HEALTH DEPARTMENT.

Information Concerning The Health of the People of Franklin County, Worth Your Attention.

By DR. J. E. MALONE, Health Officer.

The epidemic of influenza and Pneumonia which has so recently visited the world and our county, not only claimed and left a heavy toll in the way of suffering and too often death, but left its living victims with weakened constitutions, thereby causing them to be less able to resist the attacks of other diseases. One characteristic symptom of influenza is the depression and weakness it produces and leaves in the patient. We are trusting to warm weather to blot out the influenza, because--like smallpox it is a cold weather or season disease. Now with these facts before us, it behooves every person to take better care of themselves. Spring and summer is coming with their diseases, such as diarrhoea, dysintery and typhoid fever. It seems from the above statements and facts, that we ought to do everything in our power to keep well, in order that we may be able to resist these spring and summer troubles. Keep our systems in the very best condition. Don't dissipate in eating, drinking, overwork, or exposure. Keep your functioning organs--stomach, bowels, liver, kidneys doing their work as near normal as possible. Help your Health Officer along hygiene and sanitary lines to keep the people well.

The Strong Withstand the Winter Cold Better Than the Weak

You must have Health, Strength and Endurance to fight Colds, Grip and Influenza.

When your blood is not in a healthy condition and does not circulate properly, your system is unable to with stand the Winter cold.

GROVE'S TASTELESS CHILL TONIC
Fortifies the System Against Colds, Grip and Influenza by Purifying and Enriching the Blood.

It contains the well-known tonic properties of Quinine and Iron in a form acceptable to the most delicate stomach, and is pleasant to take. You can soon feel its strengthening, invigorating effect.

Mexican Troops Are Guarding American Mines.

Juarez, Feb. 26.--Mexican federal troops have been ordered to guard American mining properties in northern Mexico, it was announced today and two hundred troopers have been stationed at Santa Eulalia, Chihuahua and Madera. This was done to prevent Francisco Villa from carrying out his threat to destroy American property and kill employees unless \$1,000,000 were paid him by March 1.

Additional supplies of ammunition have been sent from the United States to these points under a special permit.

There are few families in which the record of Mrs. Gustave Koch, Box 24, Kewick, Keokuk County, Iowa, has been surpassed. Not in the fact that she raised a family of eight is her story remarkable. Thousands of families are larger. The history of the Koch family is unique in that the mother, with all her loving care, pinned her faith to a simple home remedy and never had a doctor for her children. Here is what she said: "Peruna has done my children good. I have a family of eight and never had a doctor, only your medicine. We all think Peruna a splendid tonic." So far as we have learned, Peruna is the only known remedy for which such a wonderful claim can be made. Like Mrs. Koch, there are thousands upon thousands of mothers who place their entire dependence upon Peruna.

That Peruna has merited this confidence is attested by the words

The Drawback.
I see an automobile company has given the kaiser's son a job. I should think they would be afraid he would be taking their cars out to have a royal good time.
