

A Tribute.
Her many friends in Louisburg and Justice were made sad Friday evening, Jan. 17, when the news spread announcing the death of Mrs. Robert Williams. She was taken with influenza in October and lay at the point of death for several weeks out she held on firmly to the slender cord of life and gradually improved till she was able to be moved to the home of her mother, where she died under the parental roof. Before her marriage to Mr. Williams she was Miss Sadie Wilder. Mrs. Williams was still in the prime of her womanhood. She was the mother of two Harris, three sisters, Mrs. Willie Creekmore, Mrs. John Strange, of Justice. Mrs. Williams was a quiet, pleasant bedside, and offered to "Him who doeth she asked the Heavenly Father that He ly afterwards the spirit calmly and si-peace lingers lovingly and where cares

DRUGGISTS! VICK'S VAPORUB SHORTAGE OVERCOME AT LAST

The Deal Scheduled For Last November, Which Was Postponed on Account of the Influenza Epidemic, is Now Re-instated—Good During the Month of March.

OVER ONE MILLION JARS OF VAPORUB PRODUCED EACH WEEK.

It is with pride that we announce to the drug trade that the shortage of Vick's Vaporub, which has lasted since last October, is now overcome. Since January 1st, we have been running our laboratory twenty-three and a half hours out of every twenty-four. Last week we shipped the last of our back orders, and retail druggists, therefore, are no longer requested to order in small quantities only.

NOVEMBER DEAL RE-INSTATED.

This deal, which we had expected to put on last November and which had to be postponed on account of the shortage of Vaporub, is re-instated for the month of March. This allows a discount of 10 per cent on shipments from jobbers' stock of quantities of from 1 to 4 gross. 5 per cent of this discount is allowed by the jobber and 5 per cent by us.

We advise the retail druggists to place their orders immediately, so that the jobbers will be able to get prompt shipments to them.

THANKS OF THE PUBLIC DUE THE DRUG TRADE DURING THE INFLUENZA EPIDEMIC.

The thanks of the American public are certainly due the entire drug trade—retail, wholesale and manufacturing—for what they accomplished during the recent influenza epidemic. The war caused a shortage of physicians—nurses were almost impossible to obtain—the demand on the drug trade was unexpected and overwhelming, and to this demand they responded nobly. Retail druggists kept open day and night and slept where they dropped behind the prescription counter. Wholesale druggists called their salesmen off the road to help fill orders—hundreds wired us to ship Vick's Vaporub by the quickest route, regard-

less of expense. **A TREMENDOUS JOB TO INCREASE OUR PRODUCTION.**

In this emergency we have tried to increase our production in this country for raw materials—our Traffic Manager spent his days riding freight cars in—we shipped raw materials in carload lots by express and pleaded with manufacturers to increase their deliveries to us.

But it was a slow process. Some of our raw materials are produced only in Japan—supplies in this country were low and shipments required three months to come from the Far East. Then we had to recruit and train skilled labor. We brought our salesmen into the factory and trained them as foremen. We invented new machinery, and managed to install it on Christmas Day, so as not to interfere with our daily production.

143 JARS OF VAPORUB EVERY MINUTE DAY AND NIGHT.

By January 1st we had everything ready to put on our night shift, and since then our laboratory has been running day and night. To feed our automatic machines, which drop out one hundred and forty-three jars of Vaporub a minute or one million and eighty thousand weekly, has required a force of 500 people. Our Cafe Department, created for the benefit of these workers, served 7000 meals during the months of January alone.

13 MILLION JARS OF VAPORUB DISTRIBUTED SINCE OCTOBER.

An idea of the work we have accomplished this Fall may be given by our production figures—13,028,976 jars of Vaporub manufactured and distributed since last October—one jar for every two families in the entire United States.

During the influenza epidemic, Vick's Vaporub was used as an external application in connection with the physician's treatment, and thousands of people, unable to obtain a doctor, relied on Vick's almost exclusively.

Literally millions of families all over the country from California to Maine and from the Great Lakes to the Gulf, have found Vick's Vaporub the ideal home remedy for croup and cold troubles.
