Entered at the Post Office at Louisburg, N. C., as second class matter.

Chief Justice, Whiff, of the United States Supreme Court has been selected to try the Kaiser.

It is reported from Washington that the oil and gas strikes would be decided this next month.

When we have returned to ask all the people of Franklin County attend to their duty and to buy War Savings Stamps. Who will have an opportunity to do so? The Government is now taking a Veteran's Savings Plan. It is a plan that will allow you to save for the future. It is a plan that will allow you to save for the future. It is a plan that will allow you to save for the future.

BANKS ORDERING HAND GRENADES

Over 175,000 Children in Fifth District Will Be Receiving Enemy Weapons During Summer Months.

Richmond, Va.—According to the latest available figures over five hundred banks in the Fifth Federal Reserve District have ordered supplies of hand grenade penny-savings banks that are to be used by the children for summer savings. The total number of hand grenade penny-savings banks ordered exceeds 175,000.

The plan of the War Savings Department and the War Loan Organization is to distribute these hand grenade penny-savings banks to the children of the Fifth Federal Reserve District. The plan is to distribute these hand grenade penny-savings banks to the children of the Fifth Federal Reserve District. The plan is to distribute these hand grenade penny-savings banks to the children of the Fifth Federal Reserve District.

The banks are made out of real hand grenades that were to have been used against the Hun. With percussion cap and high explosive removed, and slots cut to receive and take out coins, they are now doing service against the enemy, waste, as banks for savings.

School officials all over the district are enthusiastic about the plan, as they feel that it will not only keep alive but strengthen the Thrift ideas that already have been implanted in the minds of the children.

J. H. Binford, assistant superintendent of public schools here, has endorsed the scheme. In a recent letter expressing the hope that all the banks in the district would co-operate in getting supplies of the hand grenades as the school children are enthusiastic about securing them.

OBJECT IS TO MAKE PEOPLE PROSPEROUS

Government Much Interested in Series of War Savings Societies That Are Rapidly Being Organized.

Government officials at Washington are watching with no little interest the growth of a series of societies springing up all over the United States. They have already attained a membership that reaches well up into the millions.

Treasury department officials are particularly interested in this movement, and it is fostered by that department. As soon as a society is formed the names of the president, secretary and each individual member are placed in the treasury department archives.

These societies are War Savings Societies, and the motive of each society is Thrift. The government, in favoring these organizations, has not only in view the replenishing of the United States treasury through the sale of Thrift and War Savings Stamps, but the big idea is to cause each individual member to learn the value to himself of being thrifty.

The government is not seeking to divert capital from legitimate commercial enterprises. It does not want to tie up vast sums. It is the person who has never saved systematically that it is the most anxious to reach. This person can put aside the small amounts that he has been accustomed to spend, and this, drawing four per cent compound interest, will in an incredibly short time grow into a large enough sum to make the first payment on a home, or to provide a sum with which one may make a permanent investment.

"Nothing is Small" said Napoleon after the battle of Jena. In days of emergency insure against emergency. Buy financial safety with War Savings Stamps.

Director of Savings

W. H. HUNT, Editor

In appreciation of their voluntarily undertaken work, Director Braddock has written a letter to each worker of commendation, which reads in part: "Thrift is primarily the people's concern. If thrift is to become a permanent national asset, the people's agencies and organizations must definitely assume their share of responsibility for inculcating thrift by including it in their program for action. Schools, churches, business and labor organizations, fraternal societies and women's organizations, as well as agricultural workers and agencies, are already undertaking this work and are in close co-operation with the treasury department."

According to Mr. Braddock's letter plans for the creation of savings facilities in the home are outlined as follows:

1. Habit of saving first some part of income for future needs and of spending wisely for present needs.
2. Home betterment fund, to be used, for example, running water in the house.
3. Savings plan for every boy and girl.
4. Savings fund in government securities for every family.
5. Keeping of accounts to promote wise spending and to increase savings.
6. Safe investment of savings (Nos. 1, 3, 4) in government securities until money is needed; War Savings Stamps as a desirable investment.

EASY TO SAVE

By the same token that the best way to have anything is do it yourself, the best way to get ahead in the world is save regularly and invest wisely. Your children may be buying Thrift Stamps but the nickels and dimes and quarters they are able to save won't buy a new automobile or a home or a cultivator. The money to do that will not be saved unless you save it.

It's easy enough to save if you do it the W. S. S. way. Quarters planted in Thrift Stamps grow into War Savings Stamps and the interest makes them grow like rain does a summer flower. Save for that happy opportunity if you're not in a War Savings Society—get in one. Be with the crowd.

Did You Ever Say:

"IF I HAD THE MONEY"

Then consider **REGULAR SAVING**—be moderate about it—it gives you the power of

SELECTIVE BUYING, which saves you still more money, besides getting you just what you want and provides funds for

SECURE INVESTMENTS, which pile up money without help from you while you're getting some more.

It's **BUNE** and it's **EASY**. Is anything better than that?

Start NOW with **WAR SAVINGS STAMPS**.

They bear interest. You nearest post office or bank has them.
