FRIDAY, MARCH 7, 1919.

Town politics are beginning to stir. It begins to look as if there will be a fight for all the town offices this year.

The town authorities are repairing the street at the southern end of the pavement on Main Street, making it some safer for the public.

President Wilson returned to France Wednesday, expecting to arrive there on the 13th. He says he is going to stay until "its over over there." There is no doubt to our minds but that it will be a good job when its through.

It has been given out that all those returning soldiers who are dropping their government insurance are doing a very unwise thing, as these policies are being converted into disability insurance that will result in taking the place of pensions in later years, and at a cost of about a third less than other insurance. We have been informed on good authority that a person will not have to suffer an accident to receive benefit thereunder, but whenever he becomes unable to earn a livelihood from any cause he will then receive a paid up policy and \$57.00 per month the remainder of his life. To the boys who have this insurance we would advise you to investigate your policy thoroughly before you drop it.

Answering an inquiry from Sandy Creek township in regard to the application of the Bond issue to be voted on in April if carried. It is our understanding that if the election in April is carried it will invalidate the bond issue that now stands against the township and become the only issue against same. If not carried the present bond issue will not change at all. The only necessity for the new election, so we understand it is the old bonds provide for an interest rate of 5 per cent and cannot be sold for the reason that there is too much 6 per cent security. The new bonds if carried, will provide for 6 per cent interest. The township is in position that

it has got to raise its money as the Road Trustees have made short time paper that has got to be met, in order to work the roads and to save having to sell the 5 per cent bonds at a sacrifice. This paper is about due and something will have to be done. The voters of Sandy Creek township will have to vote new bonds that can be sold to an advantage, or the Trustees will have to sell the old bonds at a sacrifice. After all it is only a question of one per cent interest.

ALVIN WOLFF TELLS ABOUT HIS STRUGGLES

Declares He Was Just About Done For—Tanlac Has Made a New Man of Me. He Says—Troubles Disappeared.

Alvin Wolf, who has been a taxidermist in Chattanooga, Tennessee, for thirty years, and who resides at 520 Glass street, recently made one of the most interesting statements ever published in connection with Tanlac, in the south.

"I really believe Tanlac has saved my life," he testified. "I had struggled with rheumatism and stomach trouble until I was almost done for. My stomach would fill with gas after eating and cause me endless suffering. I had rheumatic pains in my lower limbs that almost drove me distracted and I was so nervous and dizzy that I got so I couldn't do any work and spent most of my time in bed.

"Things are different altogether now Tanlac has made a new man of me. My rheumatism is entirely relieved, my stomach has been put in splendid condition. I have a dandy appetite, can eat anything I want and enjoy it thoroughly. I am no longer nervous or dizzy. I feel stronger and better every way and can do more hard work than I have been able to in a long time."

Tanlac is sold in Louisville by SCOGGIN DRUG STORE.

Mrs. W. H. Leonard, of Salisbury, who has been visiting her daughter, Mrs. Fred A. Riff, has returned home.

WHAT OTHERS SAY OF MRS. JOE PERSON'S REMEDY.

Person Remedy Company, Charlotte, N. C., Roxboro, N. C., August 24, 1917.

I wish to express my gratitude for the good your Remedy has been to me. For several years I was a great sufferer, and doctors did not seem to understand my disease. I lost flesh, and was what you might call a physical wreck at times. My feet and limbs would swell, and in fact the swelling would extend over my entire body. My suffering at times was intense and I was very nervous after being in this condition for over a year. My friends advised me to try Mrs. Joe Person's Remedy. I consented to do so, and the first bottle I took I felt it was some relief to me, so that encouraged me to continue the use of it, which I did. As I felt all the time I was improving, so I continued the use of it several months, and I was growing stronger and better every day. Now

I am a living witness of what Mrs. Joe Person's Remedy has done for me. I am well, and able to attend to all my household duties, and feel that I can not say too much in praise of Mrs. Joe Person's Remedy, for we feel that it saved my life.

Gratefully,
 MRS. JONAH WHITT.

LEMONS MAKE SKIN WHITE

Make this beauty lotion for a few cents and see for yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

ARE YOU SUPPORTING THE "INFALLIBLE PLAN" IN YOUR COMMUNITY?

Not only must the movement to reduce acreage and hold cotton receive individual support, but whole communities must unite. The school district, the township, the county, the State and the South must be solidly behind this movement, anything else is economic suicide.

Every individual in the community must pledge himself to reduce his acreage one-third, in other words every cotton community must be solid. The individual who goes back on his community this year will reflect on the good name of the community, every individual has a direct RESPONSIBILITY. No cotton grower is exempt.

Help organize your community at once, pledge a reduction of one-third in acreage this year. Follow the "INFALLIBLE PLAN" PLAY SQUARE AND PLAY SAFE.

"Your Nose Knows"

All smoking tobaccos use some flavoring. The Encyclopaedia Britannica says about the manufacture of smoking tobacco, "... on the Continent and in America certain 'sauces' are employed ... the use of the 'sauces' is to improve the flavour and burning qualities of the leaves."

Tuxedo uses chocolate—the purest, most wholesome and delicious of all flavorings! Everybody likes chocolate—we all know that chocolate added to anything as a flavoring always makes that thing still more enjoyable. That is why a dash of chocolate, added to the most carefully selected and properly aged burley tobacco, makes Tuxedo more enjoyable—

"Your Nose Knows"

Try This Test: Rub a little Tuxedo briskly in the palm of your hand to bring out its full aroma. Then smell it deep—its delicious, pure fragrance will convince you. Try this test with any other tobacco and we will let Tuxedo stand or fall on your judgment—
