Camp for Franklin County Club Girls August 25-29th.

The camp for club girls will be held near Justice, August 25-29. The first meal served will be Monday night, and the last meal dinner Friday. Among the chaperones will be Misses Ernestine Hayes, Florine Boone, Mabel Duke and Lena Gill. They are all lively girls themselves who know how to give others a jolly time. The course will include basketry, singing, personal hygiene and home nursing. All lessons will be given in the mornings, leaving the afternoons and nights open for recreation. The instructors will be Misses Wiggs and High and Rev. T. D. Collins and Rev. John H. Ryan.

Do not forget the Farmers' and Farm Women's Convention, August 27-29. I am very anxious that every woman in the rural clubs attend. The trip will help you. It is a fine opportunity for a vacation at a little cost and a vacation full of educational features. The association with other women of the state will give you new ideas for your home and inspiration to do more for the improvement of your community. A splendid program has been arranged. An interesting feature will be the conference period each morning at which time women representing different clubs in the state will tell how their community improved the country church, the school, their own homes, how they educated their children on small means and other things which relate to solving the problems that confront the farm women. UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop using dangerous drug before it salivates you! It's horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

A TIP FROM UNCLE SAM

To His Nieces and Nephews: "Beware of the man who offers you something 'just as good' for your Government securities."

College Educations are Made Possible By Government Plan

Director of War Loan Organization of This District is Anxious to Explain Method to All Who are Interested and He Invites Requests for Information.

Perhaps in no other thing is Uncle Sam more interested than in the future of America in the citizens of tomorrow—the children of today—and he consequently realizes the tremendous importance of inculcating in the minds of the children the principles of thrift and enkindling in their hearts a desire to improve their condition in life. With these things in view the government is suggesting ways whereby a higher education may be had by many boys and girls who otherwise would never receive the benefits of a college course.

"In the 2,000,000 homes in Maryland, the District of Columbia, Virginia, West Virginia, North Carolina and South Carolina," said Albert S. Johnstone, director of the War Loan Organization, Richmond, Va., "there are perhaps 1,000,000 boys and girls, 12 to 15 years old, who are looking forward to entering college—some day. Their parents realize, if the boys and girls do not, that this 'some day' will come very, very soon. It is not merely a question of money. Enkindled ambition, steadily adhered to by both the child and his parents, is necessary. Otherwise the money will probably not be accumulated in time, nor appreciation of the value of a college education be so developed in the minds of the boy and girl that they will stick to their purpose to get it regardless of the obstacles in their path."

"There is a method—provided by the United States Government—by which this money can be accumulated gradually and be ready when it is needed. Meanwhile it will be absolutely safe, will draw a splendid rate of interest and be exempt from all state, county, and city taxes, both as to principal and interest, except estate or inheritance taxes. Moreover, the process of getting this money ahead is so simple, so direct, that all the members of the family may share in it, though no one can get it except the one to whom it belongs."

Mr. Johnstone says he would like to tell every interested parent, boy, or girl more about it. He asks simply that you fill out the coupon below, clip it out, and mail to him at the address given on it. He promises a prompt reply.

FILL OUT AND MAIL THIS COUPON

Mr. Albert S. Johnstone, Director, War Loan Organization, Richmond, Virginia.

Dear Sir:

I have read of the method, provided by the United States Government, by which the accumulation of money in advance to secure a college education is being encouraged. I would like to know more about it. Please write me fully.

WAR SAVING STAMP VALUABLE SECURITY

There are eight points of excellence that are possessed by War Savings Stamps which are especially appealing and which are not combined in any other security now to be obtained in any market. War Savings Stamp workers would do well to get these eight points and to see that their advantages are not lost sight of.

- (1) Every War Savings Stamp is a direct promise to pay on the part of the strongest government in the world.
- (2) It bears interest at the rate of 4 per cent compounded quarterly if held until maturity.
- (3) The amount of money required for the investment is so small that every person can own at least one interest bearing security.
- (4) It is readily obtainable. Any post office, almost any bank and any other agency will supply them.
- (5) It is always in season and may be purchased at any time.
- (6) Its principal is always maintained with an accrual of interest.
- (7) It is the most liquid of all securities, readily converted into cash on short notice and is redeemable upon maturity at convenient places.
- (8) Its interest is received immediately at the time of purchase, instead of periodically during the life of the securities.

ARE YOU CIVILIZED?

"The difference between the civilized man and the savage is thrift. Keep expenditures always below income; save something," said Andrew Carnegie.

How far are you civilized? Do you simply live in today, as does the savage, or are you preparing for the necessities of tomorrow? Will you be ready to take advantage of future opportunities? Will you be able to own your own home, to travel, to change your position or enlarge your business? Are you confident of what old age will bring, and what opportunities you will be able to give to your children?

In other words—**ARE YOU SAVING?** You can do it. Join the great movement for a Thrifty America. Make a start with your odd quarters today. Thrift Stamps may pave the way to a happy, comfortable and more civilized tomorrow. Are you traveling this smooth road or is yours an un-paved one? Choose between the two.
