

Corns Peel Off Painlessly

There's Only One Genuine "Corn-Feeler" That's "Gets-It"
There's only one happy way to get rid of any corn or callus, and that's the painless-peel-off way. "Gets-It" is the only corn remedy in

"3 drops of 'Gets-It'—Corn is doomed." The world that does it that way—effectively, thoroughly. Why get down on the floor, tie yourself up into a knot, and have to fool with "pack-ages" of plasters, greasy ointments that rub off, sticks of tape, and digging knives and saws, when you can peel off your corn or callus in one complete piece, peacefully and surely, with magic, simple, easy "Gets-It"? It takes 2 or 3 seconds to apply "Gets-It"; you use 2 or 3 drops, and that's all. "Gets-It" does the rest! Get rid of that corn-pain at once, so that you can work and play without corn torture. Be sure to use "Gets-It". It never fails. "Gets-It" is the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill.

Sold in Louisburg and recommended as the world's best corn remedy by F. R. PLEASANTS.

Franklin County W. M. U.
Baptist Woman's Missionary Union of Franklin County met at Sandy Creek March 8. Quite a number of churches were represented, others sent in good reports by letter.
It was the beginning of the New year so the election of officers for the coming year. Mrs. Florence E. Underhill re-elected President, Mrs. Robt. A. Bobbitt elected Secretary.
Farmers Union met in the school building. In the same grove at the noon hour all came together and were served a beautiful dinner. After the sumptuous repast all went to the church and Rev. Mack Stamps preached a very fine sermon. Both meetings were well attended.
Adjourned to meet with Wood Baptist church, Saturday, June 7, 1919.

LOOK AT YOUR LABEL

We call your attention to the importance of keeping a watch on the date of your label if you don't want to miss a copy of the Franklin Times. Under the Government rulings we can't send a paper after the time it has been paid for expires, and there are many expiring each week. It is next to impossible for us to notify you by letter. Therefore, we ask you to look after this little matter before your time is out.

The 30th Division is reported as having sailed for home.

The time announced for the 5th Victory Loan is April 21 to May 10th.

The town election is receiving the attention of our citizens at this time.

It is expected that the peace treaty will be ready to be signed about March 20th.

Lets begin some plan to build and equip a creditable institution for our Aged in Infirm.

We understand the friends of Mr. B. N. Williamson will run him for Mayor in the coming primary.

If some of our politicians are accurate in their statements there is going to be quite a change in the town administration this year.

Hon. William Jennings Bryan has come across and publicly endorsed the League of Nations, but thinks the Monroe doctrine should be maintained.

If the ladies of Louisburg want a chicken law now is the time to start. No man would want to run for a town office knowing he had the ladies all against him.

A plot to overthrow the Government of the United States by the Bolsheviks and I. W. W.'s was discovered recently and given over to the Senate Committee the past week.

The Commissioners have indirectly been assured that they can improve the County Home property at almost any reasonable cost with the hearty cooperation of the people.

It might be remembered that the present town administration has made no effort to show you their receipts and expenditures, with the exception of Mayor Joyner and the Street fund.

The 113th Field Artillery, of which Col. Albert Cox is in command, will arrive at Newport News within the next few days, and will parade in Raleigh on their way to Columbia, S. C., for demobilization.

Among the names being suggested for Town Commissioners are M. S. Clifton, E. S. Ford, W. M. Freeman, F. B. McKinne, H. G. McBrayer. Quite a nice lot of men and either or all would make excellent officials.

The North Carolina General Assembly came to an end Tuesday. It made a record, which if published in the sense of accomplishments would require only a small space, but if from a viewpoint of considerations of big measures it would take volumes.

The ladies can't vote in the coming town election. But they can exact a statement from the candidates that they will pass a law controlling the chickens, if elected, and assist them out or in according to their decision. If they take this action they should see that the New Board lives up to its promises.

Mr. Alphas Hinton Dead.
Mr. Alphas Hinton, of near Gibsonville, Guilford Co., N. C., died Feb. 19, of old age, and was buried near his late home, the funeral services were conducted by the Rev. Y. Von A. Rise. Mr. Hinton was in his 88th year. He was a member of the Missionary Baptist church, and always wanted the word, Missionary, emphasized. He enjoyed the ministrations of his pastor,

and the consolation of his church. No pastor of his faith being near when he died, the services were conducted by a Lutheran pastor. His Civil War record is good, he volunteered and fought through the entire war, in the quartermaster department. His rank was Lieutenant, or 2nd Lieutenant. He leaves his heart partner; the wife of his youth, and old age with whom he celebrated their Golden wedding in 1917.

This is the first death in the family. He had not had good health in several years. There are three sons, and two daughters surviving him, besides a number of grandchildren. The children are as follows: G. H. Hinton, of

A. Hinton, of Knightsdale, Mrs. T. F. Huffman, of Gibsonville, and Mrs. W. R. Boone, of Justice, N. C.

He was an honorable man, and had the respect and admiration of his neighbors. Now that he is gone his virtues will shine more resplendent. His sons and grand sons need never recall his memory with regret and would do well to follow in his foot steps.

HEALTH DEPARTMENT.

Information Concerning The Health of the People of Franklin County, Worth Your Attention.

By DR. J. E. MALONE, Health Officer.

The Quarantine Law was not made to especially protect the sick person and that household as it is to protect the neighborhood. Some people have a false idea along this line, they feel or seem to feel that it is a punishment aimed at them, when it is intended for the greatest good to the greatest numbers of people. If the first suspicion of whooping cough in a family was reported at once and quarantined it would end right there, see how much trouble, expense, suffering and death might be done away with. The life of a quarantine officer is not always a smooth and pleasant one. I have had a woman to hold a hatchet in my face and tell me if I drove another tack in that quarantine paper on her house she would split my face open. A man came out of his house with a double barrel gun and told me if I didn't get out of his yard, he would blow my head off. A boss at a saw mill with forty rough hands (men) told me that these hands wouldn't allow me to quarantine three men all broken out with small pox, with a little patience and explanation, I went ahead and discharged my duty, we are all good friends again. A recent ruling of the State Board of Health makes it necessary for a person or household to at once report a contagion at or on the first suspicion, to their family physician and the physician, must at once fill out the report card and give or mail it to the Quarantine Officer. This officer records this in his quarantine book and sends the card on to Raleigh.

Now good people and good doctors, let us all be on guard, watch, act promptly and prevent the spread of disease. Your family physician has on hand a supply of report cards, he will place a quarantine paper on your house, give you all the instructions how to act in the premises and send the card to me. Some times out of the kindness of our hearts we hesitate and postpone, this won't do, let us all do our duty by accepting the health laws of our State and all will be well.

WHAT OTHERS SAY OF MRS. JOE PERSON'S REMEDY.

Oxford, N. C., March 3, 1917.
I have used Mrs. Joe Person's Remedy from thirty to thirty-five years in my family, and I know from actual test and experience it has no superior, and few if any, equals, as an appetizer, Tonic, Blood Purifier, and builder of the system. It has never failed in my family for anything for which I have used it. I know it will do what is claimed for it by the makers of it.

LIVE EDUCATIONAL NOTES

Concerning the Public School System of Franklin County.

By E. L. BEST, Superintendent

1. Once upon a time William A. McKiever said, "About the only thing of permanent value which you can give your children is an education. Put enough into their stomachs to keep them healthy and growing, enough on their backs to keep them comely and respectable in appearance; and then, invest the major part of your income in their brains."

2. The Centerville School on Friday raised \$5.00 on the Armenian campaign relief.

3. The following repairs have recently been made at White Level: New door steps and new window shades for all the rooms.

4. During the past week the Maple ville school has ordered 44 new single desks.

5. The following is taken from the Progressive Farmer: "Teachers, committeemen and patrons in all school districts should make note of the following opportunities and take advantage of them:

(a) If the patrons and friends of any school district will raise \$500 or more (they should raise \$10.00 if possible) for the purchase of beautiful pictures from a selected list, the State department of Agriculture will give to the district \$5.00 for the same purpose.
(b) If a teacher will enroll five or more pupils in any kind of agricultural club work, the State Department of Agriculture will give to the boy or girl making the best record of any pupil in the school, an excellent book, the book to be selected by the pupils from a carefully prepared list.
(c) If a school will raise \$5.00 or more for a school fair, it will receive \$5.00 from the State Department of Agriculture for the same purpose."

6. A section meeting of the National Education Association was held in Chicago in February. This is one of the most important annual school gatherings in America. President F. S. Love, of the Louisburg College, was the only person from Franklin County that attended this meeting. In a letter to me concerning this meeting, President Love expresses himself as follows: "Some things are too big to be described but must be felt to be appreciated—such was the meeting of the National Educational Association in Chicago."

There were more than seven thousand delegates and hundreds of leaders of national reputation. The spirit was one of hard work and a definite desire to meet the problems of a new age.

Perhaps no question raised more earnest consideration than that of the New Democracy and the application of our schools to the same. This Democracy is a thing of more than politics, it is the principle that should permeate the every-day life of the school system in every county in every state in the Union.

It is easy to believe in the tremendous influence of the teachers of America in great social reforms; such as Child Labor, Prohibition, and Social Betterment. As we looked upon that great body of earnest workers, it was just as easy to realize, too, that the safety of Democracy is in their keeping, and to them is naturally committed the great questions of Obedience, order and patriotism.

These leaders of our school life do not hesitate to extend their program into every field. Such questions as, Government Activities as they affect the schools, and what the War should do for our methods in teaching, and to this there was given a whole forenoon of discussion, led by Superintendents from the great schools of America; The problems of Training Pupils in Citizenship; the Question of Health; Sex Education, Normal Work; Community Service; and Americanization. This will give some idea of the character of work and the problems facing the schools of today.

After following the work of this great assembly I would unhesitatingly say that there is in it vital things for every teacher in America, and every teacher should at once take steps to get the reports of this meeting, and in following them they would find in teaching a new joy, and in the results more than they dreamed could be

IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ill affecting people today can be traced back to kidney trouble.
The kidneys are the most important organs of the body. They are the filters, the purifiers, of your blood.
Kidney disease is usually indicated by weariness, sleeplessness, nervousness, depondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica, and lumbago.
All these derangements are nature's signals to warn you that the kidneys need help. For should the kidneys become diseased, the original imported GOLD MEDAL Haarlem Oil Capsules immediately. PERUNA A Wonderful Remedy

FOR EFFECTS OF GRIPPE
Read His Letter
"I have suffered for the last two winters with that terrible disease, LaGrippe. Having often heard of the great value of Peruna I decided to try it. I only used four bottles and I do not now have any bad effects from the Grippe as it has just about entirely disappeared, and my general health is good. I am satisfied that Peruna is a wonderful remedy, and I do most heartily endorse and recommend it for LaGrippe."

Mr. George E. Law, 13 1/2 North Franklin St., Brazil, Indiana, has a word of cheer for sufferers from LaGrippe and its results.
