**Head Off The Rush.**  
Anarchists, bolshevists, agitators and seafarers generally in Europe are preparing for a grand rush to the United States as soon as the war time restrictions on immigration are lifted. Pickings on the other side are slim and anything but juicy, and the outlook over here seems bright and enticing to the hungry horde of Reds.

America to them is a land flowing with milk and honey, and they would gorge themselves to repletion.

But the government should keep up the bars and head off the rush of undesirable, and those who have already found lodgment here should be sent back to the shores from whence they came.

We have room in this country for all who would come with the sincere intention of becoming good citizens and living in amity and in accordance with the laws of this government.

But there is no room and no welcome for the agitator and the destroyer.

The cost is so little. The benefits so great. You, too, will be a Diapepsin enthusiast afterwards.

Good judgment, energy and perseverance are the secret of what many people call luck. Opportunity finds those who seek it.
