GEORGE N. BISSETTE, Trustee.

Difficulty Ended. Why my dear, said Mr. DeStyle. I'm glad to see you so composed. When I left this morning you were weeping and wailing and tearing your hair because Fido was sick.

Well, you see, explained Mrs. DeStyle after you left Mrs. Tiptop came in and told me that dogs of Fido's breed were going out of fashion. So I dried my tears and kicked him out.

FRANKLIN COUNTY SCHOOL COLUMN

Items of Interest to Teachers, School Committeemen, Betterment Associations and People Interested in Public Schools of Franklin County.

Edward L. Best, Superintendent

1. The professional growth of the teachers in the Bunn Group Center did not stop with the group meetings that were held in the fall. These teachers have continued the work of the reading circle although the assignments for the five meetings were all that were required. They have already prepared two written assignments and one more will be given to them before the close of their schools.

2. Superintendent W. R. Mills reports the following list of teachers as finishing the reading work for this school year: Mrs. J. L. Price, Ione Richardson, Mary B. Dement, Rebecca Hollingsworth, Ruby Harris, Clara Long, Jasmine Barnes, Lillie Harper, Lillie Mae Aycock, Esther Ward, Lenora Hipp, Mrs. A. B. Inscow, Mrs. W. E. Uzzell, Zelma Holland, Agnes Hunt, Beulah Stallings, Grace Harris, Lucile Cheek.

3. Some of the schools have failed to make any report to the Attendance Officer, concerning the unexcused absences. The Attendance Officer has no other way to know of your attendance except by your reports. If all the children between the ages of 5 and 14 are in school there is no reason for you to report to him. Neither is it necessary to report those children that you have excused. All the teachers should know that they have the authority to excuse for the following reason and no other: a. Sickness of the child or in his home. b. Bad weather. c. Distance from school and etc. If the child has to remain at home to work the teacher has no authority to pass on this excuse as that is a matter entirely with the Attendance Officer.

4. The following splendid articles comes from Supt. W. R. Mills of the Louisburg Graded School: "In Franklin County there are a large number of boys and girls getting ready to stand the Seventh Grade Examination, and graduate from the elementary school. To these and their parents comes the question of whether it will pay to continue their education in high school. There are so many reasons why a boy or girl should go through high school that it will be impossible here to mention more than three or four:

1. The education of the elementary school is so limited and the pupil is so immature and the teacher is of ten untrained and inexperienced. If no further school training is had, the boy or girl goes out poorly equipped to grapple with the difficult problems of everyday life. In a democratic society there is pressing need for a trained citizenship and the high school education is the minimum that we should offer to our boys and girls before thrusting them into the current of life.

2. The high school are from 13 to 18. It is the time in the life of most individuals which fashion the "set" of their characters and ideals. The high school course of study furnishes an acquaintance with the several fields of learning and enables the boy or girl to find out what he or she likes. The world is full of men and women who are misfits all their lives, and this is largely because they never had the opportunity to find themselves. The high school will largely remove this handicap.

3. If a boy or girl desires to go into any profession, the high school education is the minimum preparation on which to build. Time was when any one could by a little private study at home become a professional man, but that time is gone forever.

4. A high school education, followed by a college course seems to be none too much now to enable one to measure up to the demands of the times. Again, a high school education furnishes a fine social training for boys and girls in adolescent period. By nature we are all individualistic and prone to want to have our own way in spite of the opinion of our fellows. There is no finer place in which to get rid of some of these objectionable qualities than in the high school. A sort of give-and-take life is fostered there. Hardly any boy or girl can go through a high school and not be trained to surrender many individual likes and desires to the common good of the group. This is good training for citizenship.

5. At the present are we prepared in Franklin County to take care of the seventh grade graduates that we will have this spring? All the boys and girls of Harris, Hayesville, Sandy Creek and Gold Mine Townships will either have to leave their communities to enter a high school or allow their education to end in the elementary school. This condition also exists in portions of the other townships. There are no townships or localities in the county in which this deplorable condition cannot be remedied. I have suggested plans by which each of these boys and girls may be placed either in riding or walking distance of an efficient high school. I will be glad to present these plans to any community or group of communities and promise the hearty and financial cooperation of the County Board of Education. These plans cannot be carried out without your consent sympathy and financial backing. The cause is worth any sacrifice that you can make. If you are interested let me know and I will be glad to meet with you at any place, night or day. Let us get together and plan for a county school system that will furnish all of our boys and girls the kind of educational opportunity that they deserve, a strong, efficient elementary and high school.

6. The Cedar Rock Community won the prize in the county singing contest.
