In large cities scrub women are receiving \$3 and \$4 a day. Ministers and college professors receive nearly as much.

If, as we are told, "the wages of sin is death," it is a long time overtaking some of the hardened old reprobates of this world.

If the wage increase continues, business men will soon be throwing up the sponge and looking for fat jobs.

The man who exaggerates can never understand why he is doubted when he speaks the truth.

McAdoo says he has not been employed by the striking miners to defend them against the government.

Tuesday reports show that official Washington expects the coal strike to soon end. Let it be hoped so.

Six negroes sentenced to die on the first day of trial of race disturbances at Helena, Ark., is quite a record.

News from Washington City is to the effect that William G. McAdoo will be the Democratic candidate for President.

North Carolina's Governor has joined in the Aviation sport—taking a ride from Raleigh to Wake Forest Monday with Lieut. Maynard.

The appointment of Hon. E. Y. Webb as Federal Judge in the Western N. C. District was held up by Senator Norris, republican, Monday. The appointment was made with a unanimous vote Wednesday.

Judge Guion allowed Mrs. W. A. Graham an annual allowance of \$1,500.00 until the merits of the case can be heard by the jury. Looks like there is at least something to the lady's side of the question.

### WILL THE INFLUENZA RETURN?

Public Health Authorities Predict Its Recurrence.

Guard Against it by Building Up the Blood.

Pepto-Mangan Creates Rich Red Blood and Increases Strength.

Surgeon General Blue, of the United States Public Health Service, in a recent statement from Washington, warns the public that the much-dreaded influenza epidemic will probably return this fall and winter. All medical authorities agree that the weak, bloodless, rundown individual is more likely to contract this (as well as any other infectious disease) than is the strong, robust, red-blooded man or woman. In view of these facts, it is wise to use every effort to build up the blood and thus increase the bodily resistance to the invasion of the germs of the disease. Gude's Pepto-Mangan is an absolutely dependable red-blood builder in all conditions of lowered vitality not due to serious disease of the vital organs. It improves the appetite, imparts color to the cheeks, and creates new hope and ambition in those who have become pale, weak, and listless. Physicians recommend Gude's Pepto-Mangan. When you order, be sure the word "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists.—Adv.

This is a very important matter for our District and to our Government, and I will thank all who are interested, to write me for applications at once. These applications should have been in by November 1st, but under the circumstances, the time had to be extended. It is the duty of the good citizens of this District, to-wit: Wake, Chatham, Vance, Johnson, Franklin and Nash Counties, to assist in this matter, and I earnestly request that you have an efficient man apply from your precinct.
