and if you think your name is not on our mailing list, send it to us at once that you may receive same promptly.

PAUL-GALE-GREENWOOD CO. Inc.

"Largest Jewelers South"

Granby Street, Corner City Hall Ave.

of the Baptist Church. She was Baptist in religion and was much loved and admired in her community before her health failed her several years ago. The funeral was very impressive and largely attended. The pall bearers were Messrs G. C. Harris, R. A. Harris, S. T. Wilder, R. P. Taylor, C. T. Sticks, H. E. Wright.

John N. Neal Wounded in France.  
The casualty lists for Monday and Tuesday contained the names of John N. Neal, of Mapleville, wounded in action in France and John R. Medlin, of Harris township, a missing in action. This is evidence of the Franklin County boys being in the thick of the fray.

For Sale.

Full stock Hampshire pigs, both sex Beauties. Ready to deliver.  
J. O. SLEDGE,  
10-25-18 R. 4, Louisburg, N. C.

For Sale.

One five passenger Dodge automobile and two 1918 model Ford touring cars, all in excellent condition.  
J. W. MANN & CO.

CHRYSANTHEMUMS

Scientifically Cultivated ASSORTED COLORS

Ten per cent of sales will be donated to the Red Cross Fund.

Mrs. Ernest Furgurson

NOTICE!

The tax books has been placed in my hands by the Board of Commissioners for collection of taxes for 1918 with instructions to collect and I will thank all the payers of the County to come and get their receipt. I will have a collector at each voting precinct in the County on Thursday, October 31, 1918.

H. A. KEARNEY, Sheriff.

Warning!

Be careful! Don't expose yourself to any one who has the "Flu." Don't cough unless you use a handkerchief.

BUT--there is a greater evil than the Influenza ailing us. If we fail to win this war against the Hun, it will be far worse for us. Public gatherings have been discontinued for a while, but this should not keep you from buying LIBERTY BONDS. We are taking subscriptions just the same as if there was a speaking in every school and church in the county. Send us your application. Bonds sold in \$50, \$100, \$500, or \$1,000 denominations. Send 10 per cent with application. Balance may be paid on instalments. If you have bought Bonds, then BUY MORE BONDS.

We will gladly give any information you may wish, and do all the work in connection with your purchases. Yours to serve,

Farmers and Merchants Bank

"Safest For Savings"

Louisburg, No. Carolina

The time is short. Saturday the 19th is the last day the FOURTH LIBERTY LOAN.

Dr. HESS'

DISINFECTANT

General Uses

There is scarcely any place about the home where it cannot be advantageously used.

The danger of contagious diseases can be reduced to a minimum by its thorough use about the premises.

It being a powerful sterilizer and germ destroyer it should be used freely on all articles used by patients afflicted with infectious diseases.

An unequalled disinfectant for indoor and outdoor closets, cess-pools, sewer pipes, drains, garbage cans and breeding places of mosquitoes.

L. P. HICKS
