### WHAT WILL IT BE?

The Boys Deserve the Best and Most Permanent Remembrance—Lets Do

Something Now.

Every place and everybody in the United States today are turning their minds towards some suggestion for some kind of a token of appreciation and some kind of a welcome for their soldier boys whom they expect to-return home soon. There is a little difference of opinion as to lust when that turn home soon. There is a little differ ence of opinion as to just when that time will be but it is guaranteed by the government as soon as it is possible and practicable to do so. They are coming. Yes and wint a glorious gathering it will be ineach little torm or hamlet when the boys from somewhere in France begin to tramp, tramp tramp, the streets and walke of a home so dear to their and one which has seemed so lonely since they left to fight the battle for humanity.

figfit the battle for humanity.

Franklin County is no less patriotic than other places, in fact it has proven itself even more so. In this occasion it has more reason to do a bigger work havinn furnished three companies, besides the drafted men who with their associates through this section through their bravery and manhood led the world in that which others had failed to do.

It is our opinion that these boys deserve something more permanent than a merry-making welcome. We don't call to mind a more suitable thing than a beautiful monument placed upon the Court House square haven because the several appropriate the sev ing among the several appropriate in-scriptions the names of all the boys of Franklin County who died that freedom and humanity might live inscribed thereon

This is not a large undertaking. If every man, woman and child in Frank-lin County should contribute fifty cents each it would create a fund that would erect a handsome shoft.

we would suggest that it be erected and the unveiling of it be the main feature of the welcome home exercises, when the boys return.

The columns of the Franklin Times are open for discussion of this or other ideas by any one and their letters will be welcomed. We will also gladly publish in our next issue the names and amounts of any person or names and amounts of any person or persons in the County who want to make a voluntary contribution to a

TIMES | fund of this kind if they will be kind enough to send us their name and the amount they wish to subscribe.
