Entered at the Post Office at Louisburg, N. C., as second class matter.

The date for the Town primary has not been given out yet.

Better be careful or you may be embarrassed if you promise support too soon.

Now is the time for the ladies to get in a good stroke in favor of town control of chickens.

The latest reports say Raleigh expects Col. Cox's regiment to arrive there Sunday and parade Monday.

The Agricultural department has secured forty-three tons of Nitrate of soda for the farmers of North Carolina.

Everybody can't be elected to a town office as there is not enough to go round; therefore it is up to the voter to select the ones that in his judgment will give the best and most economical government.

Discharged soldiers who have not received their \$60 bonus should send their name and present address together with their discharge certificate to the Zone Finance Officer, Lemon Building, Washington, D. C. The certificate of discharge will be returned with check.

Gulford and Buncombe Counties have been accredited with being the first counties in the State to recognize the services of the Soldiers by remitting their poll tax. Vance county slips in and claims the honor of being first in that the County Commissioners of that County took such action last fall. This is not sufficient upon which to base their claims, as

poll tax for all soldiers going to the border, and again in the summer of 1917 and again in 1918 ordered that the poll tax of all soldiers in service be remitted. Franklin is in the lead, unless better evidence is brought about.

**Most Unkind.**  
 Do you think I could borrow \$50 somewhere around here? asked Jibway.  
 You might, answered Doppel. What security can you offer?  
 My word of honor.  
 You misunderstand me. I mean what security can you offer that any body who knows you would be willing to accept?—Birmingham Age-Herald.

**LIVE EDUCATIONAL NOTES**

Concerning the Public School System of Franklin County.

By E. L. BEST, Superintendent

1. The reading circle examination will be given Saturday, March 22nd.  
 2. The following is a part of Miss Pauline Smith's report as Home Demonstration Agent: "In December I began a campaign among the school children for exterminating rats in their homes. Tooth brushes, soaps, powders and etc. which were sent me for premiums in the community fairs were left at each school as incentives to the children; in some cases one prize for a school, others a prize for each room and some schools the boys worked against the girls. Owing to so many breaks in the schools this term it has been impossible to get reports from all schools but according to what reports I could get, 1817 rats which lived on food and food-stuffs were killed."

3. The following comes from the Mapleville School: "A very pleasant and profitable hour was spent at the Mapleville school Friday night, March 7th. A short program was rendered by the pupils of the school, consisting of songs and recitations by the little folks and a series of "Living Pictures" mostly patriotic, presented by the intermediate and Higher Grades. Larger in the evening, refreshments were sold; a neat little sum was realized which will be used for improvements in and around the school building."

**SUNSHINE BROUGHT TO THIS MAN'S HOME**

Made His Wife Happy By Banishing Pain And Restoring Her To Health.

A woman fills the home over which she presides with happiness, radiating sunshine and brightening the lives of those dear to her when she is in good health, but when her physical state is poor it is different, as is the case of the wife of W. J. Mitchell, Eight St., West Durham, who says:  
 "For some time my wife has suffered from indigestion and rheumatism. She had no appetite; could not sleep and had to be careful of what she ate. I had about given up hope of health being restored when I heard of what this new medicine, Peplac, was doing, and now she is like a new woman. Before she had finished the first bottle she announced that she was feeling fine and she certainly looked better. Now her appetite has returned, indigestion is gone she no longer has those rheumatic pains. She can eat anything that she wants without fear of her food hurting her, and she sleeps soundly at night."  
 Peplac certainly does the work.  
 J. E. Hood and Son sell and recommend Peplac, in Kinston. Buy a bottle today it has helped others and will

Boxes in the windows, where we do not have a hotbed, will give us early plants, and they are not much trouble.

**EXCESSIVE ACIDITY**  
 is at the bottom of most digestive ills.

 MAKERS OF SCOTT'S EMULSION

written by a very small pupil in the Balance Rock School: "We have been reading and talking about the little suffering Armenian children; our teacher asked us if we would like to contribute a little for their benefit. Our total collection from the school was \$2.00 which we gave with pleasure. There are only 15 of us in school but were glad to do "this bit" for this good cause."

5. What have the Betterment Associations planned to work on this spring? Can you plan a school farm to increase your school finances next year? Does your school need a library or supplementary library? Ask your teacher how you can aid her in securing one of these. Does your school building or church need a new coat of paint? How many telephones in your community and what can you do to interest your people in this great convenience? Does your community have preaching once a week, if not why not? These are some of the problems that you might work on with great profit to your community.

**EVER SALIVATED BY CALOMEL! HORRIBLE!**

Calomel is quicksilver and acts like dynamite on your liver.  
 Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.  
 When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for cal-

omel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.  
 Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.  
 Money spent is money gone. Money invested in War Savings Stamps is working for you day and night.
