

IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filters, the purifiers, of your blood.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately.

The soothing, healing oil stimulates the kidneys, relieves inflammations and destroys the germs which have caused it. Do not wait until tomorrow. Go to your drugist today and insist on GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three times. Money refunded if they do not help you.

DOUBLE-BEAUTY OF YOUR HAIR

"Danderine" creates mass
of thick, gleamy waves

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy and full of life. Just get any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the "Danderine" and draw this through your hair, taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous and so easy to do up. All dust, dirt and excessive oil is removed.

Let Danderine put more life, color, vigor, and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair and help your hair to grow long, thick, strong and beautiful.

Present conditions indicate that industrial chaos is headed our way, and the fellow who can't get from under may go under.

Laugh, and the world laugh with you. Weep, and it kicks you out.

AND THE GOAT PAYS.

When the president appointed price fixing committees in various sections of the country it was assumed that these committees would take some definite action toward checking the rampant profiteering which is ravaging the nation.

But apparently it has had about as much effect as a puff of wind in the teeth of a gale.

Here is a sample. In Chicago they have a price fixing committee, and a sub-committee on coal. On that sub-committee are nine members—three operators, three wholesalers and three retailers—all people who SELL COAL, and are naturally interested in squeezing the consumer to the limit of squeezability.

Whether or not this farcical condition is typical of the country as a whole, we do not know. But even a wooden Indian would have more brains than to expect relief from a committee composed of the very interests that have been doing the boosting.

The country expected much from the price fixing machinery.

It has received many glowing promises, and is waiting for fulfillment. But waiting is a virtue—when necessity makes it such.

And the consumer is so virtuous from long waiting that he is in prime condition for another royal plucking.

In time, no doubts, we goats will learn to expect nothing and receive less than we expect.

It is a great life—for all but the goats.

When your husband gets peeved let him alone. He expects to be coddled.
