UNSHAKEN TESTIMONY

Time is the test of truth. And Doan's Kidney Pills have stood the test in Louisville. No Louisville resident who suffers backache, or annoying urinary ills, can remain unconvinced by this twice-told testimony.

Mrs. D. C. High, Middle St., Louisville, gave the following statement February 5, 1915. Three years ago I was nearly down with my back. I could hardly get around, my back pained me so badly and I heard so much about Doan's Kidney Pills, I got a box. After taking a few doses, my back felt easier. I followed directions carefully and continued taking them until I was entirely cured. My back was never better.

On June 24, 1918, Mrs. High said: "I can recommend Doan's Kidney Pills as highly today, as I did in my last endorsement. Doan's entirely cured me and I have had no return of kidney trouble since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. High had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

EAT BIG MEALS! NO SOUR, ACID STOMACH, INDIGESTION OR GAS.

"Pape's Diapepsin" is quickest, surest stomach remedy known.

Time it! Pape's Diapepsin will sweeten a sour, gassy or out-of-order stomach within five minutes. If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is usually a sign of acidity of the stomach.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach; nausea, debilitating headaches or dizziness. This will all go, and besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin helps to neutralize the excessive acid in the stomach which is causing the food fermentation and preventing proper digestion. Relief in five minutes is waiting for you at any drug store.

These large fifty-cent cases contain enough Pape's Diapepsin to usually keep the entire family free from stomach acidity and its symptoms of indigestion, dyspepsia, sourness, gases, heartburn, and headache, for many months. It belongs in your home.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try this! Hair gets thick, glossy, wavy and beautiful at once. Immediate? Yes! Certain? That's the joy of it. Your hair becomes light wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a dandering hair cleanse.

Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dirt, dust or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp.

If you care for pretty, soft hair, and lots of it, surely get a bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents.

FARM DEMONSTRATION WEEK

The peace notes that are being exchanged by President Wilson and the Central Powers, the rapid advance of the Allied armies and local conditions are causing many farmers to fail to plant that necessary wheat acreage.

Wheat will probably never be a commercial crop in Eastern North Carolina. But under present conditions, by observing the necessary requisites of soil preparation and fertilization wheat can be made profitable to the extent of a home supply or four.

Altitude, or height above sea level and latitude or location north or south of a given point, are very important factors in determining the seeding time for wheat. In Franklin County, best results will probably be obtained from wheat seeded between Oct. 15th and 30th.

Do not sow wheat on poor land. It will not pay. And do not sow without application of fertilizer. A fertilizer rather high in phosphate and carrying two or three per cent nitrogen will pay. Fertilizers are higher than last year, but there never was a time when the judicious use of them was more profitable. Fertilize well and work well a small acreage and the labor shortage will not be felt so hard.

Sow rye and rape for hog grazing. Franklin County has about 33 per cent more hogs than last year. Because of a feed shortage some of these hogs will be sold at a sacrifice. By planting rye and rape for these hogs to graze, they can be carried over till next spring and sold at a profit.

CONTRACTOR SAYS IT BEATS ANYTHING

Earnes Says Tanlac Relieved Him of Terrible Rheumatism—Gained Ten Pounds in Weight.

One bottle of Tanlac has got me over one of the worst cases of rheumatism a man ever had and I have gained ten pounds besides," said John A. Earnes, a well-known contracting plasterer, living at 303 Oriol street, Nashville, Tennessee. "I've had rheumatism off and on for several years, especially in damp weather and would ache in every joint in my body almost like a sore tooth. My suffering was so great I could hardly bear it at times and it seemed like the more I suffered the worse I got until I finally had to lay off from work for a whole month on account of it."

"It just beats anything I ever saw how Tanlac begun to relieve my trouble right from the start. Almost every symptom of rheumatism is gone, my appetite is fine, I sleep like a log and have gained ten pounds in weight. My own experience proves to me that Tanlac is one of the greatest medicines ever made and I recommend it to others."

Tanlac is sold in Louisville at Scoggins' Drug Store.

DRUGGISTS! PLEASE NOTE

VICK'S VAPORUB OVERSOLD DUE TO PRESENT EPIDEMIC

Tremendous Demand Last Few Days. Next January, Last Week's Demand for One and Three Quarter Dozen Boxes Alone Amount to 932,459

Big Shipments are in Route to Jobbers. Until These Arrive There May Be a Temporary Shortage. All Deals Postponed—Buy in Small Lots Only.

RETAILERS CAN GET IMMEDIATE SHIPMENTS DIRECT BY PARCEL POST

This advertisement is written on Monday, October 21st. It is directed to the attention of all distributors of Vick's Vaporub, both wholesale and retail. In an emergency, such as the present epidemic—our duty—and your duty—is to distribute Vaporub in the quickest possible manner to those sections stricken by influenza. We, therefore, call your careful attention to the following:

DANGER OF SHORTAGE IF SUPPLY IS NOT CONSERVED

On October 1st we had on hand, at our factory and in twenty warehouses scattered over the country, sufficient Vaporub to last us, we thought, until the end of the year, allowing for a 50 per cent increase over last year's sales, and not counting our daily output. This big excess stock had been accumulated during the summer months.

Since this epidemic of Spanish Influenza hit us—and in the last ten days this stock has vanished. At first we thought this tremendous demand would last only a few days, but the orders have run:

Wed., Oct. 16—18,504 Doz.
Thur. " 17—25,323 "
Fri. " 18—39,256 "
Sat. " 19—45,833 "
Mon. " 21—77,705 "

Up to Saturday, October 19th, we have actually shipped for this month \$400,284.10, or over two million jars of Vaporub.

THE PROBLEM NOW IS TO DISTRIBUTE VAPORUB QUICKLY

Most of this tremendous quantity is still en route to the jobbers, but freight and express both are congested nowadays, and it may be some time before this supply reaches the jobbers. In the meantime, therefore, it is necessary that we distribute, as widely as possible, the stock that we are manufacturing daily. Together with that now on the jobbers' and retailers' shelves, in order that it may get to the influenza districts quickly.

Our normal output is about 4,000 dozen per day. We are putting on a night shift, but it will be a little while before that is producing.

WHAT WE ASK THE WHOLESALE DRUGGIST TO DO

Last Saturday, we notified all of our jobbers, by special delivery, as follows:

1st—Deals and quantity shipments of all kinds are cancelled. Fill no quantity orders. 2nd—Order from us in as small quantities as possible. If you are out, we will try to ship a limited amount by Parcel Post or express, and pay the charges ourselves.

3rd—In order to make distribution still quicker, we will ship direct to your retail customers quantities not more than three (3) dozen size in any one shipment. 4th—We will be for the next 10 days, what we ask the RETAIL DRUGGIST TO DO

Buy in as small quantities as possible. If you have any quantity orders, given the jobbers' salesmen or given to our salesmen, don't tell about them—no need to write us—it is absolutely impossible to fill these orders at this time. If the jobbers in your territory are out of Vick's Vaporub, we will ship you by parcel post pre-paid quantities not more than three (3) dozen size in any one order. Naturally, we can't open accounts at this time, so your check or money order for this amount must accompany order. Don't write us stating to ship through your jobber, as we then have to wait until we write this jobber and get his O. K. If you wish the goods to come thru your jobber, have him order them for you.

SNOWED UNDER WITH CORRESPONDENCE

Our force has already been "shot to pieces"—twenty-four of our men are wearing Uncle Sam's khaki—and this recent rush has simply buried us. All our sales force has been called in to help in the office and factory. We just mention this so you won't hold it against us if your wires and letters aren't answered promptly.

SPECIAL BOOKLETS ON SPANISH INFLUENZA

We will send, on request, to any retail druggist, 100 or more little booklets, just issued, on Spanish Influenza, giving the latest information about this disease—its history—the symptoms—the treatment, and particularly the use of Vick's Vaporub as an external application to supplement the physician's treatment.

NEW WAYS TO USE VAPORUB

In addition to the usual method of using Vaporub—that is, applied over with hot flannel cloths—our customers are writing us daily telling of their success in using Vaporub in other ways, particularly as a preventive. They melt a little in a spoon and inhale the vapors arising, or melt it in a benzoin steam kettle. Where the steam kettle is not available Vaporub can be used in an ordinary tea-kettle. Fill the tea-kettle half full of boiling water, put in half a teaspoon of Vaporub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

According to a bulletin just issued by the Public Health Service, Dr. Stiles, of this Service, recommends that the nose be kept greased as a preventive measure against the influenza germs. For this purpose Vaporub is excellent.

DISINFECTANT

General Uses

There is scarcely any place about the home where it cannot be advantageously used.

The danger of contagious diseases can be reduced to a minimum by its thorough use about the premises.

It being a powerful disinfectant and germ destroyer it should be used freely on all articles used by patients afflicted with infectious diseases.

An unequalled disinfectant for indoor and outdoor closets, cess-pools, sewer pipes, drains, garbage cans and breeding places of mosquitoes.
