

They've been fighting for their homes since 1914!

THOSE gallant men who wear horizon blue, those bronzed poilus who are entering upon their fifth winter of this war—they are the men who know the sheer luxury of a cup of hot soup, a piece of bread, a stove to sit by, and a word of cheer.

Think of a nation where every able-bodied man of less than fifty has been under arms for four long years and more.

Letters From Boys in France.

Continued from First Page
The States and would be sure to see you. I thought she was looking very well but much thinner than she was some time ago. She said that she had had some very great experiences during her stay over here. I wonder of William has ever gotten in the army yet. I would like to see him. And I know he is anxious to get here.

I received a letter from Papa yesterday written on Sept. 18th, just exactly one month ago. I also received one from my girl three or four days ago written on Sept. 29th.

You made a good guess on the date of our arrival over here. The cards got to you sooner than I expected. Tucker had a letter from Miss Onnie last night stating that she met you and Anna Belle in front of the Baptist church and that you all had a good laugh as well as cry over the good news. I am glad to hear that you and Anna Belle are helping the local board out during the next registration. I am also glad to hear that you have become an active member of the local Red Cross

Chapter. You couldn't devote your spare time to a better thing. Nothing can be said in behalf of the Red Cross organization that is too good for it. They are surely doing their part over here.

It is beginning to get a little cooler here now, and I am beginning to realize that winter is not so far off. I do hope it won't be as cold here as it was at home last year. I don't see how it can, because it rains too often, and they say that it doesn't rain much in cold weather and I know its obliged to rain every day or it wouldn't be France but there is one thing about the weather here, it doesn't rain long at a time. Its very much like the April showers we have at home. I hope that you have plenty of coal for the winter and won't be bothered with the fuel question again this year. I will be glad when we can all gather around the fire in your room and read, talk and sleep. Something on the order of a rainy Sunday afternoon, maybe it won't be long before this dream comes true.

I haven't run up on anybody that I know in some time. I am hoping every day that I will be fortunate enough to run up on some of the fellows from home. There are several fellows in our unit who have located their brothers since they've been here. I don't realize that I am so far from home, and am glad I don't, because I hate to think of having to cross the pond again. I never was very fond of water and I am more disgusted with it now than ever. Give me real estate all the time.

We have a little French boy with us now that we call our mascot. He is only seven years old, but is as bright as a new dollar. We had him standing up in a chair a few minutes ago singing some of the popular French songs. It was certainly great to hear him sing "Hall, Hall, the Gang's all Here." This song seems to have taken with the French people and most all of them know it. This little fellow wears two, or three shoes without stockings and is very thinly clad, but he looks as happy and healthy as any American boy I ever saw. We took him to the bar, he today and had his hair cut. He seemed to appreciate it very much, and when we took him home his father and mother liked to have gone wild. I really like the French people, of course there are some who make it a practice to stick every American soldier they can. They seem to think we all have plenty of money and if you don't watch them they will certainly stick you. Of course this is the very lowest class of Frenchman.

Well, its mess time now, so I must close. I am very well and am the same old James. Write me as often as you

can and tell me all the news, also send me the Franklin Times.

With best wishes and love for all, I am
Affectionately,
JAMES B. KING.

FRANKLINTON PROOF

Should Convince Every Louisburg Reader.

The frank statement of a neighbor, telling the merits of a remedy. Bids you pause and believe. The same endorsement By some stranger faraway Commands no belief at all. Here's a Franklinton case. A Franklinton citizen testifies. Read and be convinced.

Frank Preddy, farmer, Mason St., Franklinton, N. C., says: "Six years ago I was down with my back and was so bad, the pains were terrible. I could hardly straighten, if I would bend over and my head ached so, I thought it would split. I was so nervous I would jump from the least noise and dizzy spells were so bad, black specks would float before my sight. My kidneys didn't act properly, either. Hearing a whole lot of Doan's Kidney Pills, I began taking them and am glad to say they took away all this trouble and entirely cured me." Price 50¢ at all dealers. Don't simply ask for a "kidney remedy" get Doan's Kidney Pills—the same that Mr. Preddy had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

The Kaiser must have found long ago that it is much easier to start a war than to stop it.

UGH!—CALOMEL MAKES YOU DEADLY SICK

Stop using dangerous drug before it salivates you! Its horrible. You're bilious, sluggish, constipated, and believe you need the dangerous calomel to start your liver and clean your bowels.

Here's my guarantee. Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. Its perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

Politics may have been adjourned for the duration of the war, but this is not true of statesmanship. Congress please take notice.

GIRLS! WHITEN SKIN WITH LEMON JUICE

Make a beauty lotion for a few cents to remove tan, freckles, sallowness. Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle then put in the orchard white and shake well. This makes a quart of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness disappear—and how soft and clear the skin becomes. Yes, it is harmless and the beautiful results will surprise you.

Germany will continue praying, but she will soon begin to pray for peace instead of for victory.

YOU CAN'T FIND ANY DANDRUFF AND HAIR STOPS COMING OUT

Save your hair! Make it thick, wavy, glossy and beautiful at once.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch but what will please you most will be after a few weeks' use, when you see new hair, fine and carefully draw it through your new hair, growing all over the scalp. A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have a n appearance of abundance; and incomparable lustre, softness and luxuriance, the beauty and glimmer of true hair health.

Get a small bottle of Khowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A small trial bottle will double the beauty of your hair.
